## FINGER LAKES MUSIC FESTIVAL

The Finger Lakes Music Festival  
sponsored by the New York Fed-  
eration of Music Clubs, Inc., will  
bring to Geneva on Friday, May 22,  
not only singers from all parts of the  
area but hundreds of music lovers  
from the lakes region and scores  
from a radius of 100 miles.

It will permit Genevans to hear  
music leaders from this region and  
to share for an evening the thrill of  
effort and enthusiasm that for weeks  
has filled the hearts of all connected  
with the Festival.

That the Geneva High School  
auditorium will be filled to capacity  
seems inevitable with so nominal an  
admission charge to a choral and  
orchestral feast.

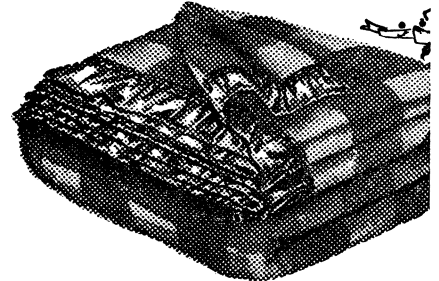

Taking part in the Festival are  
members of these federated groups:  
The Geneva Community Chorus,  
the Civic Orchestra, the Finger  
Lakes Philharmonic Society, the Ge-  
neva Woman's Club Chorus, the  
Hall-Seneca Community Chorus,  
the Seneca Falls Chorus and the  
Penn Yan Choral Society. Each club  
will present a number conducted by  
its own director and both choruses  
and orchestras will be heard in two  
massed numbers to be directed by  
Bert Rogers Lyon of Ithaca Col-  
lege.

Among the celebrities who will be  
here for the Festival are Mrs. John  
McClure Chase and Mrs. Etta Ham-  
ilton Morris of New York City,  
president and past president, respec-  
tively, of the Federation of Music  
Clubs. Both are outstandingly well  
known for their work in this and  
other states. Genevans will hear as  
leading soloist Margaret Swetnam  
Raney of Auburn.

Responsible for the Festival ar-  
rangements is a large committee

headed by Grace Wynne Tapley as  
chairman, director of the Finger  
Lakes Region for the State Federa-  
tion.

—o—  
People will talk about the weather  
because they want to be sociable  
without saying anything.

On Wednesday, at 9:15 A. M., 10:15 A. M., and 6 P. M., Transatlantic broadcasts of the Queen Mary's maiden voyage from Southampton will be rebroadcast over the Columbia system. On May 24, NBC's Sunday morning Children's Hour will observe its twelfth anniversary on the air. It is NBC's second oldest program on the air; Harry Horlick and his Gypsies are the oldest, having been continuously on the kilocycles since March 3, 1924. The veteran announcer, Milton J. Cross, was in charge of the Children's Hour when it was launched and still is.

Captain Tim Healy thinks he is lucky to be alive. Once he held down the ticklish job of spy hunter in the

British Military Intelligence. It was a six year job. Once a bursting shell buried him 14 feet under loose earth in a trench he was occupying and he had to be dug out. Another time he was doing observation work in a balloon and an enemy airman set fire to the bag. Thanks to a parachute, he landed safely. He was wounded ten times.

Ramona, Paul Whiteman's "leading lady of the keyboard and song", will be starred in a CBS summer series of "Tea Time Tunes" with Jack Shilkret's Orchestra and the Three Jesters. #### Isle of Capri Lovely

The Isle of Capri, rocky island off the coast of Italy, is four square miles of rock. Ancient Capreae was the favorite residence of the Roman emperors, Augustus and Tiberius. Here fruit and olive trees grow in abundance, with vineyards, and flowers comprising about 800 species.

#### Invented the Lancers Dance

The dance called the lancers was probably invented about 1819, either by Joseph Hart, who published the following year, Les Lanciers, or by Duval of Dublin, who also at this time published a set. The lancers was first danced in London in 1850, but had been introduced in Paris by Laborde in 1836.

#### Snakes May Scatter Eggs

Snakes disturbed during incubation of their eggs frequently scatter them, and they shrivel and die. It is known, however, that there is a temperature increase of two or three degrees during the 11-week incubation period, which is also a fasting period for the brooding python.

#### Location of Camelot

In the Arthurian legends Camelot was the city where King Arthur's palace with the Round Table was located. Tennyson, in "The Coming of Arthur," describes the city and mentions it in others of the "Idylls of the King" and in "The Lady of Shalott." It is also referred to by Shakespeare in "King Lear." The site of Camelot has been much in dispute; Shakespeare supposed it to be in Somersetshire; Tennyson and Capell located it at

or near Winchester, and Caxton placed it in Wales. The monks of Glastonbury were chiefly responsible for the Somerset theory, which they maintained for the purpose of attracting pilgrims.

During the past week Geneva Chamber of Commerce representatives have placed a large number of Geneva "Arrow Signs" along all roads for a number of miles around Geneva.

Motorists using any one of several different detour routes this summer, while the Canandaigua turnpike is under construction, will thus be well directed toward Geneva.

A number of interesting clues have been unearthed during the past week in regard to the lost "Missing Links."

If YOU have any information mail it to THE GENEVA COMMUNITY NEWS, attention "Missing Links" Editor.

Cash rewards are being offered and sooner or later someone will surely get on the right trail and be made happy.

Before long, we believe, something definite will develop, so continue to watch THE GENEVA COMMUNITY NEWS, for further information, as it will be published as soon as available.

Mr. Merchant: In advertising, just the same as in everything else, you get what you pay for. If someone offers you something and claims it costs less than a competitor's product, or that the competitor is "soaking" you for the same thing, you can figure out for yourself that there is something wrong with the product of the salesman making such claims, or with the salesman himself.

## DO YOU KNOW?

Sponsored by the Medical Society  
of the State of New York

The average life of a horse is 15 years, of a mule, 18.

Do you have the "blues"? The brain, like the body, becomes tired. Be a child once in a while, be natural, don't expect too much from life, or that everything will come out just as you planned. A good, fair average usefulness should be enough for everyone.

"When the average person reaches the age of forty, a change takes place in his eyes; a dislike to do near work, a late afternoon or early morning headache, a tendency to hold small objects farther away, and occasionally blurred vision," said Dr. Arthur J. Bedell at the 130th annual meeting of the Medical Society of the State of New York, held at the Waldorf-Astoria recently. "Correctly fitted glasses permit close application with clear sight and without discomfort. The testing for glasses is a highly technical art and the one prescribing lenses must also be competent to render an opinion on the general health of the patient."

"A complete examination," added Dr. Bedell, "includes the study of the background of the eye, the stage upon which many of the tragedies of life are enacted. It is now possible to make a photograph record which is of extreme value for by it the past, the present and the future ocular health can be told."

"If a patient has to change his glasses frequently, it is an indication of either a constitutional or local eye disease and calls for a searching investigation."

Dr. Bedell said that widely heralded special forms of glasses have an extremely limited range of usefulness. "Telescopic lenses," he added, "and contact glasses are for rare conditions and will never take the place of properly fitted spectacles."

Tobacco smoking dulls the taste for sugar and salt, according to experiments made by Drs. John E.

Rauth and James J. Sinnott at the Catholic University of America.

### Lord Horder Said:

The human brain is the best machine of all.

### No Fear of Air Bombers

The United States navy is well protected against air bombers. Its anti-aircraft guns can lay a withering barrage around an enemy plane — flying at any height — as their shells, fired at the rate of one every four seconds from each gun, explode in the air and endanger any kind of aircraft within 268,000,000 cubic feet.—*Collier's Weekly*.

## Y. M. C. A. NEWS

All older boys interested in a Canoe Club should register at the "Y" at once. Plans are being made to not only teach canoeing in its various phases but also to take week end trips. Several expert canoeists have already agreed to give their time and instruction. Horace Hubbs is promoting the club. Boys who are interested can see him or call at the "Y".

Hi-Y Dates: Wednesday, May 27, will be cake night. Mr. L. P. Flanigan will speak. The subject will be "Spuey Long." June 10, the closing banquet. Mothers of club members have charge of the dinner. Boys from Syracuse Hi-Y Council are coming to install new officers and the Candle-Light Ceremony will be used.

Mr. H. B. Graves, chairman of the "Old Timers" Committee for the 50th Anniversary celebration is sending out letters this week to all members of the committee regarding the possibility of organizing a half-century and a quarter-century club. The plan is to have a dinner in the early Fall at which details will be submitted and other important matters discussed.

Friday, May 22, the new Board of Directors, including the five new men elected last week to fill vacancies, will meet to elect officers. The five men recently elected are: (for two years)—H. E. Bartlett, Vernon Alexander, A. R. Page; (for one year)—C. R. Bradley, Robert Witter.

After one has become a celebrity, never again does one have freedom.

### A Doubtful Start

"I trust that we shall get along very nicely, Ada," said Mrs. Brown to the maid she had just engaged; "for I am not at all difficult to please."

"No, ma'am," replied the maid, "that's what I thought as soon as ever I saw your husband."

### Not Single Long

June—You promised not to mention it to a single soul.

Alice—I only told my fiance and he won't be single but two days more.—*Detroit News.*

### Page Mr. Ripley

Son—Ma, what's the idea of making me sleep on the mantel piece every night?

Mother—Hush, Junior! You have to sleep there only two weeks more and then your picture will be in Believe It or Not."

### Why Not?

A class in natural history was reciting. The teacher asked, "Where is the home of the swallow?"

A long silence, and then a hand waved.

"You may answer, Robert."

"The home of the swallow," declared Robert, "is in the stummick."

We have COMPLETE EQUIPMENT for cleaning out your Motor and Radiator on either Car, Truck, or Bus.

We have been rendering this Special Service to the public for years and have yet to receive our first complaint.

During our past experience we have tried every type of chemical for loosening the lime, etc., in Motors and Radiators, but have discovered one SPECIAL TYPE that does remove it entirely and safely . . . all other brands being of little real value.

Don't let inexperienced and poorly equipped service stations "experiment" on YOUR car . . . let us clean your Motor and Radiator the way experience has taught us is best.

## GLEANINGS

(From collection of quotations  
compiled by M. F. Devaney)

"What others do, so can you, if  
you so will, and willing do."

"The man who has survived hard  
times has only gravity to worry  
about."

"In a crisis, talk."

"The evil men do lives after them;  
the good is often interred with their  
bones."

"An emotion, when it becomes too  
intense, usually cracks up after it  
reaches a climax."

"Lincoln was willing to give six  
points if he could gain the seventh."

"It's a venial sin to kid the other  
fellow and a mortal sin to kid your-  
self."

"Life is just one big layer cake —  
a layer of sunshine and storm and a  
layer of gloom and a layer of joy;  
you've got to take it as it comes."

"Music is the only language in  
which one cannot say a mean or sar-  
castic thing."

"Life is brief — a little hope, a  
little dream, and then goodnight."

(To be continued)

Laziness may be a disease; per-  
haps diligence can be, too.

Chains of some kind are hung on  
everyone.

## "How cash helped us"

"We were putting off a visit to the dentist  
because we already owed him a large  
bill. Then our next door neighbor told us how you lend  
cash to single and married people—on their own signatures—  
so we came to your office. We got enough to pay the old bill  
and have new work done, too. Now we repay a small amount  
each month." Why not use this quick, private way to get the  
cash you need? Telephone or see us personally NOW.

## THIS AND THAT

Because of the Saturday holiday this week all Geneva stores will remain open Friday evening until nine o'clock.

Those who failed to attend the Finger Lakes Music Festival in the High School Auditorium last Friday evening missed a real musical treat. Great credit is due the New York Federation of Music Clubs, sponsors of the Festival, and especially Grace Wynne Tapley, regional director of the State Federation, for bringing such an event to Geneva.

During the past week the old landmark at 108 Castle St., occupied for a number of years by E. E. McGuigan, plumber, has been torn down. About June 15 Fohl Motors, Inc., will have the property in shape for a used car sales field and also for Saturday night public parking.

Mr. Merchant: Are you interested in saving money on your advertising budget? THE GENEVA COMMUNITY NEWS can help you. Phone 2108.

Readers: Will you kindly mention THE GENEVA COMMUNITY NEWS when making purchases from our advertisers?

Mr. Harry E. Svensen, of Buffalo, has taken up his residence in Geneva and is acting in the capacity of Manager of the new tire department at Marshall Motors.

### NEW AWARDS FOR "COUNTING THE STARS"

Starting this week a new plan for awarding prizes, in connection with our feature, "Counting the Stars", is being put into effect.

Read carefully the new offer made on page 4 and the new rules governing the contest.

We would especially call attention to the fact that merchandise is being offered from ANY ADVERTISER in this week's issue — not just those in the Business Directory section. The stars, however, continue to appear only in the ads in that section.

Winners of theatre tickets, among our last week's readers, are as follows:

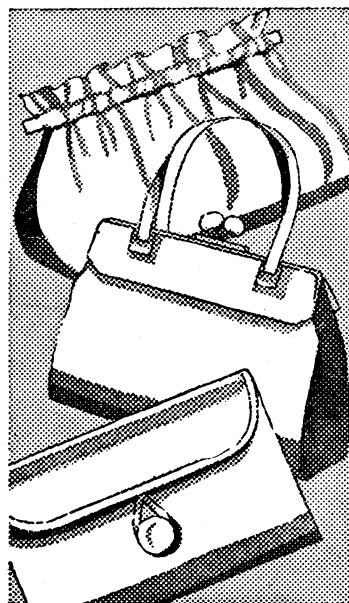

Marjorie F. Shefler, 310 Washington St.

Mrs. J. J. Long, Jr., 112 Lyceum St.  
J. Murphy, 81 Madison St.

Mrs. Edw. Talbert, 37 Clark St.,

Warren R. Newton, 65 Genesee St.  
Mrs. Wm. Klopfer, 345 Washing-

ton St.  
Mrs. Ella Ward, 186 Pulteney St.

Make up a list of the firms in whose ads you find stars—(copying these ads just as they appear)—and mail to "Business Directory Editor", Geneva Community News, Geneva, N. An award of \$1.00 IN MERCHANDISE—(from any advertiser whose ad appears anywhere in this week's issue—(excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the first five nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give two tickets each to Schine's Regent Theatre.

On the bottom of your list write: "I prefer merchandise from ....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

## How Could He Know?

Mose became heir to a few hundred dollars and immediately went downtown to pay a grocery account of long standing, after which he strolled down the street about two blocks into the Jones grocery store and purchased a large supply of groceries, for which he paid cash.

The groceryman with whom he had the large account saw him, and a few days later stopped him and inquired:

"Mose, why did you buy a large bill of groceries from Mr. Jones after I have carried your account so long?"

Mose looked surprised and replied: "Ma goodness, Mr. Smith, I didn't know you sold groceries for cash."

Sixty-eight microphones, more than ever before used at a single event, will be employed by the Columbia Broadcasting System to cover the Republican National Convention which opens in Cleveland on Tuesday, June 9. These instruments will be connected by more than 7½ miles of wire to bring every important detail of the mammoth political gathering to the radio audience. Fifty-two microphones will be located on the floor of the convention hall, one being planted directly in front of each state and territorial delegation. From these the voting and discussion on the floor will be relayed not only to Columbia stations but also to those of the National Broadcasting Company and the Mutual Broadcasting System as well as to the public address system in the hall and the cameras of the newsreel photographers. Sixteen other microphones are to be used by CBS

They will include those on the speaker's stand, the speaker's platform, for use by a commentator, and in the master control booth nearby where four other announcers will take turns in describing various phases of the proceedings. Others also will be near the bandstand, in an emergency studio in the auditorium, in a studio at the Cleveland Hotel and in various committee rooms.

Captain Eddie Rickenbacker, World War flying ace and former auto racer will be in charge of broadcasting at the annual 500 mile Indianapolis racing classic on Memorial Day. Broadcasts will be made from the air and from a radio equipped racing car, as well as from

### DO YOU KNOW?

Sponsored by the Medical Society  
of the State of New York

**Long Island** duck raisers keep electric lights burning all night. Hens scratch longer, fatten quicker.

**Carbon dioxide**, usually considered merely as a waste product, has been found by Prof. Vandell Henderson of Yale to be essential, in small quantities, as a stimulus to circulation and respiration.

Said Dr. Iago Galdston in the course of the recent annual meeting of the Medical Society of the State of New York: "The doctor has been lampooned by the clown and the wit. He has been eulogized by the best of men. But it is a fact that dealing as he does with life and death, practicing an art wherein, as Hippocrates observed, 'Experience is fallacious and judgment difficult,' he needs the sustaining fellowship of his confreres, to teach and to learn, to compare notes and to match experiences, to hold common counsel on what concerns the profession and what affects mankind, and mostly so that the great honor and the great responsibilities of the physician be never lost sight of."

**Experiments** on rabbits and cats by Drs. L. B. Nice and H. L. Katz

of Ohio State University show that the specific gravity of blood is increased by excitement.

**Babies** need sunshine, providing vitamin D which assists the body to utilize calcium and phosphorous, especially needed in the development of bones and teeth.

**Less trouble** will be experienced getting children to go to bed when they should, if a few minutes' final notice is given so that they can come to a stopping place in whatever they are doing.

**Until** a child is six years of age, he needs to sleep during the day. In general this schedule is a good one: at 6 months, 16-18 hours; at 1 year, 14-16 hours; 2-5 years, 13-15 hours; 6-7 years, 12 hours; 8-10 years, 11 hours; 11-15 years, 10-12 hours.

### Paying for "Nothing"

"For every half-dozen shirts a man buys, he pays for a seventh one because of the diseases of cotton; for every sweet potato the housewife buys, she pays for two she doesn't get. One bean in every dozen, one apple in every seven, one peach in every eight, one bushel of potatoes in every twelve, and one bushel of wheat in every ten is destroyed by plant diseases," says E. P. Pirone, New York State college plant pathologist.

**Y. M. C. A. NOTES**

The new officers of the Y. M. C. A., elected last Friday at the regular meeting are: President, Charles A. Mitchell, Mgr. of the N. Y. Telephone Co.; Vice-President, H. E. Bartlett, Vice-Pres. of the Market Basket; Treasurer, J. R. Houston of the Geneva Permanent Loan Corporation; Secretary, A. J. McCann, Vice-Principal of Geneva High School. They took office at once and will carry on the splendid work of the association. At this meeting the Board of Directors expressed their appreciation to past President L. W. Gracey for his leadership during four most trying years.

There has been a demand for a Senior Canoe Club and a Girl's Canoe Club which the sponsors of the Junior Canoe Club at the Y. M. C. A. are taking under advisement. If enough interest is manifested, the "Y" will undertake to organize the two additional groups. Those interested should sign up at the Y. M. C. A. office.

President Charles A. Mitchell has asked Floyd Fitch, A. R. Page and H. N. Hubbs as a committee from the Board of Directors to make a trip of inspection to Camp Young, to bring definite recommendations to the next board meeting in view of the past floods and their damage.

The following boys passed the Junior Red Cross Life Saving Test under the leadership of Adolph Dittmar: Robert Moore, Arthur Edwards, Jack Muckle, Robert Lindsay, Loren Cole, Earl Brown, Wesley Derr.

### In a Geneva Studio

Photographer (to young man: It will make a much better picture if you put your hand on your father's shoulder.

The Father: It would be much more natural if he had his hand in my pocket.

### Lacked Capital

The first officer called a deck hand to him and said, "Go below and break up that crap-game." The sailor disappeared below and remained for the better part of an hour. Upon his return his superior officer demanded, "Did you succeed in breaking up that game?"

"Yes, sir," replied the gob.

"Well, what in thunder took you so long?"

"Well, sir," the sailor replied, "I had only two bits to start with!"

### Honest, Anyway

Jinks: Have you got your automobile paid for?

Binks: Practically. Three more payments and it will belong to the fellow that bought it from the chap I sold it to!

### Matrimony Au Gratis

Wife: "Free love, your honor, he ain't supported me for eight years."

"That's our club," said the Mexican. "We've got a new treasurer — the last was a swindler."

"So you sacked him?" asked the visitor.

"Well, replied the other, pointing to a tree, "no — we suspended him."

(From collection of quotations  
compiled by M. F. Devaney)

One celebrity said: "Any success I might have had is due to the fact that I sat down to my work each day and did it to the best of my ability and let the future take care of itself."

"'Right-of-way' too often means 'Right-to-get-hurt'."

"Knowledge cannot be gained from marks on paper. Many an uneducated man or woman can be a very wise man or woman who has gained knowledge from experience."

"Who can measure goodness? It's not always the largest tree that bears the finest fruit."

"What is it to be wise but to know how little can be known."

"The higher you go the more things can happen to you and generally do."

"Intelligence behind the word gives greater length to the sword."

## AMUSING

Very amusing are many of the clues or answers concerning "The Missing Links."

Some say it is a certain street, others are positive they have found the correct answer to the puzzle and name a number of merchants whose advertisements appeared in THE GENEVA COMMUNITY NEWS last Thursday; others say it is a pair of Cuff Links.

All wrong, every one of them, but wait, in the near future we are going to publish a good description of the chain and you will then have a pretty good idea of just the style and links that are missing, then it is going to be easy for every one and all will have an equal chance.

It is needless to say that you will then start looking for those "Missing Links" with a determination that will make every member of the household sit up and take notice and

## AMERICAN LEGION NEWS

National headquarters on May 3 reported the membership in the American Legion as being 806,331. This date was the close of the nationwide "Aerial Round-up" and planes bringing membership cards from posts throughout the country brought the membership up to over 52,000 more than the same period a year ago. It is expected memberships will reach over the million mark before the National Convention at Cleveland, Sept. 20 to 25.

This year's National Convention is expected to be the biggest and best yet. Registrations are already being made in large numbers daily. Some of the interesting features are the Great Lakes Exposition being held this summer in Cleveland in conjunction with the Legion sessions and that Drum Corps competitions will be held at the huge stadium and all parades pass thru the stadium. Registrants will secure tickets for seats in the stadium, allowing admissions to the spectacle "Drama of America", as well as to the Grand Ball and also to the Exposition and other attractions.

The Davis Cup tennis matches between teams representing the United States and Australia will be described on the Columbia network by Vincent Richards, former first ten player and Davis Cup contestant. Broadcasts have been scheduled for Saturday, May 30, at 2:30 P. M.; Sunday, May 31, at 3 P. M.; and Monday, June 1, at 1:30 P. M. and 3 P. M. Columbia's portable sound-proof announcer's booth is being transported from Forest Hills to the Germantown Cricket Club in Philadelphia in order that Richards can follow the contest play-by-play as the two nations play off their previous tie. The Australian team is now engaged in final practice at the Germantown courts, while at the Merion Cricket Club nearby, the American team also is going through strenuous workouts.

A concert program of lilting popular music, starring Abe Lyman's Orchestra heard over the NBC-WJZ network on Mondays, at 7:30 P. M., will star Bernice Claire as singer. The name of the new series is "Melo-diana".

"We could buy a brand new electric ice box for practically half at a special sale if we'd pay cash. But we didn't have cash.

Then a friend told us how you lend money to married and single people—on their own signatures—so we came to your office. We got enough to buy the refrigerator and are now repaying a small amount each month." Why not use this quick, private way to get the cash you need? Telephone or see us personally, NOW.

### LIBRARY NEWS

Have you seen the soap sculptures on display at the Geneva Free Library?

They are the work of three local artists and show quite a bit of talent. If you have done any work of this kind the librarian would be very glad to display it along with that of other artists.

Or perhaps you have not yet attempted this rather fascinating sort of work, but would like to do so. Lester Gaba's book, "On Soap Sculpture" tells you just how to go about it and may be procured at the library.

If you should care to direct your talents in other ways there are several books on artcraft in the library which offer many suggestions. Among these are "Popular Crafts for Boys", "Handicraft for Girls" and "Tin-can-craft" by E. Hamilton; "Leather Work" by C. G. Le-land; "Needlecraft" by E. A. Archer; "Crochet Book" by Elizabeth King and "Wood Carving as a Hobby" by H. W. Faulkner.

Velvet makes a gracious appearance for these delightful summer evenings. Do not eat when very tired, or when angry or frightened.

The odor of onions can be measured by a new distillation process invented by Hans Platenius of Cornell University. The system is based on the fact that the pungency of an onion depends on a sulphur containing oil in minute quantities. Platenius measures the amount of sulphur evaporated from a given lot of onions and has a measure of the strength of the onion's "breath."

Texas State Department of Health is warning citizens against the "Black Widow" spider. This insect has evil ways. The female kills and eats the male after mating. Strong in defense of the home, she will rush out and attack any object disturbing her web. Persons bitten by this spider develop acute pain, general muscle contraction, rigidity of the abdomen. These spiders are unknown in New York State.

Self-reliance in thought and action is more important in the training of children than obedience to

arbitrary commands. The child whose every wish is anticipated, who is never allowed either the fun or the pain of learning by grand adventure, will not be well equipped to go its way alone when the time comes that paths diverge.

The parents, and not the baby, should be spanked when the child indulges in tantrums, crying, whining, or thumb-sucking, said Professor Christine Heinig of the Child Development Institute of Columbia University, the other day. "When Johnny does not behave properly, that is a sign that something is wrong," Professor Heinig said. "If the parents can't find the root of the trouble, they should seek some one who can give them educational guidance."

## Y. M. C. A. NEWS

The Hi-Y and O. Q. joint picnic will be held Friday, June 19, at Kashong. There will be games, swimming, a picnic dinner and dancing. The hours have been set from 4 to 11.

In answer to questions regarding a new "Y" building in Geneva—it is doubtful if plans would include having any dormitories and surely no stores. It would be possible to take care of many social activities because adjoining the gymnasium there would be small club rooms and a well equipped kitchen, so that the boys clubs could have their dinners or a large banquet could be served in the gym.

Plans for the renovation of the present Y. M. C. A. building and preparation for the fall work are now going on under the direction of the house committee, Dr. H. N. Hubbs, chairman. In view of the fact that this is the 50th anniversary year the committee feels that some kind of a birthday celebration should be planned and therefore is looking toward improvements of some type which will not only make the work more efficient, but make the Geneva association a better example of what the Y. M. C. A. should be.

A beginners swimming class for all prospective campers is being formed at the Y. Both local and out-of-town boys may join. Classes will be held Wednesday afternoons at 4 for the next two weeks.

Regular swimming classes will continue for the next two weeks: Tuesday afternoon and evening and Friday. Afternoons are for younger boys and evenings for the older ones.

"I never heard of anything," answered the visitor.

"Didn't you? Every time Charles makes a bet he comes home and says there's something wrong with his system."

### No Honeymooner

A none-too-well-prepared applicant for a civil service appointment found the following question on his examination paper: "How near is the moon to the earth?"

He replied: "Not near enough to bother me in my work, if I get this job."

### Practically New

The nice lady smiled at the little girl who had been left in charge of the confectioner's shop.

"Don't you sometimes feel tempted to eat one of the cream buns, my dear?" she asked.

The little girl was quite shocked.

"Of course not. That would be stealing. I only taste them." — *London Opinion*.

Jeff: Everything comes to him who waits.

Hank: Yeah! That's how I got a ticket for "parking" today!

### No Accident

He was being medically examined preparatory to taking out an insurance policy.

"Ever had a serious illness?" asked the examiner.

"No," was the reply.

"Ever had an accident?"

"No."

"Never had a single accident in your life?"

"Never, except last spring when a bull tossed me over a fence."

"Well don't you call that an accident?"

"No, sir! He did it on purpose."

### A Business Lesson

"My boy," said the business man to his son, "there are two things that are vitally necessary if you are to succeed in business."

"What are they, dad?"

"Honesty and sagacity."

"What is honesty?"

"Always — no matter what happens, nor how adversely it may affect you — always keep your word once you have given it."

"And sagacity?"

"Never give it."

Happy medium is halfway between grouchiness and effusive vivacity.

## RADIO FLASHES

by Ralph Le Brun

Jane Froman, lovely young soprano of the screen and radio, will be guest of Ben Bernie and All the Lads during the broadcast of the American Can program on Tuesday, at 8 P. M., over NBC-WHAM. The program will originate in the new NBC studios in Hollywood where Jane is hard at work picture-making.

Fred Waring and his popular Pennsylvanians will continue their Tuesday evening broadcasts over the Columbia network throughout the summer and fall in accordance with a contract renewal for 26 weeks of effective Tuesday, June 30. On this date, however, the program will inaugurate a new time schedule. It will be heard from 8 to 8:30 P.M. instead of from 8:30 to 9 P.M.

Plans for an ultra-modern 640-foot antenna for station WJZ, the NZC-Blue network station at Bound Brook, N. J., have been approved by the Federal Communications Commission. An application to increase WJZ's power from 50,000 to 500,000 watts is now pending before the commission.

Clem McCarthy, noted NBC sports announcer, and Edwin C. Hill, radio commentator will broadcast the ringside description of the Joe Louis-Max Schmeling heavyweight fight over combined National Broadcasting Company networks, Thursday, June 18. The bout will go on the air from the Yankee Stadium, New York, at 9 P. M. under the sponsorship of Buick Motors.

### FULL DESCRIPTION APPEARS NEXT THURSDAY

Next week THE GENEVA COMMUNITY NEWS will publish clues that will assist you in finding "The Missing Links".

Don't miss next week's issue—far better to miss your dinner.

You have been looking for those "Links" for the past several weeks, so don't let someone else walk off with all the money now.

Remember all the different things you have thought of you would get if you had some extra money. Well, get busy, call in your friends or neighbors to help you, if you wish, but when you get the clues we believe you will agree that it is so easy you won't need any help. Find those "Links" yourself—keep the money to spend for yourself and thank no one except THE GENEVA COMMUNITY NEWS.

Again we say, don't fail to read next week's issue of THE NEWS carefully and then get busy.

### "White Desert" of New Mexico

Among the world's least known places is the great "white desert" of New Mexico, whose plant life is described in the *Journal of Ecology* by F. W. Emerson of New Mexico Normal university. It is an area of 250 square miles, covered with drifting crystals of snow-white gypsum. The gypsum crystals collect in dunes, so that the scene is like that of a vast extent of drifted snow. The radiation effect is blinding. In this almost moistureless waste the writer found 62 varieties of plants.

Persistent advertising, even in a small way, is surely a lot better than no advertising at all.

(Continued from page 11)

The Democratic National Convention which opens in Philadelphia, Tuesday, will be carried by the same networks of stations that carried the Republican conclave a week ago.

The broadcasting of special short-wave programs especially for American listeners is gaining abroad. English and German stations abound with such features, while countries such as France, Spain, Holland, and Italy set aside one or more periods a week for the convenience of listeners on this side of the Atlantic. The Paris station TPA is one of the latest to add such a service. Every night, at 7 P. M., it broadcasts news reports in English. EAQ, Madrid, has a special broadcast for American listeners every Tuesday and Saturday evenings, at 7. 2RO, Rome, has the popular "American Hour", at 6 P. M., every Monday, Wednesday and Friday. Holland transmits the special program for this hemisphere every night at 7; and on Wednesdays at the same hour broadcasts the "Happy Programs" from Eindhoven. Both programs are carried by PCJ.

When Lowell Thomas, NBC's news commentator, bought his Upstate New York estate for \$15,000 he had only \$15 in his pocket. This financial feat was performed by faith in himself. Knowing the amount needed, the author hustled around to publishers and collected ad-

vance royalties, committing them to unwritten books on the strength of his scenarios and other writings.

Of the many newspapermen to win distinction on the NBC airways, two, Goodman Ace, of Easy Aces, and Allen Prescott, The Wife Saver, were literally forced into broadcasting by orders of their managing editors. Ace was assigned to read the Sunday comics for his Kansas City paper and Prescott was made a newscaster by his paper. At the time, neither welcomed the assignment but today both are grateful to their M. E.'s for having been instrumental in remolding their careers.

## VISIT ROSELAND

The ever popular Roseland Park, amusement center of the Finger Lakes, gets under full swing for its 1936 summer season on June 29. That date marks the beginning of ten weeks of Free Outdoor Vaudeville attractions—the best acts available.

New Midway attractions have also been installed and the most popular of last season's attractions retained, so that of the midway it can be truly said: "Bigger and better than ever."

The attractive outdoor ballroom has now been opened and there will be dancing every night until Labor Day, with music by excellent orchestras.

More free picnic space, fireplaces and parking space are also available. Without question Roseland is Western New York's ideal place for any picnic—large or small.

## WE'RE TOO MODEST

"You're too modest in your claims," recently advised one of our advertisers. "If other merchants knew of the results we have obtained by advertising in your paper, they would all be with you, 100%."

## Lip-Reading Not Difficult

Contrary to general opinion it is not difficult for the deaf to learn to interpret speech by the mouth movement and facial expression. According to the New York League for the Hard of Hearing there are only 15 movements of the speech organs. Children are the most apt and adept but many elderly persons have become expert lip-readers.

### "THE MISSING LINKS"

This week we offer some real clues as to the whereabouts of those "Missing Links", for which we have been offering rewards and about which we have been getting many "tips" during the past few weeks.

Our readers will, we are sure, have lots of fun during the next five weeks following the progress of this interesting case . . . to say nothing of the worth-while financial rewards.

Read carefully the instructions on page 8 and then look closely for the "Links" on pages 8 and 9.

### Unique Army Post

The only army post in the United States which is not named after some American army officer is Fort Kamehameha, which guards the entrance channel to Pearl Harbor, Hawaii.

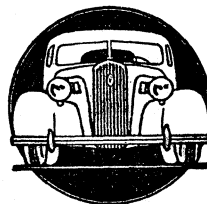

### The Sahara Desert

Geologists are not of the opinion that the Sahara desert was a former sunken sea, and the precise reason that it became a desert has not been determined fully. Some parts of the Sahara are below sea level, while the highest point is 8,800 feet. Many sections are 1,000 feet high.

## DO YOU KNOW?

Sponsored by the Medical Society  
of the State of New York

**Proof** that hay fever is caused by pollen was first offered in England so long ago as 1873.

**Hay** fever patients must co-operate with their physicians in conducting a systematic search for the guilty agent. Hay fever patients practically never have fever, and hay causes only a small proportion of the difficulty and is not at all an element in the fall months. The ailment is usually due to pollen, but not always.

**Thunderstorms** occur only once or twice a season on the Pacific Coast.

**Unsafe** water supplies near camping sites may be rendered suitable for use by chlorination. Seek the advice of the nearest health officer.

**Pain** or signs of impaired health is not a symptom in the early stages of cancer, except the type which affects the bones. Painless lumps, persistent ulceration, cracks, warts and moles should receive attention if they grow larger, and this is also the case with small sores on the tongue, lip or cheek which refuse to heal.

Shakespeare is not a psychoanalyst. George Moore and Thomas Hardy are not psychoanalysts, but I venture to say that their understanding may be better than our knowledge.

## Shadows

Every shadow has its light, every night has its morning, every pang of pain has its thrill of pleasure, every salt tear has its crystal beauty, every weakness has its element of strength, every loss has its gain. So all through life these balancings run.

## The Cactus Buck

A cactus buck is a steer of the deer family. His name originates in a popular superstition that his plight is the result of inadvertent contact, in fawnhood, with some of the bristling growth of the southwestern ranges.

**RADIO FLASHES**

(Continued from page 7)

Jim and Marian Jordan, were first heard by a coast-to-coast audience, April 16, 1935. They scored an immediate hit and have risen steadily in fame and favor until the decision was made to bring their humor to a new and enlarged listening group.

Tim Ryan and Irene Noblette, popular comedy team of stage, screen and radio, will be headliners of a new series of summer variety programs that will occupy Jack Benny's spot when the comedian goes on his vacation. The new series, which will also feature Morton Bowe, tenor, an orchestra under the direction of Don Voorhees, and Don Wilson, Benny's jovial sports-announcing stooge, as master-of-ceremonies, will get under way over an NBC-WHAM network on Sunday, at 6:00 P. M.

"Ma and Pa," and their artistic niece, Penelope, make their first appearance over CBS in a series of dramatic sketches with the coast of Maine as its locale. Parker Fennelly and Effie Palmer in the title role, and Ruth Russell as Penelope, on Sunday, at 6 P. M.

Acting will be added to the microphone accomplishments of Frank Crumit and Julia Sanderson, one of radio's most popular melody teams, when they take over Phil Baker's spot along with the Seven G's and Hal Kemp's Orchestra over the Columbia network, Sundays, at 6:30 P. M. starting Sunday. A special feature of the summer programs will be burlesque song dramas, satirical black-outs kidding the lyrics of some of our more popular tunes.

### Fool With Flashlight

Burglar: "What are you laughing at?"

Householder: "That you come at night without a light to look for money where I can't find any in broad daylight."

### Might Have Been Right

Young Doctor: "I'm afraid I made a mistake in filling in a death certificate today."

Old Doctor: "How was that?"

Young Doctor: "I absent-mindedly signed my name in the space left for 'cause of death'."

### Betwixt

Visitor: And how old are you, Bobbie?

Bobbie: I'm just at the awkward age.

Visitor: Really? And what do you call the awkward age?

Bobbie (bitterly): I'm too old to cry an' too young to swear.

Motorist: These chickens in the road cause a lot of accidents.

Farmer: But not as many as the chickens beside the driver.

Teacher: We should never be discouraged too easily. Look at Napoleon. He would stop for no obstacle, he refused to be turned aside by anything, but kept on relentlessly to his destination. And what do you think he became?

Pupil: A truck driver.

### Heroic Measures

"Bill had a bad cold and he was undecided as to whether he should stuff or starve it."

"What did he finally do?"

"Flooded it."

### Dangerous Dan M'crobe

A bunch of germs were hitting it up  
In the bronchial saloon;

Two bugs in the edge of the larynx  
Were jazzing a ragtime tune.

Back in the teeth, in a solo game,

Sat dangerous Ack-Kerchoo;

And watching his pulse was his light  
of love,

The lady who's known as Flu.

Lawyer: "Now, sir, did you, or did you not, on the date in question, or at any other time previously or subsequently, say or even intimate to the defendant or anyone else, whether friend or mere acquaintance, or, in fact, a stranger, that the statement imputed to you, whether just or unjust, and denied by the plain-

## GLEANINGS

(From collection of quotations compiled by M. F. Devaney)

"Idle money makes idle men."

"When the fight begins with himself a man's done something."

"I came upon this life too late and thus my life's accursed. I find that what I wish to say Shakespeare said it first."

"Philosophy is being able to tell why you're happy even tho you're poor."

"A man can do wonders with himself, but he must be careful what he tries to do to others."

"Make them think they're needed."

"All the animals except man know that the main idea in life is to enjoy it."

"When in doubt, tell the truth."

"No good friend has yet been found who'll carry your burdens if you lie down."

"Don't worry if they talk about you — it's the tree with the best fruits at which the sticks and stones are thrown."

### VALUE vs. PRICE

Don't try to buy a thing too cheap  
From those with things to sell;  
Because the goods you'll have to keep,  
And time will always tell.

The price you paid you'll soon forget,  
The goods you get will stay;  
The price you will not long regret,  
The quality you may.

They ought to cut this "price" word out  
Of dictionaries red,  
Make value what men talk about,  
Not just the price instead.

In inks or books, in metals or woods,  
Remember this advice:  
Don't let the price control the goods,  
But goods control the price.

### First Drinking Cups in Europe

The first drinking cups of Europe were the horns of animals, richly ornamented. Sipping, however, was considered unmanlike. Etiquette called for draining the flagon in a single draught even though it contained a quart of strong wine.

### Let Us Bray

The husband and wife had quarrelled.

As they drove along the country road a mule suddenly brayed.

"One of your relatives?" asked the husband.

"By marriage," was the reply.

### LIBRARY NOTES

A great many new books, including both fiction and non-fiction, have recently been added to the Geneva Free Library. There is quite an assortment—enough to satisfy all sorts of tastes.

Some of the new fiction includes:

"South Riding" by Winifred Holtby  
 "Winchester House" by Anne Green  
 "Mother of the Bride" by Alice Grant Rosman  
 "San Felice" by Vincent Sheean  
 "Sleeping Death" by G. D. H. and Margaret Cole  
 "Beyond Sing the Woods" by Trygve Gulbrandsen

The new non-fiction include books on all subjects—travel, biography, science and contemporary affairs—and here are just a few of them:

"Away to Cape Breton" by Gordon Brinley  
 "The Spell of Tyrol" by W. D. MacCracken  
 "Inside Europe" by John Gunther  
 "Camper's Handbook" by Dillon Wallace  
 "This Flying Game" by H. H. Arnold  
 "Practical Everyday Chemistry" by Harry Bennett  
 "Hitler" by Konrad Heiden  
 "How to Draw Cartoons Successfully" by Carl Anderson

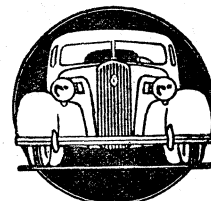

"Through the Telescope" by E. A. Fath

These are only a few of the many interesting books which may be obtained at the Library. And remember—it is YOUR library, maintained to be of service to YOU.

—O—

In age one prefers no events to exciting ones.

## NOT MANY Used Cars

... but a very fast moving stock — constantly changing. And this, because we CONSCIENTIOUSLY RECONDITION THEM, at once, and then PRICE THEM RIGHT.

If we do not have what you want we will not try to sell you something you do not want but will list your requirements — "It won't be long" before we get it.

## READ THE CONDITIONS

This feature will appear every Thursday for a period of FIVE WEEKS. Read each advertisement carefully and find the words that are missing. They are the "MISSING LINKS" that are necessary to form the complete chain in the ads found in this section. Each Thursday a number of words will be missing from the different advertisements. Cash prizes will be paid for complete lists showing the words that are missing and from whose ads they have been omitted. It will be necessary to READ EVERY AD in order to be sure of finding ALL the missing words or "links".

The first prize will be given for the first nearest correct list received; second prize for the next nearest, and so on. Lists will be opened in the order received. MAIL YOUR LIST to "The Missing Links Editor", care Geneva Community News, any time after 9 a. m., Friday, July 24 (but not before that time) and all answers must be in by Tuesday, July 28.

Make up your list each week and you will have a big start when the last issue appears; otherwise someone else may beat you to it. Use a separate sheet of paper each week, with the proper date at the top and your name and address at the bottom. Answers received in any other form will not be considered. Pin all sheets together and enclose in a sealed envelope.

This contest is open to the entire public excepting associates of the Geneva Community News. Post office box numbers and General Delivery addresses will not be considered.

## RADIO FLASHES

by Ralph Le Brun

Freeman F. Gosden (Amos, of Amos 'n Andy) is making arrangements to convert the entire sum he received from the federal government as a soldier's bonus into a fund to provide for the education of four Negro youths. Gosden, who served as a wireless operator in the navy during the World War, has designated the editor of the *Chicago Defender*, Negro newspaper, to select the four students who will be aided in their education. As yet unchosen, they will be selected from the ranks of the students at Tuscaloosa and Hampton Institutes.

Marion Davies will perform for the first time on the Radio Theatre program, to be heard over the Columbia network Monday, at 8 P. M., in a radio adaptation of Maude Fulton's famous play, "The Brat". Joel McCrea will play opposite her.

Concluding events in the two-day competition between America's best track, field and swimming stars, to determine the teams which will represent this country at the Olympic games this summer, will be broadcast on the Columbia network Sunday, at 1 P. M., 3 P. M., and probably 4 P. M.

Five leading Hollywood stars will make their postponed appearance on the "Hollywood Hotel" program in an hour's broadcast over the Columbia network, Friday, at 8 P. M. The famous quintet, will enact scenes from their new musical picture, "Sing, Baby, Sing". They are Adolphe Menjou, Alice Faye, Patsy Kelly, Ted Healy, and Gregory Ratoff.

Fibber McGee (Jim Jordan) and his spouse, Molly (Marian Jordan), are now heard over the NBC-WEAF network with Ted Weems' orchestra each Monday, at 7 P. M.

### Tomorrow

Finish every day and be done with it. You have done what you could. Some blunders and absurdities no doubt crept in; forget them as soon as you can. Tomorrow is a new day; begin it well and serenely and with too high a spirit to be cumbered with your old nonsense. This day is all that is good and fair. It is too dear, with its hopes and invitations, to waste a moment on the yesterdays.

## Radio Service

**Gentlemen:** I have the finest line of Summer Haberdashery ever produced and assembled. Now is the time to buy it. Wear it through the summer months. **A. P. Petersen, 476 Exchange St., "Ladies' and gentlemen's tailoring."**

When spirits falter on a drowsy summer afternoon or a breathless evening, come to the rescue with frosty frozen tomato juice and tiny sandwiches, ingeniously contrived and artfully flavored.

At **McCarthy's Pharmacy, 162 Castle St.**, I found a splendid bargain—a large jar of **Yardley English Complexion Cream** and trial jars of **Night Cream** and **Foundation Cream** for \$1.10.

Paris chooses lace stockings for summer starlight and formal afternoons.

Telling time in the manner of today is telling "the correct time". That's why your watch or clock should be regulated to the very second. For expert service, **Prince's Jewelry Store, 20 Linden St.** . . . Remember **Prince's** for excellent picture framing.

Brightly colored, today's peasant-inspired clothes are gaining an increasingly large place in our modern wardrobe.

If you shampoo your own hair, after the usual water rinsing, use a special rinse to bring out the hidden highlights.

Printed taffeta tunic blouses are very popular.

Big sleeves, set high-on-the-shoulder, are new.

There is nothing that makes you look so uncomfortably hot in summer as a fussy dress—which puts a premium on simplicity of design for all occasions.

At the time of our going to press entries have not been closed, so that a complete list is not available. However, races will start at 1:30 p. m. each day and free programs will be available at the lake front on both days.

### Y. M. C. A. NOTES

#### Educational Tours

Friday, July 17, at 2 p. m. the  
boys will meet at the Y. M. C. A.  
for a trip through the Market Bas-  
ket Bakery.

Monday, July 20, they will leave  
the "Y" at 9:30 for a trip through  
the new Sewerage Disposal Plant.

Definite dates have not yet been  
arranged for visiting the many  
other places of interest.

#### Directors' Meeting

At a recent meeting of Directors,  
Chairman Dr. H. N. Hubbs of the  
House Committee and Mr. L. L.  
McGuigan, Chairman of the Fi-  
nance Committee, made their re-  
port to the Board with reference to  
redecorating, refurbishing and re-  
arranging the lobby floor, chang-  
ing the Business Men's Club from  
the basement to the floor above the  
office, repainting the swimming  
pool, fixing the shower room and  
other general repairs.

#### Camp Young

The fire at Camp Young leveled  
the hotel, leaving only the garage  
standing. What the future policy  
will be has not yet been determined.  
It will depend largely on what the  
State Flood Relief policy will be.

#### Older Girls' Swimming Class

A demand has been made for an  
older girls' swimming class twice  
a week. If enough are interested  
and will sign up at the Y. M. C. A.,  
the pool will be made available at  
the small sum of 10c per girl. They  
will furnish their own equipment.

### QUALITY CLEANING ONLY

Certainly there is a difference in clean-

## GENEVA FREE LIBRARY

The "Story Hour", which was held at the Geneva Free Library last Thursday morning, was attended by around sixty children.

Since the experiment has worked out well the "Story Hour" will be continued during the rest of the Summer and will be held at the same time—every Thursday, at 9:30 A. M. It is hoped that all children who came last Thursday will come again, and that those who did not come for the first Hour will come for the others.

Many new children's books have also recently been added to the Library; books for children of all ages. Here are a few of them:

"Scout to Explorer" by Paul Siple

"Gold Laced Coat" by H. F. Orton

"Billy and Blaze" by C. W. Anderson

"Seven Beads of Wampum" by Elizabeth Gale

"Year of Promise" by Adele De Leenro

## RADIO FLASHES

by Ralph Le Brun

When Cornelia Otis Skinner portrays her various characters on the air each week, do listeners visualize them the same way as Miss Skinner herself? Here's a way to make an interesting check-up. Miss Skinner has had herself photographed in costume as "Phyllis" the demure debutante in "Motoring in the 90's" heard on last Sunday's broadcast. Does this correspond with your own mental picture?

Scenes from the forthcoming screen production of "Anthony Adverse" will be re-enacted by Claude Rains, Olivia de Havilland, Steffi Duna, Donald Woods and Gail Sondergaard on the Hollywood Hotel program over the Columbia network on Friday, at 8 P. M.

The nation's school children will hear the NBC Music Appreciation Hour conducted by Walter Damrosch, at a new hour next fall, when the program inaugurates its ninth consecutive season of weekly broadcasts. Beginning on Friday, October 2, NBC-WHAM will carry the

programs from 2:00 to 3:00 P. M. As before, the Instructor's Manual and the Students Notebook will be available to schools and the general public at the cost of production and distribution. Anyone interested should get in touch with the National Broadcasting Co., 30 Rockefeller Center, New York.

A salute to WBT, Columbia's 50,000 watt transmitter in Charlotte, N. C., honoring its fifteenth anniversary of continuous broadcasting and the opening of its new studios, will be presented on the Columbia network, Thursday, at 8 P. M.

## READ THE CONDITIONS

This feature will appear every Thursday for a period of FIVE WEEKS. Read each advertisement carefully and find the words that are missing. They are the "MISSING LINKS" that are necessary to form the complete chain in the ads found in this section. Each Thursday a number of words will be missing from the different advertisements. Cash prizes will be paid for complete lists showing the words that are missing and from whose ads they have been omitted. It will be necessary to READ EVERY AD in order to be sure of finding ALL the missing words or "links".

The first prize will be given for the first nearest correct list received; second prize for the next nearest, and so on. Lists will be opened in the order received. MAIL YOUR LIST to "The Missing Links Editor", care Geneva Community News, any time after 9 a. m., Friday, July 24 (but not before that time) and all answers must be in by Tuesday, July 28.

Make up your list each week and you will have a big start when the last issue appears; otherwise someone else may beat you to it. Use a separate sheet of paper each week, with the proper date at the top and your name and address at the bottom. Answers received in any other form will not be considered. Pin all sheets together and enclose in a sealed envelope.

This contest is open to the entire public excepting associates of the Geneva Community News. Post office box numbers and General Delivery addresses will not be considered.

(From collection of quotations compiled by M. F. Devaney)

"Those who belittle public opinion do not fully appreciate it's power until they themselves become the target."

"He who has health has a very rare form of wealth."

"They too are great who keep on working and hoping after the victory seems lost."

"There's no good excuse for meanness."

"All men had something in them that would not die; something to attract other men's loyalty, or other men's intense hatred."

"God's gift to little people—freedom from worry."

"Do unto others as though you were the others."

"Joy, temperance and repose, slam the door in the doctor's nose."

"Sometimes, it seems, maybe there is some power that comes in to help you at the right time, if you think hard enough and wish hard enough. Some call it providence, some call it luck."

"Folks who get angry with you will still do business with you if you have what they want."

(Continued from page 7)

Ted Weems, who provides the music on the Fibber McGee and Molly broadcasts on NBC-WEAF, has been directing orchestras ever since he was a grammar school boy in Pittsburgh. At that time he persuaded his teacher that fire drills could be conducted more expeditiously if the children made their exit from the "burning building" to the strains of martial music. A band composed of classmates and led by Ted proved his point.

KDKA, the pioneer broadcasting station of the world, has applied to the Federal Radio Commission for permission to raise its power from 50,00 to 500,000 watts. WJZ has also applied for a 500,000 watt station. More high power stations certainly would be welcomed in this vicinity, high power being necessary to override fading and noise.

### Y. M. C. A. NOTES

#### Educational Tours

Arrangements have been made for a trip through the Shuron Optical factories on Thursday, July 23, leaving the "Y" at 2 p. m.

There were 42 boys who went through the Market Basket Bakery last week.

#### Swimming

The special beginner's swimming class for boys, which has been meeting Wednesday afternoons, has been unusually successful. Last week 18 boys completed their course. John Williams, in charge of the class, has given some of the more timid boys extra individual attention. Before the end of the Summer more than 200 boys will have learned to swim at the "Y", since the Easter vacation.

In response to last week's announcement regarding a Girls' Swimming Class not enough have signed to make the class worth while and nothing will be done until there are enough. The idea was to organize this group for the girls working in offices and stores in particular, rather than for girls who could go to the lake in the afternoon. Any who are interested please phone or stop in the "Y" office.

Special Summer rates on Membership are appealing to the men

in industry. After a hot day's work a 5 o'clock shower and a dip in the pool is very refreshing. The rate is \$1.00 per month.

### AMARANTH PICNIC SUPPER

Members of the Sixteenth District, Order of Amaranth, are invited to a picnic supper at the home of Mr. and Mrs. G. A. Carson, East Lake Road, Rushville, N. Y., on Saturday, July 25. Bring covered dish, rolls, dishes and silver.

### Ages and Ages

"Why," she said, "women have been famous for ages."

"Yes," he replied, "untold ages."

### QUALITY CLEANING ONLY

Certainly there is a difference in cleaning. In inferior work every process can be rushed through — some even omitted. Our production is planned for quality work only and the result shows it.

### CHRYSLER — PLYMOUTH Sales-Service

We will make our "Big Announcement" shortly. Watch for it, in this paper.

We have a large stock of "QUALITY" USED CARS, priced under \$100.00. Come in and look these cars over.

Due to rebuilding operations we have CUT THE PRICE on all Used Cars. These reductions last thru July only.

We have sold, for 1936, considerably more new cars than our quota, which leaves us with a very limited stock on hand for the balance of the year. Better see us for your new car now.

## Our Heart Beats

The heart beats differently in different individuals, the rate varying from 60 to 75 times a minute, but the average is nearer 70. No one has yet ascertained the distance through which the human tongue wags in the course of a day. As for breathing, the normal rate is 16 times a minute, and at each breath a man takes in only 30 cubic inches of air. Yet the fullest capacity of the lungs is no less than 250 cubic inches.

## READ THE CONDITIONS

This feature will appear every Thursday for a period of FIVE WEEKS. Read each advertisement carefully and find the words that are missing. They are the "MISSING LINKS" that are necessary to form the complete chain in the ads found in this section. Each Thursday a number of words will be missing from the different advertisements. Cash prizes will be paid for complete lists showing the words that are missing and from whose ads they have been omitted. It will be necessary to READ EVERY AD in order to be sure of finding ALL the missing words or "links".

The first prize will be given for the first nearest correct list received; second prize for the next nearest, and so on. Lists will be opened in the order received. MAIL YOUR LIST to "The Missing Links Editor", care Geneva Community News, any time after 9 a. m., Friday, July 24 (but not before that time) and all answers must be in by Tuesday, July 28.

Make up your list each week and you will have a big start when the last issue appears; otherwise someone else may beat you to it. Use a separate sheet of paper each week, with the proper date at the top and your name and address at the bottom. Answers received in any other form will not be considered. Pin all sheets together and enclose in a sealed envelope.

This contest is open to the entire public excepting associates of the Geneva Community News. Post office box numbers and General Delivery addresses will not be considered.

more sales than anything else in

It's Her Darlingest!

Lynch's now have a Comfortable filled with **pure silk**. Its name is "Drowsy" — warmer than wool . . . fluffier than wool. Covered with soft, lustrous faille taffeta, it's the tops for beauty and luxury, and very moderately priced. You'll want to see them. **Lynch's Bros., 485 Exchange St.**

There's nothing like a crisp new black dress to spice a drooping wardrobe. And they have all the snap and dash and newness of autumn; yet, you can wear them right now. Your first black dress will feature a full and swirling skirt, wide shoulders and bodice detail. Devotees of a straighter silhouette may have modified skirt fullness; the bodice may be fitted or tucked (quilted flower designs add detail); sleeves are as varied as personalities.

Knowing that you, also, will appreciate the superb quality of workmanship your time-pieces merit, I am pleased to recommend a very capable and expert jeweler — Mr. G. H. Prince, **Prince's Jewelry Store, 20 Linden St.** Prompt service and very reasonable prices . . . Excellent picture framing.

Bright flowers on black velvet is a new answer to the half-summer, half-autumn hat.

Dressing alike is fun — not only for twins or brothers and sisters, but also for mother and child.

Have you tried a pair of **Munsingwear Hosiery** which **Baker & Stark, Inc.** are offering? Three new summer shades have been added to their regular summer selection. Chiffon and service weight at 89c per pair.

Colorful beaded trimming is the newest trimming for dresses.

Flowers for trimming are more popular than ever, for dresses as well as hats. For instance, a single long-stemmed rose may be drawn through the belt of a black dress.

The nicest selection of Greeting Cards awaits you at **McCarthy's Pharmacy, 162 Castle St.** There's an appropriate card for each and every occasion . . . Birthday, Anniversary, Convalescent, Wedding and Congratulation Cards . . . Stock up on Films for the weekend!

One new head-dress for evening wear features a flock of butterflies — synthetic little creatures of blue feathers — atop a flippant visor of brown tulle.

The best made clothes in the country are selling at popular prices — \$25.00 to \$45.00. Ladies' Tailoring, also. **A. P. Petersen, 476 Exchange St.**

You can trust the French to think up new clothes for their new sport — bicycle riding. Grey flannel shorts and a silk blouse; brown linen knickers; beige suede shorts, a flannel jacket and colored shoes; white flannel knickers and a brown cashmere sweater; a white linen culotte, hand-sewed in navy blue.

### Start of Tipping

The custom of tipping is said to have originated in a coffee house in London. In this tavern there was a box into which patrons desiring special service put a certain amount of money. On the box were the words, "to insure prompt service." The initial letters of this phrase developed into the noun, tips.

### TOBACCO

"It's a poor day we don't learn something."

This week we noticed an interesting window display at the H. F. Fox store, 476 Exchange St.

This display consists of tobaccos from various parts of the world, as well as leaves, showing the sizes these grow in different countries.

It had never before occurred to us that there are so many different colors of tobacco, but with so many colors, sizes of leaves, etc., we decided there must be just as much difference in the taste of the tobacco.

From Frank Fox we learned that this is true—that there are many different flavors of tobacco and that most pipe smokers are very "fussy" about the "blends" they use, trying many different mixtures before finding the one most pleasing to them. Some smokers find a satisfying package mixture; others blending their own by mixing a few ounces of one tobacco, a few ounces of another, then another, etc.—possibly several kinds in all.

For those who "blend their own" Fox's keep written records so the smoker may be assured of always getting a uniform mixture.

As an example of how far smokers will go for their favorite blend Fox's have one customer in China to whom they send considerable quantities of "Fox's Special"—a blend of smoking tobacco well known to pipe smokers in this section.

Truly, "It's a poor day we don't learn something." And never before having given tobacco much thought we felt that from the window display referred to and our conversation with Frank we had learned something.

### John Bull Was a Musician

John Bull was a celebrated organist and composer. The date of his birth is not known. It probably occurred about 1562. He is known to have died in Antwerp on March 12 or 13, 1628. A certain "ayre" which is practically the same as that of the British national anthem is attributed to him.

Arthur Pryor,  
America's

and  
are being heard  
in  
a series  
of  
concerts  
on  
Wednesdays  
at  
7:30  
P.M.

Sports history as it is written at the Olympic games in Berlin, from the moment Reichsfuehrer Adolph Hitler declares the contests officially opened at the Reichsportsfeld, will be recorded from the scene in an extensive series of broadcasts. Short wave listeners will be able to tune in direct to the powerful German short wave stations which will be on the air almost continuously. Listeners on the regular wavelengths will find their favorite networks rebroadcasting most of the highlights of the games.

Columbia will start its Olympic schedule, at 11 A. M. on Saturday, when Hitler makes his address of welcome. At 11:30, Ted Husing, CBS sports announcer, and Bill Henry, sports editor of the *Los Angeles Times*, will describe the unfurling of the Olympic flag, the arrival of the Olympic Torch, borne by runners who carried it in relays from Greece. Thereafter Husing and Henry will give a play-by-play account of the events in which the

nations compete for athletic supremacy. Daily resume of the games will be broadcast over CBS, at 4 P. M. daily from a Berlin studio. Station WHAM is scheduled to rebroadcast the opening ceremonies starting about 11:45 A. M.

Albert Spalding, world famous violinist; Joan Bennett, motion picture actress, and Vera Van, blues singer, will be the headline attraction on Bing Crosby's Kraft Music Hall program over NBC-WEAF network on Thursday, at 9 P. M.

Mario Chamlee, tenor, and Rose Bampton, mezzo soprano, will be the featured guest attractions on the

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as possible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Announcement has been received regarding the Central New York Hi-Y Club Camp which will be held August 27 to September 3, at the Syracuse Y. M. C. A. Camp near the Thousand Islands. The plan is to have as many Hi-Y boys as possible attend.

### Camping

Due to flood and fire, Camp Young is temporarily incapacitated. This year there has been a greater demand for camping than ever before. Most of the Geneva boys have gone to Camp Cory, the Rochester Y. M. C. A. Camp, or to Camp Crone, the Cortland Y Camp. Many have gone to Scout Camp. There is hope that before another year, a definite camp policy will have been determined. This will depend largely upon flood control.

## LIBRARY NOTES

"This Library has one of the nicest collections of books on travel that I know of," said one of the borrowers at the Geneva Free Library recently.

A great many new books have been added, too, within the last month or so. Here are just a few in which you might be interested:

"Around the World in Eleven Years" by Patience, Richard and John Abbé

"Away to Cape Breton" by Gordon Brinley

"Seven League Boots" by Richard Halliburton

"England Speaks" by Philip Gibbs

"Listen for a Lonesome Drum" by Carl Carmer

"Report of the Company" by C. V. Talcott

Don't forget the children's "Story Hour" which is held at the Library every Thursday morning at 9:30. All children are invited—both little ones and big ones. The stories told include animal stories, fairy tales, Bible stories, stories of heroism and adventure, and all seem to be enjoyed by those who come each week.

## Y. M. C. A. NOTES

### "EASY MONEY"

Judging from the letters received and the remarks made by a number of the writers our new "Easy Money" contest is proving to be very popular.

Those who were successful in winning merchandise and theatre tickets by quickly and correctly sending in answers last week are as follows:

Merchandise awards to:

Elizabeth Flanagan, 65 Cherry St.  
Lottie E. Ellsworth, 16 Hoffman Ave.

Marion Clise, 27 Columbia Ave.

Mrs. H. F. Breuer, 11 Madison St.

J. Alan Leamy, 15 Goodelle Terrace

Theatre Ticket awards to:

Miss A. L. Nelson, 156 Cherry St.

F. W. Clarke, 68 Elm St.

Christine L. Kelleher, Empire Gas & Electric Co.

### THIS AND THAT

During the past few days tourists' cars from forty-four States, Cuba, Hawaii, and four Canadian Provinces, have been checked going through Geneva. Many of these tourists have, no doubt, been attracted to this section by the extensive Finger Lakes advertising that has been carried on during recent years. Many of these people would stop and spend a few days in Geneva if there were lake shore cabins or summer hotel accommodations here for them. That is what many of them make inquiry for.

Fohl Motors, Inc., make an interesting announcement on our front page this week. When completed, the improvements now being made in the Fohl Garage will add greatly to the appearance of both Genesee and Castle Streets.

Anyone who is interested in seeing what can be done in the way of eliminating dangerous old car tracks should drive through the Main St. of Newark. Or, in fact, the Streets of most any Village or City, outside of Geneva. We still slip and slide on them here.

Men! Interesting news in Casey's ad on page 12.

Watch for next week's GENEVA COMMUNITY NEWS containing interesting Sales' information.

Advertising is a salesman that cannot be turned down so hard nor kicked out so violently that it will not come back with a smile.

Conducted by BETTY BROWN

For every recipe sent in by our readers and used on this page, we will mail the sender one ticket to Schine's Geneva Theatre.

Send yours to "Betty Brown," in care of Geneva Community News, Box 146, Geneva, N. Y.

## Sweet Potatoes Southern Style

- 4 large sweet potatoes
- ½ cup brown sugar
- ½ cup butter
- 1 teaspoon salt
- ⅛ teaspoon cinnamon
- ½ cup water

Pare sweet potatoes and cut into finger-shaped pieces. Arrange in layers in a greased casserole, putting between each layer of potatoes, 2 tablespoons of brown sugar, 2 tablespoons butter, ¼ teaspoon salt and a dash of cinnamon. Add water, cover and bake in a slow oven, 300 degrees F. about 3 hours. Remove cover during last half hour of baking to crisp potatoes. This recipe yields 4 portions.

## Corn Shock Salad

A bed of shredded cabbage; a shock of asparagus tips held up with a ring of green pepper; and the "pumpkin" made from a hard boiled egg yolk with a green pepper stem and marked with the point of a knife. Season, serve with mayonnaise.

Mrs. A. F., Genesee St.

## Beet Relish

- 1 quart cooked and chopped beets
- 1 quart chopped raw cabbage
- 1 cup grated horseradish
- 1 cup granulated sugar
- 1 tablespoon salt
- ½ teaspoon black pepper.

Add only enough vinegar to moisten.

## Coffee Cookies

- 1 egg, well beaten
- 1 cup sugar
- 1 cup butter or other shortening
- ½ cup corn syrup
- 1 cup warm coffee
- 3 cups flour
- 1 cup raisins
- ½ teaspoon salt
- 1 teaspoon baking soda
- 1 teaspoon cinnamon

Sift flour, measure and sift again with salt, baking soda and cinnamon. Cream butter and sugar, add egg, syrup and coffee. Add dry ingredients and raisins. Mix thoroughly, pour in shallow well-oiled pan and bake in moderate oven (375°) until brown. Frost with powdered sugar icing while hot and cut in squares.

Mrs. J. D., Cortland St.

## Stuffed Apples

Select firm, tart apples, and core but do not pare. Fill centers with baked or cooked sausage, chopped fine. Into baking pan with apples, pour 1 cup water and ½ cup honey or brown sugar. Bake in hot oven, basting occasionally with syrup. When apples are tender but not mushy remove to serving dish.

Mrs. J. M., West St.

## Tree Emits Smoke

In Charleston, S. C., the residents are puzzled over the strange behavior of what they call a cigarette "tree." The buds of the terminal branches emit visible puffs of smoke at intervals, caused, so chemists say, because they contain some sort of a gaseous substance which breaks out when warmed by the sun.

## Autos Coast "Uphill" in Maine

Thousands of people have flocked to Maine to see that state's "trick road" near Wilton. On this road autos seemingly coast uphill. But state highway officials claim the apparent uphill coasting is only an optical illusion due to the slope of the surrounding country. The road is actually down grade.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as pos-

sible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

### Taking Ways

She took my hand with loving care.

She took my costly flowers so rare,  
She took my candy and my books,  
She took my eye with meaning looks,

She took all that I could buy,  
And then she took the other guy.

### Overlooked Himself

A disgruntled stockholder rose from his seat at a company meeting, and shook an angry finger at the Chairman.

"Sir," he said, fiercely, "I regard you as a scoundrel and the biggest rascal unhung."

The chairman looked at him scornfully. "Sir," he said, with dignity, "You forget yourself!"

### An Ideal Juror

Defendant's Attorney: "Have you formed an opinion in this case?"

Prospective Juror: "No, sir."

Attorney: "Are you prejudiced against capital punishment?"

P. J.: "No, sir; I'd like to push th' switch myself."

### Unwelcome Visitors

Brown: "Do many bill collectors come to your door?"

Blue: "Yeah, more than I care to admit."

### Restless

Sandy: "Since the baby came, I've been walking the floor nights."

Andy: "Why, your wife says the baby sleeps soundly."

Sandy: "Yes, he does, but with the doctor still unpaid I'm hanged if I can!"

### Wielding the Axiom

"Dat wasn't a bad epigram of de judge's," said Plodding Pete.

"What did he say?"

"Thoity days."

"Dat ain't no epigram, is it?"

"Sure it is. I asked a fellow what an epigram is, an' he says it's a short sentence dat sounds light, but gives you considerable to think about."

### An Accomplishment

"So Jim was the life of the party."

"Yeh. He was the only one who could talk louder than the radio."

## AIR SERVICE FOR GENEVA

Thanks to the efforts of Herbert H. Austin and a group of interested members of Winnek Post, American Legion, Geneva is to again have an airport.

Through the formation of the Geneva Aerial Service Corporation, of which Mr. Austin is Secretary and Roy W. Harman, of Rochester, President, the former Fordan field on Bean's Hill has again been made available for landing purposes.

The Fordan field is, without question, Geneva's most logical location for an airport.

A class for flying instruction is being formed and present plans are to have planes here each Thursday and Friday for this purpose.

Planes will also be available at all times to charter for passenger or express service to any part of the country.

A passenger plane will leave Geneva for Washington, D. C., on Saturday, August 22, on which reservations may now be made.

## FURS

In buying Furs it is always best to "buy where you can rely." Buy from a local dealer — someone you know — someone who will stand back of the garment — guarantee it and stand back of the guarantee. Local storage facilities, too, are always a point in favor of a local dealer. Geneva has reliable Fur dealers and adequate storage facilities. Buy in Geneva.

If you tell your secret why do you expect others not to?

### Odd Marriage Custom

Throughout the Orient, marriage has a religious as well as a social purpose. Consequently, among many peoples, particularly in India, the corpse of a person who has died before marriage has to go through a wedding ceremony with an effigy of the opposite sex before burial.—*Collier's Weekly*.

The pomp and pageantry which mark the end of the Eleventh Olympic Games of modern times will be brought to America in a broadcast over the Columbia network, on Sunday, from 12:35 to 1 P.M. In this finale, listeners will be present figuratively at the Lowering of the Olympic flag over the Berlin stadium and at the extinguishing of the Olympic torch. Finally, with the playing of trumpets and the mass singing of the Olympic hymn the games will end.

Marion Talley's 1600 acre wheat crop on her Kansas farm has been entirely destroyed by the drouth, the NBC singing star has been advised by the foremen who run the farm under her direction. Miss Talley, who is heard over the NBC-Red network each Friday, at 9 P.M., took the news philosophically. She is not discouraged by the loss, she says, but feels it is a great tragedy for her neighbors to whom farming is the sole livelihood.

## Mammy's Spoon Bread

- ¾ cup white cornmeal
- 1 teaspoon salt
- 1 cup boiling water
- 3 tablespoons shortening
- 2 eggs
- 2 teaspoons baking powder
- 1 cup milk

Combine cornmeal and salt in bowl. Add boiling water slowly, beating until smooth. Add shortening and stir into hot mixture until well blended. Combine eggs with baking powder and beat until thick and light, then add to first mixture. Pour in milk gradually, stirring thoroughly. Bake in greased 8-inch casserole in moderate oven (350 degrees F.) 40 to 50 minutes. This recipe yields 8 portions. Cut in wedges and serve with chicken fricassee or gravy.

## Yummy Cookies

- 2 eggs, well beaten
- 1½ cups flour
- 1 teaspoon vanilla
- 1 teaspoon baking powder, a little salt
- 1 egg white

- ½ cup chopped nut meats

Cream shortening, add white sugar and blend well. Add egg, then flour sifted with salt and baking powder. Mix well and spread in shallow greased pan about 9"x13". Beat egg

white until stiff, add brown sugar, continuing to beat, then lastly fold in nut meats. Spread on mixture in pan and bake in 375° oven for about 25 minutes. Cut into 2-inch squares.

Mrs. J. G., Hogarth Ave.

## Fruit Balls

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as pos-

sible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

over the Columbia network Tuesday, October 13. One of these is to be a series of broadcasts from several foreign countries each Thursday during the second half of the season. In these, soloists, choruses and choirs of Ireland, France, Spain, Italy, Germany, Holland, Sweden, Czechoslovakia, Austria, Scotland, and Denmark will bring the best in native folk music of those countries to American listeners in our schools. The other feature, to be presented during the Tuesday music periods, will embrace performances of compositions by famous historical figures, many to be heard in America for the first time.

### WOMEN DO MOST OF BUYING

Whether one is in a business that caters specifically to men or not, it would seem important that consideration be given to what will make the most effective appeal to women. If you think your field is one in which women's likes and dislikes do not count, consider the following results of a survey intended to discover women's

influence in different fields. The survey showed that women buy 49% of the hardware, 63% of men's neckware, 67% of the leather goods, 75% of the men's socks, 78% of the pianos, 80% of jewelry and of electrical apparatus, 81% of foodstuffs, 82% department store goods, 98% of silks. In fact, women are credited with being the preponderant influence in 87% of all retail buying.

### Canada's Highest Peak

The highest peak in the Canadian Rockies is Mt. Robson. Towering 12,972 feet above sea level, this "monarch of the Rockies" has been known by name since 1865, but who named it and when, and whom it commemorates are questions that have not been answered.

## DO YOU KNOW?

Accidents are more frequent during vacations than at other times. Even slight ones should receive instant attention. Be careful never to touch a wound with the fingers. Scratches and cuts should be washed gently with cotton dipped in alcohol, and painted with iodine when dry.

Strains and sprains call for cold wet compresses, and rest until the doctor comes to find if anything has been broken.

When a person faints, keep his head low and see that he gets plenty of fresh air. When he "comes to" give half a glass of water containing half a teaspoonful of aromatic spirits of ammonia.

A new idea in bathtubs is embossed waves on the floor, to prevent accidents caused by slipping.

There is too much tension in the lives of most people. No man does his best while in a hurry. We should relax more. But not, as William James warned, "concentrating too much on it."

First radio broadcast of a presidential message was December 6, 1923. President Coolidge's first message to Congress was placed on the air by means of stations connected with Washington by long distance telephone wires.

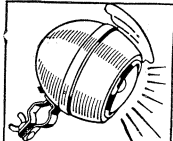

Decorating finger nails to increase feminine attractions dates back to 3000 B.C. Gold coverings for fingers and toes have been found in Egyptian mummies of princesses of that age.

**GENEVA TO HAVE****VETERANS' MEMORIAL**

After agitation and discussions which, we understand, have continued over a period of something like seventy years, it now appears that Geneva is really to have a fitting memorial erected to the memory of its Soldier and Sailor veterans of all wars.

Under the able chairmanship of Carrollton A. Roberts, plans have progressed to the point where the type of memorial has been decided upon and a model is being prepared. This model, it is expected, will be ready for public inspection in about two weeks.

It is hoped that the completed memorial, which it is planned to erect in Pulteney Park, may be ready for dedication on Armistice Day, November 11.

Mr. Roberts, who is Geneva's youngest War Veteran, and his committee are to be congratulated on reviving the War Memorial question and carrying on to a point where the matter will undoubtedly be brought to a successful conclusion.

The Memorial will be in the nature of a Shaft and will be erected on a platform of proportions sufficient for the conducting of any patriotic services.

## THE FUNNYBONE

### Diagnosis

Samuel F. B. Morse was an eminent painter before he invented telegraphy. He painted a scene showing a man in death-agony once, and asked a physician friend to examine it: "Well?" Morse inquired after the doctor had scrutinized the picture. "What's your opinion?"

The physician removed his spectacles, turned to Morse and commented: "Malaria!"

### Necessary Equipment

"My boy," said the business man to his son, "there are two things that are vitally necessary if you are to succeed in business."

"What are they, dad?"

"Honesty and sagacity."

"What is honesty?"

"Always — no matter what happens, nor how adversely it may affect you — always keep your word once you have given it."

"And sagacity?"

"Never give it."

### Safe Answer

In a certain school in the South the inspector was examining a class of boys. After he had put many questions he asked the following:

"What bird in Africa has wings and cannot fly?"

This seemed to puzzle the class, but after a long pause a little boy put up his hand and said: "Please, sir, a dead one."

### Close Enough

A Los Angeles car owner was having his eyes tested for a driver's license. Pointing to a chart on the wall, the examining officer asked the man to identify the things he saw.

"What is in the large circle in the center?" he asked.

"That is the figure 18," the man replied.

"Wrong," said the officer, "That is a picture of Mae West talking to Katherine Hepburn."

### And How

Mose: How fas' can you all go in dat new car?

Rastus: Ah could make two miles a minute 'ceptin' foh one thing.

Mose: Whut's dat, boy?

Rastus: Only jes' cause de distance is too long foh de shortness of de time.

Auto Salesman (desperately): But, madam, if you take this car we will put your initials on it free!

Mrs. Saver: But my husband says it's not the initial cost that counts, but the upkeep.

Every day you miss someone's business because someone did not know what you have to offer. Neglect of advertising means loss of business that might have been yours.

## BEAN'S HILL AGAIN BOOMING

Activities at Bean's Hill are fast  
assuming pre-depression propor-  
tions.

During the summer a completely  
stocked Food Store has been opened  
in connection with the Baumgartner  
Service Station.

With the Canandaigua end of the  
rebuilt Turnpike opened, and Ge-  
neva traffic being routed by way of  
Gorham and Bean's Hill, Clarke's  
Cabin Camp is again the scene of  
great activity every night.

The acquisition once more of the  
Fordon Field for flying purposes,  
with student classes Thursdays and  
Fridays, recall thoughts of the  
crowds that gathered there when the  
former airport was maintained.

The latest addition to the life of  
"The Hill" is the opening of a gen-  
eral garage and auto parts business  
by Harold H. Hammel, directly op-  
posite the flying field.

Mr. Hammel, a garage man of  
long experience, in addition to doing  
all kinds of auto repair work, auto  
electric work and both electric and  
acetylene welding, will handle a com-  
plete line of new and used auto parts  
and maintain a 24-hour towing ser-  
vice. (See ad, page 12.)

Pat O'Brien, Ross Alexander and Beverly Roberts will be starred in the broadcast version of the new film "China Clipper" during the "Hollywood Hotel" program on the Columbia network Friday, at 8 P.M. # "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as pos-

sible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

#### Figure This Out

Traffic Officer—Hey, you can't make a turn to the right.

Motorist—Why not, officer?

Traffic Officer—Well, a right turn is wrong here. If you want to turn right, turn left.

Willie: Home is where part of the family waits while the others are using the car.

#### What Have You Got?

What Do You Want?

#### Wouldn't Tell

"Willie, run across the street and see how old Miss Brown is this morning."

Five minutes later Willie returned: "Miss Brown says it's none of your business how old she is."

#### Some Pitcher

A young lady who had never seen a baseball game before attended one with her escort.

"Isn't that pitcher grand?" she said. "He hits their bats no matter how they hold them."

#### Strange Restriction

Sign at library: "Only low talk permitted here."

#### The Puzzling Sex

A woman's ways you can't define. Her meaning often she obscures. May wrote she never could be mine,

And signed it, "Very truly yours."

#### Glittering Illustration

"The clothes my tailor makes last for years. Look at that blue serge suit of mine. There's an example."

"Yes, a shining example."

He called to ask for the daughter's hand.

And all he got was the mother's tongue and the father's foot.

### New Engine Burns Anything

A new German Diesel engine runs  
on anything that will burn, including  
hard coal, soft coal, lignite, peat,  
coke, potato peelings, sawdust,  
leaves, wood residues, pine needles,  
hay, cotton hulls, corn and cereal  
stalks, soy beans, fruit peelings, palm  
seeds and residues of peanuts, olives,  
palm cocoanuts, according to the  
magazine *Power*. The engine has  
been in development for twenty years  
by Rudolph Pawlikowski.

A young man was out walking  
with his girl friend and he noticed  
tears coursing down her cheeks.  
"May I kiss away those tears?" he  
asked. The girl consented and he  
kissed her again and again, but he  
noticed the tears continued to fall.  
"What is the matter?" he asked.  
"Will nothing stop them?" "No,"  
the girl replied, "it's hay fever, but  
keep up the treatment." In develop-  
ing business with advertising there  
will be no success unless you keep  
up the treatment.

Interest in our "Easy Money"  
feature is increasing as the feature  
progresses.

Yes "Butterfly" — the delicious  
bread product of the Geneva Baking  
Co. — was the correct solution for  
last week.

A number of contestants pointed  
out that there was an "i" left out  
of the ad of "Anna's Beauty Shop."  
That was not intentional. Thanks for  
calling this to our attention.

We suggest you read the contest  
conditions carefully.

Specify, for merchandise, only  
merchants whose ads appear the  
week you send in a solution. One of  
the first solutions received last week  
specified "J. W. Smith's", but  
Smith's had no ad in last week's  
issue.

Other solutions were received un-  
signed and some others did not  
specify where merchandise was pre-  
ferred in case of winning.

## GLEANINGS

(From collection of quotations compiled by M. F. Devaney)

"The only advantage of being a bungler in life is that you may stumble on to something good."

"A friend is someone who will make us do what we can, when we are saying we can't."

"A man of words and not of deeds is like a garden full of weeds." — English Proverb.

"The worth while things in life we have to win."

"It's the little things that scare us."

"Be a hero for ten days and then go to work."

"If you keep at it and never give up you can do anything."

"Somebody is always doing what somebody else said couldn't be done."

"In history, as in nature, nothing happens in a day."

"No matter how homely the face it always looks better smiling."

(To be continued)

## Typical American Changes

Foreign observers note a marked change in the physical appearance of Americans within the last half century. Fifty years ago the tall lantern-jawed man typified Uncle Sam. Today, they say, the square-faced, stocky business man of the Babbitt type best typifies him.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as possible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

## LIBRARY NEWS

Instead of just reading lists of new books at the Geneva Free Library it might be more interesting to read a few words about some of the books which may be obtained there.

"Beyond Sing the Woods" by Trygve Gulbrandsen, a translation from the Norwegian, is a beautifully written novel which, ever since its publication a few months ago, has been on the "best-seller" lists. It is a chronicle of fifty years in a Norwegian family who live on their estate in a manner reminiscent of feudal times. Not only is it notable as an excellent piece of writing, but the story itself with its picturesque setting of the Norwegian forests and the strong characterization is an appealing one, especially to those who are fond of Sigrid Undset's books.

"Inside Europe" by John Gunther, is a personality study of the world's dictators, written by an outstanding American foreign correspondent. It gives us, therefore, an insight into the political and social movements now afoot in Europe. It

The American people spend close to \$1,000,000,000 a year on sports, "The Index" of the New York Trust company states in an article on sports as an industry. The estimated yearly cost of sporting and athletic goods aggregates \$500,000,000, country club dues and fees \$200,000,000, while the estimated 256,000,000 paid admissions for sporting events is at least \$125,000,000, the article says.

# HOSPITAL SERVICE NEWS

PUBLISHED BY COMMUNITY HOSPITAL ASSOCIATION OF GENEVA, INC.

## PREPARE FOR EMERGENCY BEFORE TIME OF NEED

### Hospital Association Plan Is Answer To A Problem That May Confront Anyone Without Warning

The Community Hospital Association of Geneva, Inc., is a local organization, formed as a community service by citizens of Geneva to offer a small payment plan for budgeting hospital expenses before the emergency of needing hospital care arises. Each subscriber is helping to create a central fund from which the money to pay for his hospital care can be drawn when his physician sends him to the hospital for treatment.

---

**The chance of needing hospital care is greater than the chance of affording its cost.**

---

To most of us the payment of a hospital bill is a real hardship. We have to break into our savings if we are so fortunate as to have money in the bank, or we have to go into debt. It would take most of us a long time to build up a savings account large enough to pay for 21 days of hospital care, but the plan of the Hospital Association offers to pay that amount immediately upon acceptance as a subscriber.

If you are a subscriber you can go to the hospital without worry about costs. If you are not, you are faced with the problem of raising funds to pay for this part of your sickness expenses.

---

**Prevent heavy burdens when sick by small payments when well.**

---

The choice is yours. Will you take care of this expense in small payments while you are well and can afford it, or will you wait too long and find yourself facing a large expense when you cannot afford it?

## HERE IS WHAT YOU GET

A total of 21 days hospital care in the Geneva General Hospital; including the following services:

Bed and board in a two-bed semi-private room, or a credit of \$4.50 per day on the cost of a single room.

General nursing care.

Laboratory examinations made by the hospital.

Operating room service.

Customary drugs and dressings.

All other routine services.

#### 5. *What is the difference between a group subscriber and an individual subscriber?*

Group subscribers are allowed to pay on a monthly basis of 70 cents while individual subscribers must pay semi-annually. The annual premium and the benefits received are the same.

#### 6. *Is there an enrollment fee?*

No, there are no charges except the subscription fee.

#### 7. *Is a medical examination necessary?*

No; but applicants must certify to their good health and that they have no ailments that may require hospital care.

#### 8. *Does the plan cover all illnesses and injuries?*

The benefits of the plan apply in all cases except those provided for under workmen's compensation; those not usually treated in general hospitals, such as tuberculosis, contagious and mental diseases; and maternity cases for the first ten months of membership, after which time the association pays \$2.75 per day on the total bill.

#### 9. *How do I make application?*

Application forms may be obtained from the office of the Association in the Geneva General Hospital. They will be mailed if requested. Phone 2816.

## OUT OF TOWN SERVICE

In cases of emergency, or when a subscriber lives outside of Geneva and desires to go to his local hospital, the Association will pay \$4.50 per day for his hospital care for a total of 21 days.

## What Others Have To Say About The Plan

"I recently found a trip to the hospital necessary and as a member of the Association, I was given most comfortable accommodations and received splendid treatment at what might be regarded as negligible expense. . . . ."

"I was in the hospital for about twelve days and had it not been for my membership and its resultant method of budgeting the expense. I would have experienced a serious financial handicap. Financial worries in cases of illness often retard recovery seriously and I really believe I recovered much more rapidly as a result of my membership. . . . ."

MYRON E. TILLEMA  
Geneva Star Laundry

"I cannot speak too highly of your hospitalization plan as I think it takes care of a long needed want in our community."

CHARLES H. SWEENEY

Thos. Sweeney and Sons

"The protection which this plan gives me at so small a cost has enabled me to enjoy a feeling of security which I could not have had otherwise without a bank account large enough to meet such emergencies."

### Race of 3-Foot-Tall Men Found

Humans made small by iron have been found near Wuchung, Manchuria. They constitute a colony of pigmies, less than three feet tall. Thirty of them have been taken to Peking to be examined. Their diminutive size, which is particularly apparent in their tiny hands and feet, is attributed to the excessive iron content of their native soil.

Try to be at peace. It is a state of mind Orientals prize highest.

### LIBRARY NEWS

(Continued from page 2)

will appeal to anyone interested in affairs of today.

At the present time many books dealing with New York State seem to be appearing. One of these is Edward Hungerford's "Pathway of Empire", which, beginning with the City of New York, gradually moving upstate, portrays the various localities and their character. It will appeal to all New York State people, and is of local interest as well since it describes the Finger Lakes Region, including of course, Seneca Lake and our own city.

All those who have read and enjoyed "The Young Mrs. Meigs" and "A Nice Long Evening" by Elizabeth Corbett will be glad to learn that a new book about that sprightly and very lovable old lady is just off the press. "Mrs. Meigs and Mr. Cunningham" proves to be just as enjoyable a story as its predecessors, and even those who have not met Mrs. Meigs before will be glad to meet her in this volume.

### Baby Subject to Auction

When a baby was found abandoned on a railway train at Victoria, Australia, officials were puzzled as to what to do, and looking up the law found that all property found in trains must be auctioned.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as pos-

sible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

## Carpenter's Square Ancient

The carpenter's square dates from prehistoric times, and has been found represented in an ancient Egyptian tomb. According to Frederick T. Hodgson in "The Steel

Square", the first steel square of which he finds record was made in the Nineteenth century near New Haven, Conn. Rude steel squares were made in Sheffield about 150 years ago.

### Y. M. C. A. CAMPAIGN

During the past few days announcement has been made by Charles A. Mitchell, president of the local Y. M. C. A., that a Golden Anniversary Campaign will be carried on from October 7 to October 14, inclusive.

The objective of the campaign is the raising of a fund of \$34,125 for necessary building repairs, renovations and equipment replacements at the Y. M. C. A. building on Castle Street.

It is also considered essential that a director for girl's work be added to the present inadequate "Y" staff.

One of the original group of organizers of the Y. M. C. A. in Geneva in 1886, Dr. W. W. Hopkins, is to act as general chairman of the Golden Anniversary Campaign.

Seven of Dr. Hopkins' associates at the meeting which inaugurated the Association 50 years ago have joined him now in the capacity of Honorary Chairmen. They are: C. K. Scoon, H. A. Wheat, H. B. Graves, M. H. Harman, C. B. Guile, C. K. Howland and C. D. Bean.

Police Chief R. W. Morris, an ardent supporter of the Y. M. C. A. as a vital factor in crime prevention among the boys of the community, has accepted the chairmanship of the Team Organization. This will consist of three divisions of men and one of ladies in charge of general solicitation during the campaign.

artist with the Ford Symphony Orchestra and Chorus directed by Fritz Reiner.

Charles Butterworth, somber-faced stage and screen comedian, provides the comic relief on Fred Astaire's new Packard programs on Tuesdays, at 8:30 P.M., over an NBC-Red Network. The melancholy jester, who somehow never finishes saying anything that he starts, hails from South Bend, Ind., site of Notre Dame. He graduated from the university's law school with a degree and what he regards as a distinguished gridiron record—he was injured falling off the bench during the Army game.

## BOOK REVIEW

(These books are available  
at Geneva Free Library)

"The Rolling Years", by Agnes Sligh Turnbull, is a most enjoyable novel in which is given a chronicle of three generations of an American family living in western Pennsylvania in the latter part of 19th century and early 20th century. It is a story of farm life, which should appeal to all those who enjoyed that other novel of farm life "As the Earth Turns" which was so popular a few years ago. The characters are all sympathetically drawn and we follow the life of the principal character especially from her birth until her death with the utmost enjoyment. This book is more than "just another novel of farm life"—it is a most interesting and appealing story.

—o—  
"T. H. Huxley's Diary of the Voyage of H. M. S. Rattlesnake" is a series of hitherto unpublished diaries recorded by the scientist on cruises in the tropics during which he served as assistant surgeon. Besides being scientific, a personal interest is also brought into the book by extracts from the journal of Henrietta Heathorn whom he met in Sydney and later married. The book is illustrated with Huxley's own drawings and with old prints.

—o—  
"Drums Along the Mohawk", by Walter D. Edmonds, is a stirring novel about the early German settlers in the Mohawk River valley of New York State. The story takes place during the Revolutionary War, which touched the Mohawk Valley frontier in terrifying Indian massacres and raids by the British. The sturdy settler's defense of their homes in these isolated outposts of early York State, their courage in the face of heart-breaking disasters, and the splendid characterization of Gil Martin and his wife and neighbors create a story well worth reading.

## Drives a Hard Bargain

"Darling," she cooed, "I've just read that a man out west exchanged his wife for a horse. You wouldn't exchange me for a horse, would you?"

"Never," he replied dutifully. "But I would hate to have anyone tempt me with a good car."

## Post Worth Having

"So your husband tried to get a government post? What is he doing now?"

"Nothing—he got the post."

## Finger of Guilt

A meek little man was in court for a minor offense.

"Were you ever in trouble before?" asked the judge.

"Well, er—er—," was the hesitating response, "I kept a library book too long once, and was fined 6 cents."

## Cooled 'Em Off

Jones: "Why are your stockings wrongside?"

Smith: "My feet were hot so I turned the hose on them."

## Possession

"No, you can't see Mr. Smith," snapped the sharp-faced woman to the political canvasser at the door.

"But, madam," expostulated the canvasser, "I merely wish to find out what party he belongs to."

"Well, then take a good look at me. I'm the party he belongs to."

## Fine Distinction

"Hey, what are you doing?" yelled the foreman.

"I'm just sharpening my pencil," called back a bricklayer.

"Well, be quick about it, and don't let anybody see you. That's a carpenter's job, you know."

## GLEANINGS

(From collection of quotations compiled by M. F. Devaney)

"Everyone must carry some loads alone, for no one can help him with them."

"Everyone may see in any situation just about anything he wants to see."

"All who would win battles must be willing to endure suffering."

"The surest way to have happiness is to start giving it away."

"Habit is either a chain or a beacon."

"Nobody ever got rid of trouble by trying to sick it on somebody else."

"It is almost as presumptuous to think that you can do nothing as to think you can do everything."

"Life is not a matter of always winning but of always trying."

"If you want to know how strong you are try battling with another man's temptations."

"Tho given away we never part with kindness shown to a lonely heart."

## Uses for Glycerin

Glycerin is used in the treatment of leather, in soap, cosmetics, as a culinary ingredient to keep baked goods fresh, to prolong the life of rubber products, in brake units, in photography and in vulcanizing. Glycerin is also an important ingredient in the manufacture of high grade inks, typewriter ribbons, carbon paper and printing fluids.

## GENEVA FREE LIBRARY NOTES

The reference collection at Geneva Free Library has been increased by the purchase of a new edition of Funk and Wagnalls New Standard Dictionary (1936). The dictionary is in two volumes, making it easier to handle than the old one-volume edition. A special feature is a history of the world day by day.

For general circulation there has also been purchased The Scribner Radio Music Library. This set of books, bound attractively in red and gold, consists of eight volumes, each containing a different type of music, i.e. grand opera, light opera, sacred music, old classic masters, contemporary composers, waltzes, etc. The music is for piano and voice, and is intended for the layman. It fills a long-felt need in this particular field of books and the staff of the library is most pleased to announce its addition to the music collection.

The staff of the library wishes to express its appreciation of gifts of flowers from two of the library's patrons, Mrs. E. L. Wentworth and Mr. Jesse Bahn. These contributions have added much to the attractive appearance of the library.

**RADIO FLASHES**

by Ralph Le Brun

I paid a flying visit to New York last week and attended the Institute of Radio Service Men's Convention and Radio Trade Show and stopped in at CBS and NBC. At NBC I was invited to tour Radio City's studios and stay over to view some broadcasts. I was at the Firestone broadcast which featured a rebroadcast of Margaret Speaks from Berle, Switzerland. Incidentally, one of the very few "program slips" developed on this program when the Swiss portion of the program began about three minutes late. A quick shift to a musical number in New York, a hurried conference between announcers, control man and director, and the program continued as smooth as silk to finish "right on the nose".

With Al Jolson, Walter Huston and David Wark Griffith as guest stars, two historical events of the motion picture industry will be revived and dramatized during the broadcast of "Sears—Then and Now" over the Columbia network Thursday, at 10 P.M. D. W. Griffith will relate the story of the making of the film epic, "Birth of a Nation", and Jolson will play a portion of the role he immortalized in his first all-talking picture, "The Jazz Singer."

C O M M U N I T Y      C H E S T      B U L L E T I N  
(Published by the Geneva United Welfare Council, Inc.)

Final figures for the 1936-37 Campaign have been arrived at and show that we actually raised \$24,100.42, while our quota was \$25,135.00, the deficit being \$1034.58. There were 4378 subscribers this year as compared with 4175 last year - the largest number of subscribers ever known to the Community Chest.

- - - - -

The Budget Committee which included a representative from each agency has met and revised the budgets of the agencies, cutting each budget to meet the deficit of \$1034.58. The beneficiaries have assured us that they will make every effort to continue effective service in the face of revised budgets. Some corners will have to be cut, but we have great confidence that the agencies will maintain their high standards of efficiency.

- - - - -

Mrs. I. A. McGrew, our new President, has already begun her duties. She appointed a Committee on Chest Education which met twice during the summer. Among other suggestions, the Committee recommended to the first fall meeting of the Council a new tenure of office for Directors. Under the new plan, Directors will be elected for a period of one, two or three years, and after their term of office has expired, they will not be eligible for reelection for one year. In this way, the Board will be constantly changing, bringing new ideas for older consideration.

- - - - -

The Geneva United Welfare Council has suffered a great loss in the death of Francis J. Beatty, a Director of many years. As Representative of the Federation of Labor, Mr. Beatty was a valued member of the Council - a Director whose strong opinions and earnest convictions endeared him to all of his associates.

- - - - -

There follows nine duties of Board Members as quoted at the Board Member Institute held at Bridgeport, Conn.:

1. To know why the organization exists, and annually to review why it should.
2. To govern a board or a committee through joint thinking, not by majority vote.
3. To give money, or help get it, or both.
4. To face budgets with courage, endowments

with doubt, deficits without dismay, and to recover quickly from a surplus.

5. To deal with the professional staff as partners.
6. To keep far enough ahead of the community to be progressive and close enough to it to be practical.
7. To interpret social work to the public in words of two syllables.
8. To be proud of a tradition but eager to improve it.
9. Always to combine a New England sense of obligation with an Irish sense of humor.

- - - - -

Once again the Social Service League provided much-needed vacations for 40 "Sunny Jims". A truly note-worthy undertaking - this Children's Camp Fund. Under the League's supervision, clinics were held at the Hospital on April 30 and May 7 when 51 boys and 27 girls were examined. As a result 15 tonsilectomies and 20 other operations were performed on June 30. The doctors donated their services and the Hospital provided rooms, materials and the use of the operating room. Between the clothing bureau and Christmas baskets in the winter, and the camps and clinics in the summer, the Social Service League is doing a remarkable piece of work.

- - - - -

The Council welcomes Mr. Frederick Quinn, new Boy Scout Executive and Captain Paul Larson of the Salvation Army and wishes them every happiness in Geneva. The Council equally regrets the loss of Mr. Wm. E. Lawrence and Captain L. K. Pickering whose work as Boy Scout Executive and Salvation Army Captain respectively will long be remembered and appreciated.

- - - - -

We also wish Mrs. Corydon Wheat success in her new position as Executive Secretary of the Community Hospital Association of Geneva and extend to Mrs. Benjamin Butler our best wishes for her success as Girl Scout Local Director.

- - - - -

To the Girl Scout Council - Congratulations on their recent gift of a long-desired cabin so generously donated by Mr. and Mrs. Alfred G. Lewis.

- - - - -

This is the first issue of the Community Chest Bulletin - if you have any suggestions for its improvement, please let us know.

One of the highlights of Richman's initial appearance was his announcement of a fund for families of air heroes. In addition to his role of master-of-ceremonies, Gibbons will relate some of his experiences as journalist and war correspondent. He has just returned from the scenes of the Spanish rebellion.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as possible—each week.

An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

### THE "Y" CAMPAIGN

Enthusiastic co-operation is being met with on all sides by Dr. W. W. Hopkins, general chairman of the Y. M. C. A. Golden Anniversary Campaign, which is to be carried on from Oct. 7 to Oct. 14, inclusive.

Campaign headquarters are located at 440 Exchange St., (phone 2631), with Miss Gladys Grey in charge.

Rev. Irving A. McGrew is leader of the preliminary gifts committee; Lee Taylor leader of the committee to solicit National Corporations; and Rev. S. T. Hardin leader of the Church co-operation committee.

Acting with Chief R. W. Morris, chairman of the Team Organization are: Mrs. T. C. Carson in charge of the Woman's Division and Messrs. Douglas McLean, Lewis Kayes and LaVerne Darling those of the three men's divisions.

According to L. L. McGuigan, who has accepted chairmanship of

the Budget Committee, the amount of \$34,125 being asked in the campaign was arrived at after careful study of last year's minimum budget and the present run down condition of the building and its furnishings and equipment. It is stated that the "Y" has been existing on practically nothing during the past three years. "Doing the splendid work that the 'Y' has done, it is high time the community came to the rescue," stated Mr. McGuigan.

Mrs. Rideout: What lovely, fleecy clouds. I'd like to be up there sitting on one of them.

Mr. Rideout: All right — you drive the car.

**Early Name for Cincinnati**

When Cincinnati was first laid out, early in 1789, around Fort Washington, it was called Losantiville, a hybrid word signifying the city opposite the mouth of the Licking. Early in the next year it was named Cincinnati, in honor of Gen. St. Clair, the governor of the Northwest territory, then president of the Pennsylvania society of the Order of Cincinnati.

## LIBRARY NOTES

During the next few weeks the political campaign will be uppermost in the minds of everyone. No other campaign has ever aroused keener interest than this one and the newspapers and radio will abound with political speeches.

In order that one may appreciate these to the full, whether or not one's own opinions agree, it would be an excellent idea to read up on the economic situation today.

For that reason the Geneva Free Library offers a list of a few books which will be of interest at this time: "The Roosevelt Year" by P. Lor-entz

"New Frontiers" by H. A. Wallace  
"Hell Bent for Election" by J. P. Warburg

"The Citizen and His Government" by A. E. Smith

"The Rainbow" by D. R. Richberg  
"Nine Honest Men" by David Lawrence

"The New Dilemma" by R. W. Babson

"The Coming American Revolution" by George Soule

"Human Exploitation in the United States" by Norman Thomas

## Yellow Spot Stills Horns

For once the chief of police in Berlin is popular. His plan of marking noisy automobile drivers has brought peace. He ruled that anyone tooting his auto horn too loud or too frequently must have his car painted with a large yellow spot. After a few had received the decoration others became quiet and peace reigned in the city, which not long ago was called one of the noisiest in Europe.

Now is the time to

## RADIO FLASHES

by Ralph Le Brun

Fannie Brice, whose satirical buffoonery has panicked theatergoers for more than a quarter of a century, has returned to the air. The celebrated comedienne is starred in the "Revue de Paree", the weekly series heard over NBC-WHAM, at 8 P.M., on Wednesdays.

With filmdom all over the world observing the eighth birthday of Monsieur Mouse, nicknamed "Mickey", Andre Kostelanetz and Kay Thompson with the Rhythm Singers will offer a musical tribute to Hollywood's capricious pet during their broadcast over the Columbia network on Friday, at 8:30 P.M. Miss Thompson's own setting of "Mickey Mouse's

Birthday Party", with many original lyrics, will pay amusing tributes not only to Walt Disney's favorite creation, but also to all of Mickey's friends, including Donald Duck, Elmer Elephant, Minnie Mouse, Pluto, Claribel Cow, the Goof, and other "in-laws".

## RADIO FLASHES

(Continued from page 3)

A new dramatic series, "Your Unseen Friend", the first of its kind on the air, written and produced by M. H. H. Joachim, a native Hindu, who for many years has been heard on America's lecture platforms as "The Son of India", is being broadcast over the Columbia network, at 5 P.M., on Sundays. The program, sponsored by the Personal Finance Company of New York, will dramatize incidents in everyday life which tend to cause unhappiness or trouble in the lives of those whom they effect. "Your Unseen Friend", which is really the voice of conscience, will speak forth to analyze the difficulties which people can avert by listening to the voice within.

Shep Fields, the "rippling rhythm" maestro, will act as host to some of the most famous personalities on the airwaves when he inaugurates "Radio Guide Weekly". The program will be heard over the NBC-Blue network on Fridays, at 10 P.M. The new program will center around Fields and his orchestra, famous for their distinctive rippling rhythms, and an outstanding star of radio, to be presented as a guest each week.

The football game between Southern Methodist and Fordham University will be broadcast over the Columbia network from the sidelines of the Polo Grounds, New York, on Saturday. Though the game begins at 2:30 P.M., Ted Husing and his partner, Jimmy Dolan, will be on the air at 2:15 with a description of the crowd and advance dope on the battle.

Irene Wicker, NBC's Singing Lady, and mother of two children, has learned from experience to expect at least one proposal of marriage in each day's batch of mail. A high was reached one day last week when ten matrimonially-minded men wrote her.

Bradley Barker, the actor who impersonates animals on NBC programs, discovered his peculiar talent when a small boy. He imitated the bawling of a calf so successfully that cows used to come to him on his grandfather's farm. Later, becoming a movie actor, he astonished Hollywood by sizzling like a frying-egg when the sound-effect men fell down on the job.

The "Y" Golden Anniversary Campaign is on.

This splendid organization, which has been existing locally for the past three years on practically nothing, well deserves full community co-operation.

Chief of Police R. W. Morris, who well knows the effect of Y. M. C. A. work in crime prevention among the youth of the country, is acting as chairman of Team Organization.

Dr. W. W. Hopkins, one of the original organizers of the local "Y" fifty years ago, is general chairman of the present campaign.

With the able assistance of many of the city's leading citizens, both men and women, it is felt that the goal of \$34,125 will surely be reached.

### LOCAL AVIATION NEWS

A trim yellow and blue two-passenger Cub monoplane is now permanently stationed at the flying field of the Geneva Aerial Service Corporation at Bean's Hill, the plane having just been delivered to Frederick T. Sholes, Jr., of Lockland Road.

Mr. Sholes is the first of the student flyers receiving instructions at the field to purchase a plane, although others are expected to upon completion of their courses.

Arrangements have also been made for the erection of a medium sized hangar within the next week or two.

At the present time about twenty students are receiving flying instructions, including one sixteen year old girl, June Porter, of Waterloo. Classes are held Wednesdays and Saturdays.

Planes are available for passenger or express trips at any time.

The proper place for hate is in the hating of evil things and ways.

### AGAIN — THE CAR TRACKS

Can it be possible that something is about to be done with Geneva's old street car tracks? Well, it begins to look as though something might be done.

The proposal of a wrecking concern to tear up the tracks and furnish brick to replace the pavement seems, on the face of it, to be about the best proposition yet. A common council committee is investigating to find out if this arrangement has worked out satisfactorily in other places.

However, rip up the old tracks or cover them up. Do something with them to eliminate the menace to motorists and pedestrians alike. Many serious skidding accidents

caused by these old tracks have been only narrowly averted. Eliminate them; they are a disgrace to the city.

## AVIATION NOTES

A fine aerial view of Geneva, taken in the vicinity of the Bean's Hill airport, is on display in the window of Woodruff's Gift Shop, Schine's Theatre Bldg.

This photograph was taken by M. S. Dillingham, of Webster, N. Y., one of the students taking instructions at the Geneva Aerial Service Corporation school.

The picture gives an excellent idea of what may be seen in a flight from the Geneva airport.

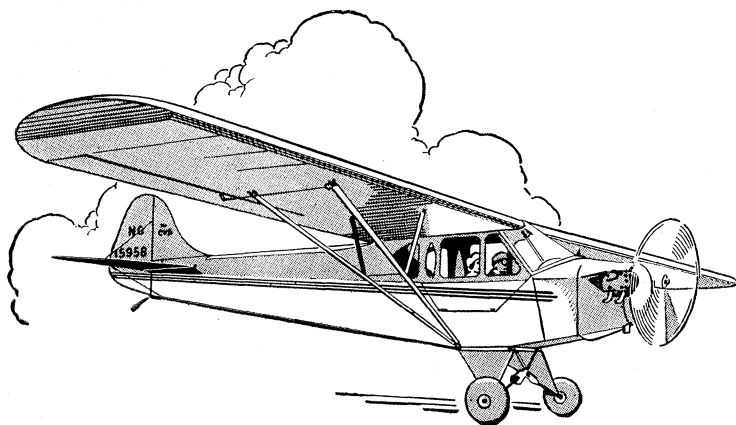

Planes are on hand each Wednesday, Saturday and Sunday for flights locally or to surrounding territory and special planes are available for charter at any time for passenger or express trips to any part of the country.

Now that a permanent airport has been established at Bean's Hill it is hoped that arrangements may be made for the removal of all power wires near the field, thus facilitating the ease of take-off in any direction of wind.

## Variety in Baths

The treatment of disease by medicinal baths has been developed to an amusing, if not an absurd, degree by the spas of Europe. Many of them offer, in addition to baths in hot sulphur water, soluble salt, radio-active mud and aromatic herbs, immersion in such liquids as ammonia, brine, malt and even glue.—*Collier's Weekly.*

## GLEANINGS

(From collection of quotations  
compiled by M. F. Devaney)

"All that you have that you cherish, all that is big and fine and worth while, all that means most to you, was believed in by one set of optimists and achieved by another." — *Kaufman*.

"Power dwells with cheerfulness. Hope puts us in working mood, whilst despair is no muse and untunes the active powers." — *Emerson*.

"Happiness lies in the consciousness we have of it, and by no means in the way the future keeps its promises." — *George Sand*.

"Who is the wisest man? He who says the right thing at the right time? No, indeed, but he who leaves unsaid the wrong things at the tempting moment." — *Anon*.

"Worry is discounting possible future sorrows, so that the individual may have present misery. Worry is the traitor in the camp that dampens our powder and weakens our aim. The remedy may be found in clear, simple, common sense applied to the business of life." — *Jordan*.

"If you don't believe in yourself and your future, don't expect anyone else to have confidence in you. Enthusiasm is your best asset. Use it." — *Lloyd*.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as possible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

**RADIO FLASHES**

(Continued from page 5)

Three of the screen's most outstanding juvenile stars will appear on the broadcast of "Hollywood Hotel" over a Columbia network, Friday, at 9 P.M., when Freddie Bartholomew, Mickey Rooney, and Jackie Cooper, will join in a radio adaptation of MGM's new motion picture, "The Devil is a Sissy."

The "Voice of Niagara," featuring the Carborundum Band under the direction of Edward d'Anna, will start its eleventh year on the air on Saturday, at 7:30 P.M., on the Columbia network. As in each of the ten years past, the program commences with the telling of an Iroquois Indian legend by Francis, program director and narrator. The actual roar of Niagara Falls, a continued feature of this program, will be continued.

Edith Meiser, author of Helen Hayes' vehicle Bambi on NBC, early in her career was in vaudeville, traveling the Keith circuit as a singer of sophisticated songs. The daughter of a Detroit newspaperman, she is a graduate of Vassar. Miss Meiser wrote Miss Hayes' script of last season, The New Penny, and is recognized as one of radio's most skilled dramatists.

An alert young lady in the offices of Major Bowes has made a tabulation of the various ways in which listeners spell his name in addressing mail to him. Vari-

ously it has been written: Mr. Major Bowes, Mayer Bowes, Mayor Bowes, Majer Bowes, Bowers, Bowles, Boze, Boas, Boioes, Bowoes, Boaz, Bow, Bows, Boz, Bose, Bowies, Bones and Boles. And the lady adds, considerable mail has reached him addressed merely "All right, All Right."

An Englewood (N.J.) girl fell from an upper story window and landed in a young man's lap. In grandma's day such carryings-on were called "forward."

Life is a grindstone, and whether it grinds a man down or polishes him up depends upon the stuff he is made of.

And even worse than problem children are the parents who never tire of telling you the problems.

Don't economize like the Scotchmen who took long steps to keep from wearing out his \$4 shoes and split his \$8 trousers.

The football game between the College of St. Mary's and Fordham University at New York's Polo Grounds Saturday will be broadcast over the Columbia network beginning at 2:15 P.M. Both teams enter the field undefeated. Both are coached by former Notre Dame stars—the St. Mary's by "Slip" Madigan; Fordham by "Sleepy" Jim Crowley. In this meeting both teams enter their "biggest" game for the season. Since 1930, Fordham beat St. Mary's only once—in 1933.

Kathryn Cravens, who goes by airplane to get material for her "News Through A Woman's Eyes" programs, is now being heard over the Columbia network Mondays, Wednesdays and Fridays, at 2 P.M. Material for these broadcasts was often gathered on week-end plane trips to interview people prominent in the news. Her first interview was with "Cat-Eye Annie", a notorious criminal, in a tiny cell. Since then she has ferreted out many intimate aspects of famous personalities not immediately apparent in the news in which they figured. Pontiac Motor Co. is the sponsor.

Ford Bond, who recently appeared as baritone soloist on NBC's "Music Is My Hobby" program, was reminded of his early radio days by the occasion. Thirteen years ago he was a many-sided genius at a Louisville Ky. station. He not only sang baritone solos but tenor as well and between appearances as a singer gave piano recitals and poetry readings under differ-

## CAR TRACKS STILL WITH US

Apparently nothing is going to be done toward getting rid of our dangerous car tracks before winter sets in.

Every time this car track elimination question seems to be coming to the front again, the sweetest excuses are dug up as to why "it can't be done."

In the meantime other communities have figured out some way—and done it.

At the present time tracks are in the course of elimination in Penn Yan. There the tracks are being ripped out and the streets centers being paved with cement.

Education is "finished" when one can learn no more.

### GLEANINGS

(From collection of quotations compiled by M. F. Devaney)

"The man who works like a slave eats like a king."

"It is almost always when things are all blocked up and impossible that a happening comes. If you are sure that you are looking and ready, that is all you need. God is turning the world around all of the time." — *Whitney*.

"Everyone must meet some of his most difficult problems alone."

"Habit is nature's way of saving time for the mind."

"It often happens that our most severe critics are our best friends."

"To get in on a 'sure thing' you have to pay cash on the spot."

"Try and solicit a contribution for a good cause from a professional money raiser."

"Contentment is the child of laughter; it has been said the weeping willow bears no fruit."

"A pain in the back may be diabetes, but a pain in the neck is mental."

"No man is free who is unable to do his own thinking." (An excellent thought to ponder on when one enters the booth on election day.)

(To be continued)

### DANGER!

Motorists! Beware! Slippery car tracks!

These may be eliminated some day, but we still have them this Winter.

### ANOTHER GENEVAN PURCHASES PLANE

Frederick L. Keyes of So. Main St., another of the students recently completing a flying course with the Geneva Aerial Service Corporation, has just purchased a two place Porterfield cabin monoplane. Delivery is expected this week.

This will be the second plane purchased by Genevans this Fall and it is expected that by next Summer two additional planes will be acquired.

by Ralph Le Brun

Allie Lowe Miles is engaged in a strange search. Together with her radio partner in the "Husbands and Wives" program, she is looking for the happiest married couple in the United States and the unhappiest couple. News of the novel hunt will be heard during the Husbands and Wives program, over NBC-WHAM on Tuesdays, at 9:30 P.M.

The nation's "oldest voter," as determined by response to an informal pool taken by Boake Carter, Philco news commentator, will be presented over the Columbia network, Tuesday, election night. Right now the leading nominee for the honor is a woman who is said to be 114 years old—Lucy Ann Jackson, a negress of Tarrytown, N. Y.

January 1st will mark Lewis E. Lawes' seventeenth anniversary as warden of Sing Sing.

Dorothy Killgallen, now making herself famous as the first girl reporter to beat the globe-circling record of Nellie Bly, will be guest of Kate Smith's "Bandwagon" variety hour on the Columbia network, Thursday, at 8 P.M.

Fannie Brice, America's beloved comedienne, now starring in NBC's "Revue de Paree", has a birthday October 29. It will be her 45th anniversary and it is no secret, Fannie waiving her feminine rights in such

matters. Born in Brooklyn, she began as an amateur, went through the hard schools of burlesque and vaudeville to stardom.

Charlie Ruggles, screen comedian, will bring Robert E. Sherwood's famous stage character, "The Queen's Husband", to the microphone during the Camel Caravan broadcast over the nation-wide Columbia network Tuesday, November 3, at 9:30 P.M. Ruggles will be heard as the unaggressive and henpecked sovereign who has never had a chance to rule his island kingdom in the North Sea until the Queen takes a trip to America to raise a loan for the royal exchequer.

"Tiny" (christened Edmund) Ruffner is 6 feet 6 inches tall and just about the tallest man in radio.

Rudyard Kipling's lovable "Just So" tales, rarely heard on the radio, will be a new feature of the popular "Children's Corner" series presented by Dorothy Gordon over the Columbia network. The first, whimsically entitled "How the Whale Got His Throat," will be offered with appropriate nautical songs and music on Monday, at 5:15 P. M.

A radio is only as good as its aerial. Now is the time to check the "sky-wire" before bad weather put it on the ground. New wires, clean insulators and soldered connections will aid greatly in pulling in that elusive station.

Even on his honeymoon, Dick Powell, who recently married Joan Blondell, couldn't stay away from his radio role on "Hollywood Hotel". He's shown here as he appeared on the program in New York, where he and the new Mrs. Powell spent part of their honeymoon. Both have returned to Hollywood whence the program will be heard over the Columbia network each Friday, at 9 P.M.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as pos-

sible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

## THE ELECTION

By this time next week we will know whose guiding hand will be at the tiller of the Federal Government for another four years.

With world wide conditions as they are and getting worse, necessarily having a great bearing on our national situation, and with radical elements within our borders becoming bolder and bolder, whoever wins, his is not to be an easy task.

We can only hope that our American system of government may survive and that we may be spared from becoming engulfed in conditions such as prevail in many other countries today.

## THE WINNERS

Here is the list of readers to whom prizes have been awarded for the past week in connection with our "Easy Money" contest:

### LIBRARY NOTES

Again "Book Week" is drawing near and this year the week of November 15 has been set aside for its observance. The slogan for this coming Book Week is "Books to Grow On — The Modern World for Young Readers."

With this in mind the school libraries in the city are co-operating with the Geneva Free Library in holding an essay contest open to the children of Geneva.

The topics for the essays are as follows:

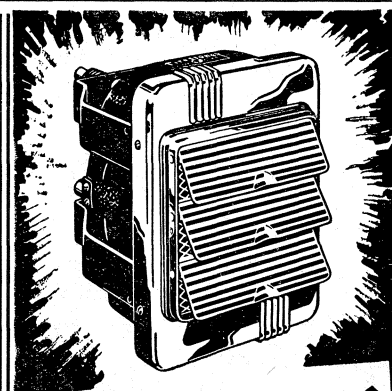

For grades 4 to 6, "Book Characters I Should Like to Meet";

For grades 7 and 8, "Adventures I Have Enjoyed in Books"; and for high school students the topic is the same as the slogan for Book Week, "Books to Grow On."

All essays are to be handed in by Monday, November 16, and the prizes, of which there will be two for each group, will be awarded on Friday of Book Week, November 20.

There will, of course, be a display of new books at the Library, as in the past, so that borrowers of the Library may have the opportunity of looking over some of the recently published books before they are put into circulation.

Frank G. Phillips, of the Phillips Motor Co., leaves tonight for Detroit, Mich., for a two-day stay at the Ford factory inspecting and becoming familiar with the new 1937 Ford car soon to be placed on the market.

Walter Winchell  
"Where",  
listeners often ask,  
"does  
Walter Winchell  
get so much  
of his  
inside  
information?"  
Few people  
realize that  
Walter himself  
is a one-man press  
association.  
News is sent  
to him from  
anonymous reporters  
in all sections  
of the country.  
His correspondents

range from newsboys to bank presidents, from taxi drivers to men of high public life, from Broadway habitués to the police. The information Winchell gathers from these sources provides him with half the material he uses on his radio program and in his widely syndicated newspaper column. The other half he gets himself. Winchell make it a practice never to print or broadcast any item that he has not checked himself. His radio script is rewritten three times before he goes on the air. A forceful champion of the underdog, Winchell has fearlessly bestowed "orchids"

and "scallions" as expressions of his opinions and has made his influence widely felt as a result.

The queen is crowned! A little mountain girl shall lead them. Lulu Belle, lovely songstress of the weekly Saturday night National Barn Dance heard over the blue network of the NBC, has been chosen Radio Queen of 1936 in Radio Guide's third annual radio queen election. Her honest, hillbilly songs were pitted against concert sopranos, famous actresses, favorite "popular" singers. Her runners-up in order were Jessica Dragonette, Joan Blaine, Frances Langford, Gracie Allen, Margaret Speaks, and Kate Smith.

"Habit is something no man can

## RADIO FLASHES

(Continued from page 5)

The season's first broadcast of the New York Phil-  
harmonic-Symphony Orchestra, under the direction  
of John Barbirolli, young British conductor who will  
be making his American Radio debut on this occasion,  
will be heard over the Columbia network, Sunday,  
from 3 to 5 P.M.

"Baron Munchausen," fabulous figure of the micro-  
phone, is coming back to the air. Jack Pearl, creator  
of the Baron, will resume that long-popular role when  
he returns to the NBC-WHAM network on Monday  
after a year-and-a-half absence from the airwaves.  
During that time, the man who made "Vas you dere

Sharlie?" a national catch-phrase, has been traveling  
in Europe and South America. "Sharlie" will be "dere"  
too, again in the polysyllabic person of Cliff Hall, who  
has for years been at Jack's side as his straight man.  
The new series, in the interest of Raleigh and Kool  
cigarettes, will be heard every Monday, at 9:30 P.M.

President Roosevelt will speak from the White  
House, Gerald Swope will speak from Cleveland, and  
the Philadelphia Orchestra under the direction of Leo-  
pold Stokowski will give a concert performance from  
Philadelphia in the opening program on behalf of the  
1936 Mobilization for Human Needs, to be broadcast  
over the combined CBS and NBC-WEAF networks  
on Friday, at 10 P.M.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as pos-

sible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

## BOOK WEEK AT THE LIBRARY

Next week the Geneva Free Library will be celebrating Book Week and there will be a great many new books on display there all week.

If you have not visited your Library recently why not take the time next week to drop in and browse around among the new books? You will be sure to find something to interest you, as there are many new titles on several different subjects so that all tastes may be satisfied.

The children's books seem to grow better and more beautiful each year. More and more famous authors and artists hitherto noted mainly for their work for adults are now directing their energies toward the writing and illustrating of children's books.

Among these are Phil Stong, author of several best selling novels, who has recently written several delightful and enjoyable books for the younger element, and Maxwell Parrish, who has done some beautiful illustrations for children.

A business transaction may be lost, an important telephone call missed — because your watch was a few minutes slow. We recommend an expert jeweler — Mr. G. H. Prince, **Prince's Jewelry Store, 20 Linden St.** . . . Prompt service. Reasonable prices.

—D—

For an afternoon dress, there's a gray velvet — one of the stiffish, Lyons-type velvets that are smartest this year. Its skirt is gored to swing and its shoulders are wide to balance the width at the hemline. A clip of gold at the high-draped neckline and a gold buckle are used for trimming.

—D—

It's none too soon to be thinking of Christmas — and a gift for old friends. They'll appreciate the thoughtfulness that prompts you to send your photograph. Do visit **The Stewart Studio, 41 Seneca St.**, or dial 2183.

—D—

If you're not very tall — you'll like to wear a dress with a flaring peplum and broad shoulders that make your waist look slim and your proportions perfect. A smart combination would be gray with a wine colored collar, buckle and buttons.

—D—

It's none too early to start selecting your Christmas Greeting Cards. **McCarthy's Pharmacy, 162 Castle St.**, has a complete new line. Greeting Cards were never more beautiful than they are this year.

—D—

A burnished gold lamé jacket over a heavy white satin dress will make you a glamorous creature at night.

—D—

It's wise to plan your wardrobe as a whole, instead of jumbling together a meaningless lot of odds and ends.

An oiled silk slip cover slipped over the top of a bowl of left-overs keeps the food from drying out and is good, too, if you want to put strongly flavored foods into your refrigerator.

—D—

Gold beads do much for a black dress. Also, a bright suede belt or braided sash.

—D—

If you can take the widest step possible without straining at the seams of your skirt you'll know its smart.

Before you know it, Christmas will be just around the well-known corner.

To our many friends, business acquaintances and all of Geneva City and vicinity:

Many, many thanks for your support and interest, making our formal presentation of the 1937 CHEVROLET, Nov. 7th, by far the most outstanding of our long business experience.

The attendance at our Show Room was unprecedented, both in numbers and interest shown.

The attendance was so great that it became impossible to personally greet each and every visitor, altho our entire sales staff was in constant attendance throughout the entire day and evening. We regret such inability and hasten to apologize and explain.

If you will call again, at your convenience, we assure you a most cordial personal reception.

Again many thanks

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as pos-

sible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

### RUSSELL-HART ENTER-TAINS MECHANICS

Last Friday evening Russell-Hart Chevrolet, Inc., entertained the auto mechanics of the city at a pre-view of the new 1937 Chevrolet car.

About seventy-five mechanics attended and after a thorough inspection of the new models a program of entertainment followed.

Musical numbers were furnished by Chas. Gibson, Xylophonist, and Henry Bolin, piano; monologues and songs by Joe Powers, and mystifying feats of magic by "Pop" Judevine and Co. of Canandaigua.

### Overdid It

Uncle: "So you finished at the bottom of the class in spelling today?"

Nephew: "Yes, I put too many z's in 'scissors'."

the "Hollywood Hotel" program Friday, November 13, over the Columbia network, at 9 P.M. Featured with Miss Powell in the program originating on the stage of the famous Grauman's Chinese Theater and immediately following the screen preview will be Jeannette MacDonald, Luise Rainer, William Powell, James Stewart, Frances Langford, Una Merkel, Allan Jones, Buddy Ebsen and Sid Silvers. Dick Powell, master-of-ceremonies, will devote the entire musical portion of the broadcast to a song cavalcade of MGM musical selections dating from "The Broadway Melody" to its newest song and dance sensation, "Born to Dance."

Leopold Stokowski, at the helm of the world-famous Philadelphia Orchestra, will inaugurate a brilliant series of weekly broadcasts over the Columbia network beginning Friday, at 10 P.M. The first broadcast features two Bach compositions, a Bourree and the Choral: "Come Sweet Death"; Debussy's "Engulfed Cathedral," and the "Entrance of the Gods into Valhalla" from Wagner's "Das Rheingold."

Jim and Marian Jordan, established in the hearts of dialists as Fibber McGee and Molly on the NBC networks, weren't always comedians. In vaudeville they were a harmony singing team and they were still singers when they first came to radio. The decision to do comedy came when Jim and Marian suddenly realized there were far more good singers looking for work than good comics.

**LIBRARY NOTES**

If you have not yet paid a visit to the library this week (which is, in case you have forgotten, Book Week), you still have two more days. There is quite a large exhibit of new books, and in addition to that there is a house built of book-covers with several well known book characters standing around it.

Since Book Week is primarily for children here are some brief reviews of a few of the new children's books:

One of the most delightful and amusing books is "Ferdinand" by Monroe Leaf, with illustrations by Robert Lawson. Ferdinand was a bull, but unlike most bulls he preferred to sit under a tree and smell the flowers, rather than to fight. He had no desire, as had his brothers, to enter the bull ring, but one day when some men came to pick bulls for the next bull fight, Ferdinand had the misfortune to sit on a bee, with rather unfortunate results — for Ferdinand was selected as the fiercest of the bulls. We shall not tell the rest as you will prefer to read it yourself. While the book is written really for quite small children, any adult with a sense of humor will enjoy both the text and the very amusing illustrations.

Another book worth noting is "Sword of the Wilderness" by Elizabeth Coatsworth. It is a story of early colonial days in Maine when attacks by Indians were far too common. Young Seth Hubbard, the son of colonists is captured by the Indians and taken far away from his home, to spend several months with an Indian tribe. He endures many hardships but learns a great deal about Indian habits, thoughts and customs, as does the reader. In addition to this the tale is an exciting one and should appeal to both boys and girls, in junior school or high school.

SHOP IN GENEVA

Candy for Thanksgiving Day, of course. You will find a fine assortment of "Park and Tilford" and "Schrafft's" Box Candy at The Corner News, cor. Main and Castle St. Phone 2515.

The shopping page is meant to be a source of information and news to thrifty shoppers. Any suggestions which will make it more interesting to you will be deeply appreciated. Won't you read it each week? I am sure you will find some valuable information and suggestions, not only for the "usual" shopping, but also for the "unusual", which includes, of course, Holiday Shopping.

Browsing around the China Department at Smith Dry Goods Co., I found wooden salad bowls, with fork and spoon, at \$1.00 and \$1.95 (medium and large size) . . . Hors-d'oeuvre trays, \$1.00. Gay trimmings in red, green, blue and black.

Hair has so many possibilities for glamour. There ought to be one hair rule engraved in every woman's mind: "Keep the ends tidy." Short locks or long, there is something too distressing about straggly ends. And if you want your hair to be really lovely, brush it until it shines.

There are a lot of old friends you should remember this Christmas with a really personal gift — your photograph. Make an appointment now, before the rush of Christmas Shopping. Call 2183.

### RADIO FLASHES

by Ralph Le Brun

The girl who said "I do" on the radio last Christmas and thereby achieved national prominence overnight, finds the spotlight of public attention focused on her once more as she again plays the part of Ruby, wife of Amos in the Amos 'n' Andy program. This time interest in Elinor Harriot, comely 25-year-old brunette, is heightened

by the fact that Ruby is now mother of a baby girl "born" Oct. 20.

Whisking his air listeners along an imaginary voyage to the glamorous region of the Mediterranean Sea, Malcom LaPrade, world traveler, writer, and lecturer, begins a series of weekly Travelogues over the Columbia network, Sunday, at 2:45 P.M. Lew White, noted organist, will assist in creating the atmosphere by playing the authentic music of Cairo, Venice, Moscow, Stockholm, or whatever other remote spot LaPrade selects to depict.

## Spaghetti Frontier Style

1 (8 ounce) package spaghetti  
2 quarts boiling water  
2 teaspoons salt  
1 small onion, finely chopped  
1 clove garlic, minced  
2 tablespoons butter  
4 pimientos, minced  
1 medium-sized green pepper, finely chopped  
1 cup cooked, diced chicken  
½ cup canned mushrooms  
3½ cups canned tomatoes  
¼ teaspoon pepper  
Frontier Sauce  
¼ cup grated Parmesan cheese  
Cook spaghetti until tender in boiling water to which 1 teaspoon of the salt has been added. (Do not break in pieces before cooking.) Drain. Sauté onion and garlic in butter until yellow and combine with remaining ingredients, except the Frontier Sauce and Parmesan cheese. Add to spaghetti and mix lightly by lifting with two forks. Turn into greased casserole, cover with Frontier Sauce, and sprinkle with Parmesan cheese. Cover. Bake in moderate oven (350 degrees F.) 2 hours. Yield: 6 portions.

### Frontier Sauce

2 tablespoons butter  
3 tablespoons flour  
½ teaspoon salt  
½ teaspoon paprika  
Dash of tabasco

¾ cup tomato juice  
¼ cup liquid drained from mushrooms

2 tablespoons heavy cream

Melt butter, add flour, and blend to a smooth paste. Add salt, paprika, and tabasco, then stir in tomato juice and mushroom liquid and cook until smooth and slightly thickened. Add cream gradually and blend.

## Delicious Cranberries

1½ pints sugar  
1 pint water  
1 quart cranberries

Boil together the sugar and water for a few minutes, add cranberries, cover and then remove from fire. Let stand for five minutes then place on fire again and cook for five minutes. Allow them to cool still covered. They will resemble candied cherries.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as pos-

sible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

### Clock Turns on Lights

When darkness comes a new auto clock turns on the parking lights automatically. The clock is connected to the dimmer lamps of the headlights and to the tail lights, operating them at a set hour. The clock is fastened to the steering post of the car. A three-wire cable, with instructions for installation, is included.—*Popular Mechanics Magazine.*

### GLEANINGS

(From collection of quotations compiled by M. F. Devaney)

"Everyone must come to terms with himself first, if he hopes to find life bearable."

"It often happens that we take great pride in some of our greatest weaknesses."

"If we are ever to find friends we must show ourselves friendly."

"Only the brave can be depended upon in emergencies."

"The way to find happiness is to look for something else."

"Despise not the day of small things."

"Success will not fail you if you don't let doubts assail you."

"During all the years since time began, today has been the friend of man; but in his blindness and his sorrow he looks to yesterday and tomorrow. Forget past trials and your sorrow; there was, but is, no yesterday, and there may be no tomorrow."

"Experience demonstrates the utter folly of worry."

"Habit is a cable. We weave a thread of it every day and at last we cannot break it."

(Continued from page 5)

romances are on the air in a new series conceived by Octavus Roy Cohen, the celebrated author. The program, called "Personal Column of the Air", is broadcast Mondays through Fridays over NBC-WHAM, at 11:15 A.M. "Personal Column of the Air" is a means of communication for persons who are trying to pick up the threads of old friendships and ties lost through accident, misunderstanding or time.

Football broadcasts over Columbia network Saturday, Princeton-Dartmouth; Thursday, University of Pennsylvania-Columbia and on Sat., Nov. 28, Army-Navy.

Richard Bonelli, prominent opera baritone, and Mildred Dilling, well known concert harpist, will be presented by Floyd Gibbons, master-of-ceremonies and commentator on the "Speedshow" to be broadcast over the Columbia network Saturday, at 9 P.M. Further developments in the Spanish conflict, some of which he saw himself, will be described by Gibbons.

As his name indicates, Conductor Peter Van Steeden is of Dutch origin, Amsterdam, Holland, being his natal city. However, he has lived in America since he was four. He is married to his childhood sweetheart, the former Margery Wells, and has three children.

## Y. M. C. A. NEWS

**Older Boys' Conference.** (Dec. 11-12-13.) At the present time, there are 8 boys from Clifton Springs, 8 from Phelps, and 6 from Canandaigua who would like to go, but the matter of transportation is a very difficult one and unless there is a rather large delegation, the chartering of more than one bus is highly improbable. Therefore the boys from Geneva who are planning to go must register this week in order to be sure of transportation.

**Spring Vacation Trip to Albany.** (March 29-30.) It is planned to leave on Monday morning at 7:00 and stop overnight at the Schenectady Y. M. C. A. A very interesting trip through the General Electric Plant is scheduled. While in Albany, the boys will go through the Capitol Buildings, Museum and Port of Albany. Twenty-four boys are now signed up to go and there is room for five more. The first five to sign up will be guaranteed transportation. If there is a great enough demand by Feb. 1, another bus will be chartered. Boys who have registered and who feel they cannot go will be refunded their money up to March 1 and after that, there will be no refunds except in case of illness.

**Renovations.** Improvements, to a certain extent, are continuing at the Y. M. C. A. and many friends are dropping in to see just what has been accomplished. Everyone interested is welcome to stop in at any and all times. At present, Chas.

by Ralph Le Brun

Mary Livingston, when asked about Mr. Benny and their home life, said that, "Contrary to what most people think, life with a comedian is not one long succession of wisecracks. At any rate its not in the case of my man Jack Benny. Another bubble I'd like to burst is that the private existence

of all people in the entertainment business is surrounded by what Hollywood press agents call 'glamour'. It certainly isn't so with us and I'd like to see a publicity man who could build a glamorous story around a guy who has little interest in going to night clubs and receives friends at home wearing an old red bathrobe and even older bedroom slippers."

Amos 'n' Andy, who have surprised their listeners several times in the past few months by having guest stars and adding feminine voices to their hitherto strictly duet program, will throw precedent completely to the winds by presenting their own minstrel show in place of their usual program on Friday evening, over NBC-WEAF. Freeman Gosden and Charles Correll, in their regular roles of Amos 'n' Andy, will be

## Rice Mexicana

- 1 cup uncooked rice
- $\frac{1}{2}$  clove garlic, minced
- 1 small onion, chopped
- 2 tablespoons fat
- $\frac{1}{2}$  medium-sized green pepper, chopped
- 2 teaspoons salt
- 2 teaspoons chili powder
- 1 cup canned tomatoes
- 2 cups brown stock

Wash rice through several waters and drain. Sauté with garlic and onion in hot fat until nicely browned. Add green pepper, salt, chili powder, tomatoes, and stock, and mix well. Cover and simmer 30 minutes, or until rice is soft. Remove lid during last 5 minutes of cooking to finish evaporation and to let mixture dry out. Yield: six portions. You may garnish this with diagonal slices of bananas rolled in egg and crumbs and fried; and ground meat may be added to the recipe if desired.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as pos-

sible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....." (naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

### LOCAL SHOE STORE WINS PRIZE IN NATIONAL CONTEST

On display in the window of Lattimer's Shoe Store, 492 Exchange St., is a Silver Cup which, together with \$25.00 in cash, was won as first prize in a nation-wide window display contest.

The contest, which ran for six weeks and closed Nov. 15, was conducted by D. Myers & Sons, Baltimore manufacturers of women's high styled shoes, and was open to owner-operated shoe stores throughout the United States.

Along with the prize cup there is also being shown a photograph of the prize winning window display. This photograph, taken by E. E. Stewart, of the Stewart Studio, Seneca St., is the same as the one submitted by Mr. Lattimer for the contest.

The judges of the contest were Wm. K. Friert, president of the Advertising Club of Baltimore; Harry W. Hahn, Jr., secretary, Wm. Hahn & Co., well-known shoe merchants, and Charles H. Roberts, vice-president of the General Sales & Service Co., Baltimore.

## Bloodhounds Make Mistakes

Despite the fact that detection through tracking by bloodhounds is admissible as evidence in the courts of numerous states, these dogs have made mistakes. Recently, observes a writer in *Collier's Weekly*, a pack of the hounds, although on the trail of a burglar, led the police to the home of an innocent man.

## Jericho in 6000 B. C.

Evidence that civilization existed in ancient Jericho in 6000 B. C. has been discovered by an expedition led by members of the Liverpool University's Institute of Archaeology. After digging beneath 17 layers of civilization that far predated the Bible story of Abraham and Lot, there was unearthed a shrine resembling the pre-Greek "Megaron," or "Holy of Holies."

Due to the growing interest shown in the amateur boxing bouts to be staged Friday evening, December 11, for the benefit of the Unaffiliated Boys' Club, the event will be held at the Hobart Gym, instead of the Y. M. C. A., as originally planned.

There will be thirty-one rounds of boxing and the headline event will be five rounds between Bert Courage, the "Hobart College Knockout King" and Joe Borrell, Endicott's tough blacksmith; the semi-final, 5 rounds, will be Sammy Angello, Central N. Y. Champion, Syracuse, vs. Chris Mordenga, of Rochester.

Other bouts will be: 5 rounds, Jackie Bullock of Hobart, vs. Heinz Voight; 5 rounds, Jimmy Evans, Auburn, vs. Stanley Felong, Rochester; 3 rounds, Jack Nelson, Fulton, vs. Jimmy Astorita, Seneca Falls; 3 rounds, Tommy Carter, Elmira Negro vs. Lou Landers, Syracuse.

Babe Risko, former world's middleweight champion, will be guest referee for the main event.

General admission for the show is \$1.10; reserved seats, \$1.65. Tickets are on sale at the Kraus' Smoke Shop; also at the Geneva Police headquarters from 9 a.m. to 5 p.m.

## LIBRARY NOTES

Some years ago the Geneva Daily Times inaugurated the "Christmas Gift Plan" for the Geneva Free Library. Under this plan, each year, a few weeks before Christmas there is printed in the Times a list of books which are needed by the library. Each year the friends of the library have responded generously and in this way have greatly increased the number of books acquired.

This plan does not mean that it is necessary to give only brand new books. However, the books presented, whether old or new, should be in good condition — that is, clean, with the pages whole and the covers intact.

In giving books to the library at this time it would be well to first consult with the librarian before choosing what you will give, in order to avoid duplication.

Several books have already been presented this year, with the promise of several more. The library is indeed grateful to the Times for sponsoring this plan and to the library's many friends who have been so generous.

AT RUSSELL-HART'S**

A novel arrangement for remote control of the entrance doors of their service garage has been installed by Russell-Hart Chevrolet, Inc., South Exchange St. With this arrangement no delay whatsoever is experienced by drivers wishing to enter the garage, as doors are opened and closed instantly from office or garage.

With the recent addition of all tools to facilitate fastest possible service on 1937 Chevrolets, Russell-Hart now have a tool board on which is mounted all special equipment for servicing Chevrolet cars, starting with the 1927 models, up to and including 1937.

**Insects Prolific Breeders**

Some idea of the importance of insect control may be gained from the estimate of one scientist that a single pair of gypsy moths, if unchecked, would produce enough progeny in eight years to destroy all the foliage in the United States. It has likewise been estimated that a single pair of Colorado beetles, without check, would multiply in a single season to 60,000,000.

"Noel" is the French name of the Christmas feast and of the old carols formerly sung in the French country churches at this season. Its derivation is from the Latin "natalis," meaning "born," and the word was originally shouted or sung to express joy over the birth of Christ. With the spelling "Nowel" it is found in Chaucer and other early writers.

### RADIO FLASHES

(Continued from page 3)

Efrem Zimbalist, playing in one of his few appearances for radio audiences, will be introduced as guest star of the Floyd Gibbons "Speedshow" program to be broadcast over the Columbia network, Saturday, at 9 P.M. The "Speedshow" broadcast will also include news commentary by Floyd Gibbons and popular music by Vincent Lopez's Orchestra.

A by-product of Edgar A. Guest's rhyming industry is writing Yuletide sentiments for a Minneapolis greeting card manufacturer.

On Saturday, at 5:30 P.M., over the Columbia network will be broadcast a new series entitled "Drama of the Skies" from the Hayden Planetarium in New York City. It will bring the director and a guest with odd information concerning the planets around us.

Freddie Bartholomew, English child actor; beautiful blonde Madeleine Carroll and Tyrone Power will be heard on the "Hollywood Hotel" program, Friday, at 9 P.M., over the Columbia network in a radio version of the recent smash screen hit, "Lloyds of London". Bartholomew, Miss Carroll and Power will reenact their moving picture roles in several scenes from the film.

## GLEANINGS

(From collection of quotations compiled by M. F. Devaney)

"The man who travels farthest is the one who depends mainly on himself."

"Govern your own actions and you will be able to govern a mighty province."

"More things would come to him who waits if they were not captured by him who waits not."

"Men are of two classes—those who do their best work today and forget about it, and those who promise to do their best tomorrow and forget about it."

"Work is the only capital that never misses dividends."

"Genius, after all, is only applied common sense."

"He who 'high hats' does not know that the limb with the best fruit bends low."

"What we call luck is simply pluck, and doing things over and over; Courage and will, perseverance and skill, are the four leaves of luck's clover."

"Opportunity always looks better going away than coming to you."

"He who aspires to high things, achieves high things."

(To be continued)

The donkey brays without apparent cause, a good deal like some automobiles.

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

Read each advertisement in this section carefully. Look for the "MISSING LETTERS" needed to make words or names spell correctly. These missing letters, when properly arranged on a separate sheet of paper, will spell the names of one or more of the advertisers in this section.

First write the names of the advertisers whose names can be spelled with the MISSING LETTERS; then down the left margin of your sheet list the names of the advertisers in whose ads the letters were missing and opposite the names of the advertisers write the words or names from which letters were omitted.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as possible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE FIVE READERS who send in the FIRST nearest correct lists. To the NEXT THREE whose lists are nearest correct we will give one ticket each to Schine's Geneva Theatre.

On the bottom of your list write: "I prefer merchandise from....." (naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

## THE FUNNYBONE

### Next In Line

May: "Just look at this perfectly gorgeous engagement ring Jimmie gave me last night."

June: "Good gracious! Has that ring finally got around to you?"

### The Truth

One of two fishermen was telling about a fish caught on a recent trip. "I tell you," he emphasized, "I never saw such a fish."

"He's right," added the companion.

### Why Not Be Polite?

Jud Tunkins says politeness compels you to wish a man Merry Christmas even in cases where you may not honestly believe he deserves it.

### Miscalculated

A colored man, after being rescued from a deep pond, was asked why he had ventured in when he couldn't swim.

"Well, to tell the truth," he said, "Ah didn't think at was so deep 'cause it only took that little duck up to its tail."

### Progress

"Most interesting," said the sweet young thing to the motorcar salesman, "and now show me the depreciation, please; I hear it is heavy in these cars."

"As a matter of fact, madam," replied the opportunist, "we found it a source of worry, and had it removed."

## FAIR WARNING

Wifey—Christmas demands have been very heavy, hubby. I'll have to buy you something cheap.

Hubby—In that case, wifey, I prefer socks to cigars.

### Y. M. C. A. NEWS

Friday, January 22, is the Fiftieth Anniversary of the Ladies' Auxiliary of which Mrs. F. J. Witter is president. Dr. James Lee Ellenwood of New York will be the speaker. All members of the Auxiliary, all former members and all mothers of all Y. M. C. A. boys are cordially invited to attend. Further details will be announced later.

135 boys recently heard Mr. H. E. Hovey tell of his trip to Africa and are eagerly awaiting Mr. Hovey's promise to show moving pictures of his trip, which he will do later when they arrive.

The Friendly Indian Club started a new Point Contest last week with Captain Lyman Hammond of "The Hawks" team, Captain Charles Krewson of "The Eagles", Captain Jordan Bruzee of "The Bluebirds" and Captain Donald Pederson of "The Cardinals". The present scores are:

Bluebirds, 473; Hawks, 289; Eagles, 259; Cardinals, 231.

New Year's Day saw 22 Basketball Teams in action on the Y. M. C. A. Floor. There were about 170 different players from Canandaigua, Phelps, Clifton Springs, and local boys.

President Chas. Mitchell is calling a meeting of the Board of Directors for Tuesday, Jan. 12, at which time definite plans for the Formal Opening will be perfected.

A special committee of ladies appointed by Pres. Mitchell is working on a Program for Girls. The following ladies are committee members:

Mrs. Ralph Meyers, Mrs. Corydon Wheat, Mrs. Robert Forward, Mrs. Thomas Carson.

In view of the fact that there have been so many changes going on at the Y. M. C. A., they have had to hold up work, but it is hoped within the next two weeks to announce the name of the Secretary who will assume the responsibility of this work.

The first meeting of the Junior Red Cross First Aid Class will be held Monday afternoon, January 11, at 4:00. Boy Scouts, in particular, are asked to take notice. 20 boys have registered and the enrollment is limited to 28. Please sign up at the Y. M. C. A. at once.

Gibbons, internationally known war correspondent and "headline hunter" will, himself, headline the cast of characters. Gibbons has been a colorful figure on the war news front since the days when Pancho Villa ravaged the United States-Mexico borderline of the Rio Grande back in 1916. Since that time he has covered every major or sporadic war disturbance, from the World War to the present Spanish civil outbreak and his portable typewriter has beaten out over fifteen million words describing a weary world's bloody march toward peace. Gibbons is in appearance what the average person imagines a war correspondent should look like. When broadcasting, his hat is pulled low over his broad forehead, his tie is loosened and his collar is open. He uses a table microphone and words race in torrents as he sweeps page after page of script aside.

One of the phenomenal young artists of the year, Betty Jaynes, 15-year-old school girl prima donna who astonished Chicago critics and public in her operatic debut a few weeks ago, will be the guest soloist with the Ford Symphony Orchestra and Chorus broadcast over the Columbia network, Sunday, at 9 P.M.

The world's fashion center has its eyes on boleros. The effect is even noted on a dinner dress with the yoke outlined in a lace or sequin banding.

Designed for spring—a wide shouldered, free-swinging cape to be worn over the most severe of the new spring silhouettes, the moulded, unbelted frock. The dress has inverted pleats at the front to give a fitted waist-line. The neck fold and cuffs may match the cape facing.

The one-tone costume becomes quite dreary, and although a flash of white at the neck of a dress helps, you need something more — a gay hat or scarf.

Suit-like frocks are smart because suits are smart.

The winter suit stops its buttons at the waist, and sets them inward more than usual. Pockets are placed high.

### Silly

Sonny sat on the lower step, his face resting in two hands.

"What's the matter, Sonny?" asked a gentleman.

"Nothin', just thinkin'," replied Sonny.

"What about?"

"Thinking how dumb trees are to take off their clothes in winter an' put 'em on in summer."—*Automobilist*.

### Dumb? Who?

Gus and Ole, at a northern fishing resort, hired a hotel boat and found great fishing at a certain spot in the nearby lake. So they decided to mark the place and come back for more sport after lunch. At the dock Gus said to Ole, "Ole, did you mark the place?"

"Ya," said Ole, "ay put chalk mark on side of boat."

"Are you dumb!" exclaimed Gus. "Maybe we don't get same boat after lunch."

### Invitation

The local party committee was getting ready for an impressive political rally with lots of commu-

nity singing thrown in for good measure. The song leader was rehearsing a large choir which was to be huddled around the microphone in the auditorium, and the number was "Onward, Christian Soldiers."

"In the third verse," said the leader, "only the sopranos will sing down to the 'gates of hell,' then you all come in."

## ADVERTISE CONSISTENTLY

A story is told that when Chief Rain-  
in-the-Face, a progressive Indian, was  
advised that a feather bed was extra  
comfortable, he procured a crow feather  
and planted himself on it for the night.  
When he awoke in the morning, stiff  
and lame, he exclaimed: "White man  
heap big liar. Feather no good bed."  
The Indian's experience leads Gerver's  
Ink Pot to present this parallel:

"If you use advertising in the same  
way that Chief Rain-in-the-Face used  
feathers you will get the same propor-  
tion of results. A single advertisement  
in a year is worse than wasted because  
it leads you to believe that advertising  
is no good. If advertising is to produce  
good results, it must be taken steadily,  
persistently and in sufficient quantities  
to be effective—just like the feathers."  
—E. W. Huse in the Wayne (Neb.)  
Herald.

An unusually smart dress — a completely plain front, except for a draped high neck-line; an interesting side-view with shaped side sections; a back with a full inset back blouse and a slightly flared back skirt panel.

A jacket blouse and separate vest is new life for an old skirt.

Sheer woolen is suggested for a two-piece frock which looks like a suit.

A cardigan jacket to wear over a dart-fitted blouse is another idea.

One lovely evening frock shows a revival of that most charming décolletage — the drop-shoulder neckline with a fitted bodice, built up waist-line in front and flaring skirt. Tiny buttons trim the bodice in front.

Your choice of fabric for such accessories as the gilet, ascot, and sash girdle will determine the versatility of your dress. So consider, lamé, sheer cottons, chiffon, contrasting and brilliantly coloured crepes, casual prints and satin.

CBS and NBC have both prepared extensive and interesting coverage of the event.

Fred Allen's personal stationery bears a caricature of himself caught between the pages of Joe Miller's Joke Book.

Bob Trout, Columbia's popular public events announcer, will make his debut as a new type of radio commentator on the weekly series of "Headlines and History" programs to be presented over CBS, Sundays, at 1:45 P.M. A monthly grand prize of \$250 will be contributed by Floyd Gibbons for the best of the "True Adventures" used on his weekly dramatic series each Thursday over the Columbia network, at 10 P.M. As an additional stimulus, Gibbons will pay \$25 for each story contributed by listeners and used on the program.

He dashes onto the studio stage with Graham MacNamee for each comedy spot, and leaves just as quickly at the end of the last gag. This circuit is repeated five or six times during a broadcast, and at the end of the thirty minutes, Ed and Graham are ready for the showers.

The leather-lunged listeners of the Pacific Coast will at last have a chance to prove to the nation that their vocal capabilities are as great as those of Eastern group singing enthusiasts. Because Milton Berle and Jolly Gillette, "the sponsor's daughter", have motion picture commitments in Hollywood, the Sunday night "Community Sing" will be broadcast from the CBS studios in the film capitol beginning with the program of January 31. From that time on, West Coasters will gather each week in one of the studios to join voices in singing the old time favorites which are featured each week.

1 cup sugar  
2 tablespoons melted shortening  
2 eggs (separated)  
2½ cups rolled oats  
¾ teaspoon salt and 2 teaspoons baking powder  
1 teaspoon almond extract

## Wiener Meat Loaf

3 wieners  
1¼ lbs. ground beef  
1 onion grated  
1 egg  
1 cup bread crumbs  
4 slices bacon  
1 teaspoon salt, pepper to taste  
¼ teaspoon ground thyme  
Milk enough to moisten  
Mix the beef with the bread crumbs, onion, salt, pepper and thyme. Then add the beaten whole egg. Mix thoroughly. If the consistency seems dry a little milk may be added. Place a layer of meat in a loaf pan, then the three wieners laid lengthwise, and then the remainder of the meat. Pat into shape. Place the four strips of bacon on top, and bake in a moderate oven of about 325 degrees for one hour.

of the United States, the American Philosophical Society was told recently by Prof. William B. Scott of Princeton.

Mankind has a priceless gift in the pain that comes to him as a warning that something is wrong. It is an alarm system without which he could not live for long. But it is not always easy to tell the meaning of pain. Pain in one place may be "referred"—that is, the cause may be in another region. Headache may mean any one of a dozen things. Abdominal pains are often deceptive. Pains in the foot or hand, usually mean disorder close to the seat of pain. Pains which persist, or are severe, require explanation by a skilled physician, accustomed to distinguish between the true and the false, who will attribute them to their actual causes.

Goethe said:

Talent is built in solitude; character in the stream of the world.

Failure might bring one a happier life than success that keeps one's nose to the grindstone.

The real test of civilization is the proper use of leisure, just as the use of one's diversion is a true key to the character of a man.—Professor William Lyon Phelps.

# FATHER HUBBARD TO LECTURE HERE FEB. 4

More than ordinary interest is being manifested in Geneva and surrounding territory in the coming visit to Geneva of Father Bernard Hubbard, famous Alaskan explorer.

Father Hubbard, who is known as "The Glacier Priest", will give a talk in the Regent Theatre on the evening of Thursday, Feb. 4. The lecture, which will be accompanied by moving pictures, will be open to the public and tickets may be obtained at the S. A. Gilbert Jewelry Store and also at the Hill Book Shop.

The Geneva Unit of the National Council of Catholic Women are sponsoring the lecture and are to be highly commended for their efforts in making available to a Geneva audience an internationally known figure such as Father Hubbard.

Patent leather is back with a bang for early spring. Its slick, shiny surface is the most effective tonic you'll find for winter-jaded clothes. Try shoes of it! Try a bag of patent leather!

A dress you can wear now under a black fur coat — one of black crepe lightly sprinkled with white petals, not regularly, but in clusters that thin out into sparse dots. Double pleated ruching around the neck hints of spring, yet retains enough of black to be appropriate even in zero weather and snow flurries.

Destined to turn drab days into brilliant occasions — a dress of black crepe — the blouse splashed with wool embroidered flowers, and a parachute skirt.

Peach stones, nuts and acorns, and shells of all sizes and descriptions are among the newer notes in dress and coat buttons. They also appear in ear-rings, buckles, bracelets and clips.

Although designed primarily as hostess gowns, floor-length house coats of soft wool flannel add a touch of glamour to the hours of leisure. Wool flannel is appearing now in rich black as well as glowing monotones, lovely pastels, English tie prints and amusing blazer stripes.

What the well dressed college professor will wear is illustrated by **Jack Oakie**, president of "Jack Oakie's College" as garbed in this chaste cap and gown, he broadcasts a plea to his faculty for a little more fun in the classroom. Why not enroll for your course of study now? **Columbia — Tuesdays, at 9:30 p.m.**

"Variety Show", a new radio series presenting real college entertainment broadcast direct from the campuses of many of the country's universities, will make its debut with a broadcast from the University of Michigan, at Ann Arbor, on Friday, at 10 P.M., over NBC Red network under the sponsorship of the Pontiac Motor Co. John Held, Jr., illustrator and cartoonist, will act as master of ceremonies. Broadcasts already have been arranged from the Universities of Chicago, Ohio State, Notre Dame, and Pennsylvania.

President Roosevelt will broadcast from the White House an address on the Warm Springs Foundation for the fight against infantile paralysis on Monday over the Columbia network, at 10:30 P.M. This is part of the plans which will be climaxed Jan. 30 with a nation-wide series of Birthday Ball celebrations for the President, proceeds of which will go to the Warm Springs Foundation.

old, leaving a grocery store to take a character part in "School Days". This experience led him through vaudeville into burlesque and hard times. The sun shone again when the Schuberts took him under their wing. He was such a hit at the Winter Garden that Ziegfeld bought his contract from the Schuberts at a fancy price and featured him in the Follies. The "Baron" made his radio bow seven years ago, but took a rest of a year and a half before returning to the NBC-WHAM network over which he is heard Mondays, at 9:30 P.M.

Playing selections by Chopin and Liszt, Josef Hofmann, world famous pianist will be guest soloist with the Ford Symphony Orchestra and Chorus broadcast over the Columbia network, Sunday, at 9 P.M.

Robert L. Ripley's island retreat in Long Island Sound near Mamaroneck, N. Y., is called "Bion Island", the name being compounded of the initial letters of his famous "Believe-It-or-Not" trademark. It is a veritable treasure island containing a 22-room house furnished with magnificent objects of art and priceless curios gathered by the NBC broadcaster and cartoonist in all parts of the world.

The famous Liederkrantz Society of New York, a chorus of 70 voices, will broadcast a special concert over the Columbia system, on Saturday, at 4:30 P.M.

## Potato Puffs

Beat 2 cups hot mashed potatoes until smooth. Stir in 1 beaten egg, 1 teaspoon grated onion, and small amount of milk if potatoes seem too dry. Season with salt and pepper and drop by spoonfuls on buttered baking sheet. Bake in quick oven until light and nicely browned. Serve at once.

## Date Pinwheels

1 cup butter or ½ cup butter and ½ lard  
2 cups brown sugar  
3 eggs  
4 cups flour, sifted with 1 teaspoon each soda and cinnamon and ¼ teaspoon salt. Mix in order given and chill. When firm, divide in two parts, roll dough ⅛ inch thick and spread with filling. Roll like jelly roll, chill and when firm, slice and bake in 375° oven.

Filling:

1 cup chopped dates  
½ cup white sugar  
½ cup water

Stir together and cook about five minutes. Remove from fire and add ½ cup chopped nut meats.

H. L., Hillcrest Ave.

## Southern Liver Pudding

2 lbs. pork or beef liver  
2 onions cut fine or grated  
1 teaspoon salt, pepper to taste  
2 quarts water  
1 cup cornmeal  
¼ teaspoon sage

Wash liver in cold water and remove any large membranes or blood vessels. Cook in water until tender with pepper, salt and onions. Cool. Put through food chopper. Save the water in which the liver was cooked and bring to boil. Add cornmeal and cook until it is like a thick mush. If the water has boiled down very much, enough more must be added to make it of the consistency of mush. Add the ground liver and mix thoroughly, adding the sage at the same time. Pour into bread pan and put in cool place to harden. When very stiff it is sliced and fried as fried mush. In the Southern states this dish is frequently served for breakfast.

Mrs. F. L. G., Highland Ave.

## Butterscotch Biscuits

Mix and sift 2 cups flour, 4 teaspoons baking powder and 1 teaspoon salt. Work in 4 tablespoons butter. Add 1 cup milk and mix lightly. In muffin pans place ½ teaspoon butter, 1 teaspoon brown sugar and 2 pecan nuts. On top of this mixture place 1 tablespoon of the biscuit batter. Bake in a hot oven, or at about 400 deg.

## BIRTHDAY BALL FOR THE PRESIDENT

It is expected that at least 500 couples will attend the President's Birthday Ball in the State Armory, Geneva, on Friday evening, January 29.

The party in Geneva will be one of many similar affairs held throughout the nation in a country-wide campaign to help stamp out infantile paralysis.

The present will be the fourth year in which Birthday Parties have been held for the President and he has again approved of the plan whereby 70% of the proceeds raised by the local Ball will be kept in Geneva and distributed for the treatment of crippled children. The remaining 30% will be turned over to a National Committee for delivery to the President, to be presented by him to the Georgian Warm Springs Foundation for the continuation of its part in the national fight against infantile paralysis.

At the time of the 1935 ball in Geneva a permanent local committee, consisting of City Treasurer Carrollton Roberts, chairman; Harold Simpson, treasurer; Dr. W. W. Maloney; Mrs. Irving A. McGrew; Mrs. Rachel Palmer, and Alvy Boyd, was appointed to supervise the use of the local fund.

Mayor H. T. Maxwell is honorary chairman of the 1937 President's Ball in Geneva and Bernard J. Dee is the active general chairman heading a large list of well known citizens acting as chairmen of assisting committees.

## GLEANINGS

(From collection of quotations compiled by M. F. Devaney)

"More men pray than are willing to admit it."

"The virtue we require in our friends is not always the one we offer them."

"Sometimes the man who laughs the loudest has the heaviest heart."

"Experience is the name some men give to their mistakes."

"It is only the courageous who have the promise of victory."

"Fate gives us acquaintances and we make them into friends."

"We find happiness many times just because we have been looking for something else."

"It is great to have a high office, but greater to keep faith with the people who put you there."

"Scarcely any man lives as well as he knows."

"Many have escaped criticism by doing nothing."

(To be continued)

An apple pie just out of the oven creates its own demand.

## GASOLINE IS CHEAP! ONLY THE TAX IS HIGH!

Every third day service station receipts go for taxes!

Every third dollar you pay for gasoline and oil goes for taxes!

Tell your Legislators: State gasoline taxes should be reasonable; revenues spent only for roads; the Federal gasoline tax should be repealed!

Gasoline sales taxes cost YOU, each year, more than \$28.00.

The greatest need today is a looking up and lifting up to things that are worth while, not a looking down to the earth-weights, with which for so long we have been burdened. ## A NATIONAL CALAMITY

That magnificent organization, The American Red Cross, has again come to the rescue in the terrible flood emergency now existing along the Ohio and Mississippi Rivers. Contributions to help carry on this work are being received by W. Horace Rogers, treasurer for Disaster Relief Funds, at the National Bank of Geneva. No one has ever had an opportunity to contribute to a more worthy cause.

## LARGE TICKET SALE FOR FATHER HUBBARD LECTURE

At the completion this Spring of his present lecture tour, Father Hubbard, "The Glacier Priest", who is to give an illustrated lecture at the Regent Theatre, Geneva, on Thursday, Feb. 4, will prepare for further exploration work.

This time Father Hubbard's search will be for land which, he says, "definitely exists in the unexplored areas north of Siberia."

Although Father Hubbard is head of the geological department of Santa Clara University, California, he has been on leave for five years and intermittent leave for five years prior to that for the purposes of carrying on his Alaskan explorations.

With the knowledge gained and pictures taken during this ten year period as the basis of his lecture in Geneva all who attend are assured of a rare treat.

Tickets are on sale at the Gilbert Jewelry Store and the Hill Book Shop.

In cold weather your hands are likely to look their worst unless they have special care, so any improvement program this time of the year should include extra handwork. Wear gloves to keep your hands warm and to protect them from becoming rough and dry. Use lotion twice as often as you do in summer. Oil the base of the nails twice a day. At night, smooth your face cream into your hands, massaging thoroughly, to bring up circulation. This attention, with a regular manicure, will keep them worthy of any occasion.

## RADIO FLASHES

by Ralph Le Brun

In an investigating mood to determine just what makes the wheels of a program go 'round, Columbia's unofficial statistician plunged into busy scenes backstage of the Radio Playhouse the other day. He found that the "Bandwagon" (Kate Smith's Variety Hour), was propelled by a plant of sixty-six artists, technicians and office workers who contribute directly to the broadcast. Of that number, 49 are heard on the air. Headed by Miss Smith herself, they include Ted Collins, producer, the 23-piece orchestra led by Jack Miller; four guest artists, Andre Baruch, announcer; Bert Parks, announcer; the "Command Appearance" hero or heroine; six actors and actresses and Ray Collins, all engaged in the dramatizations of heroic deeds; the LeBrun Sisters, girl trio, and the Ambassadors, male trio.

Lupe Velez, scintillating screen and stage star, and Johnny Weismuller, her athletic actor-husband, will be heard in a unique appearance as a singing team when they are presented as guests of Floyd Gibbons' "Speedshow" over the Columbia network, Saturday, at 9 P.M. Weismuller is reported to be spending spare moments reducing to proper microphone strength the lusty voice with which America became so familiar as a result of his role in the motion picture, "Tarzan".

The following notes are a summary of extensive data on short wave reception contained in the "Guide to Reception of Short-Wave Broadcasting Stations", published recently by the U. S. Bureau of Foreign and Domestic Commerce.

"Broadcast transmission at 49 meters is most reliable when received from a distance of 300 miles or more, although good reception at distances greater than 1500 miles can be expected only when a large portion of the signal path lies in darkness.

"Thirty-one meter stations afford greatest reliability of service to receivers situated at a distance exceeding 800 miles. Good reception from distant stations in this band is possible both day and night.

"Reception from stations operating in the 25 meter band is most common when a span of 1000 miles or more separates the receiver and the transmitter. Such transmission over distances of less than 2000 miles will be received best during daylight hours. The more

distant stations, however, can still be heard well after nightfall under favorable conditions.

"In the 19 meter band, stations situated at a distance of 1500 miles or greater will be found most satisfactory. Signals in this band will generally be heard during daylight hours—rarely after nightfall or when any appreciable portion of the transmission path is in darkness. Wavelengths below 19 meters are useful only when transmitted entirely through daylight and over long distances (2000 miles or more); ordinarily they cannot be received after sunset."

Birds are defective in the sense

faculty is of any use to them.

If the legs of a man correspond-

ordinary two-story house.

Intestinal complaints are often  
caused by defective diet. Sluggish-  
ness may be helped in many cases  
by a diet with increased fruits and  
fresh vegetables, drinking plenty  
of water, and avoiding cathartics  
unless advised by a physician.

Thousands of persons have died  
as a direct result of taking a cat-  
hartic for abdominal pains which  
were caused by appendicitis. Find  
out what's the matter with a ma-  
chine before you start repairing it  
is a good rule to follow.

Diet is an element in predisposi-  
tion to some ailments. Anyone suf-  
fering from gall-bladder trouble  
should cut down on fats and oils,  
such as butter and salad dressing.  
Sugars should be reduced. Plenty  
of water helps, as does buttermilk.  
Nobody does a very good job of  
selecting his own diet—this is a

# "EASY MONEY" -- READ CONDITIONS CAREFULLY -- "EASY MONEY"

First—Down the left margin of a sheet of paper write the letters of the name, or names, appearing in the first space below; (called the key).

Next—Read carefully each advertisement in this section . . . selecting words, from any of the ads, but not ads in consecutive order . . . which contain one of the letters listed on your sheet. For instance, if the name on the margin of your sheet should start with "A", find a word, such as "and", or "repairing" (or any word in which the letter "a" appears), and write that word after the letter A; continue — selecting a word from some ad to follow each letter;

Then—After each of the words selected write the names of the advertisers from whose ads you took the words listed. Select only one word from any one ad.

Mail your list to "Easy Money Editor," Geneva Community News, Geneva, N. Y., as quickly as possible—each week. An award of \$1.00 IN MERCHANDISE (from any advertiser whose ad appears anywhere in this week's issue—excepting Theatres)—will be made to EACH OF THE THREE READERS who send in the FIRST correct lists. To the NEXT THREE whose lists are correct we will give a pair of tickets to Schine's Regent Theatre.

On the bottom of your list write: "I prefer merchandise from....."—(naming the advertiser in today's issue from whom you wish merchandise if YOU are one of the first five winners).

Contest is open to entire public except associates of the Geneva Community News.

## STAN HARRIS' MUSIC FOR BIRTHDAY BALL

With the interest being displayed in Geneva and vicinity there is no doubt that a large crowd will attend the Birthday Ball for The President, to be held in the State Armory, Friday night, January 29.

Stan Harris and His Orchestra of ten pieces, with four vocalists and using an amplifying system, has been engaged to provide the music.

This orchestra is well known throughout Central New York. During the past four years they have played for many of the large fraternity dances at Cornell and have engagements booked ahead there for the balance of the college year. Parties at Syracuse University fraternities, as well as at many of the larger schools, clubs and for fraternal organizations in the Central New York territory are among the engagements which this orchestra fills regularly.

Dancing for the President's Ball in Geneva will be from 10 to 3 and tickets are \$1.00 for either individuals or couples. Of the proceeds 70% remains in Geneva and 30% goes to the Georgia Warm Springs Foundation, in the support of which President Roosevelt is vitally interested.

In holding the Birthday Ball in the Armory under the sponsorship of a citizen's committee Geneva is joining with thousands of other communities throughout the country where similar parties are being held in support of a national campaign to help stamp out infantile paralysis.

## CHOWDER SALE

The A. Boyd-Johnson Group of the Missionary Society of the First Methodist Church will hold a Clam Chowder Sale at the Church on Friday, January 29. Phone orders to 5773 or 5166. Price 30¢ a quart.

"Charlie McCarthy", a dapper runt and a blockhead if there ever was one, is radio's newest comedy star. Charlie, in case you don't know, is the wisecracking dummy of Edgar Bergen, the ventriloquist, whom Rudy Vallee has just signed for an extended engagement for his Variety Hour, heard over the NBC-Red Network on Thursdays, at 8 P.M.

## CASH FOR LETTERS

EACH WEEK a CASH AWARD  
of \$3.00 will be offered for the best  
letter received about the store, busi-  
ness, products, or services of one of  
the merchants listed on this page.

In addition to the Cash Award,  
a pair of tickets for Schine's Ge-  
neva Theatre will be given to the  
writers of the next TWO best let-  
ters.

This week the business concern  
about which you are to write is:

**BOLIN MUSIC HOUSE**

551 Exchange St. Phone 2788

What do you know about this  
business house? Do you know what  
merchandise they handle? Is it  
anything besides sheet music? Who  
is the head of the Bolin Music  
House? Is it new in Geneva, or  
how long established? Have you  
ever purchased from them? If you  
have . . . surely you have been well  
pleased and can write an interest-  
ing letter.

NOTE — the above ARE NOT  
definite questions for you to an-  
swer, but just suggestions. Write  
anything you want to — (not too  
long a letter) — and the subject and  
your experience will be what will  
count rather than correct gram-  
matical expression, spelling, etc.

If you are not familiar with the  
Bolin Music House . . . go in, look  
around, ask any question you  
wish. You'll find many interesting  
things on display. Write about  
these, or any one of them, if you  
wish.

You have until next Monday to  
mail your letter, but we suggest  
you do it as quickly as possible —  
don't put it off.

We reserve the right to publish  
any letters, but if writers, for any  
reason, prefer we use only their  
initials we will comply. All letters  
must, however, bear complete  
names and addresses when sent in.

Here's your chance for CASH  
for a Letter. Mail letters to "Let-  
ter Contest", Geneva Community  
News, Geneva, N. Y.

## LIBRARY NOTES

If you are going to hear Father Hubbard's lecture on Alaska, and even if you are not, it would be worth while to stop in the Geneva Free Library and look at the exhibit of articles brought from Alaska by various people who have been there. The exhibit includes, among other things, a very lovely totem pole carved from walrus ivory, an antique medicine man's rattle, beads carved from fossilized walrus ivory, and post cards showing the beauties of the country, as well as books describing the country and its people.

PLAY AND DANCE  
AT HALL

A three act play, "Aunt Emma Sees it Through", directed by Flora Bishop and under the sponsorship of the Hall Grange will be given by the Hopewell Grange, at Hall, N. Y., on Monday, Feb. 1. Tickets, 25¢ and 35¢. There will be dancing after the play.

See page 11—Cash and other awards for letters.

Readers may compete in both the "Easy Money" and Letter Writing contests each week.

## CASH FOR LETTERS

**EACH WEEK  
A CASH AWARD OF \$3.00**

will be given for the most interesting letter received about the store, business, products, or services of one of the merchants listed on this page.

This week the award will be given for the most interesting letter about:

**JACK & JILL  
317 MAIN ST.**

What does "Jack & Jill" mean? Is it a business or product, or both? Does the word "originators" bring anything to your mind? Is "Jack & Jill" something new in Geneva? What about "butterfat" in connection with "Jack & Jill?"

Have you ever purchased from them? If so . . . surely you have been well pleased and can write an interesting letter.

NOTE—the above ARE NOT definite questions for you to answer . . . just suggestions. Write anything you want to—(not too long a letter)—and your experience will be what will count rather than correct grammatical expression, spelling, etc.

If you are not familiar with "Jack & Jill" . . . stop in, look around, ask any questions you wish. You don't need to make a purchase.

You have until next Monday to mail your letter, but—don't put it off . . . do it as quickly as possible. However, it's the most interesting letter received . . . not necessarily the first one . . . that wins the award.

While we reserve the right to publish any letter, if writers, for any reason prefer we use only their initials, we will comply, but sign complete name and address when sending your letter to us.

Here's your chance for CASH FOR A LETTER. Mail to "Letter Contest", Geneva Community News, Geneva, N. Y.

## Maple Nut Cake

- 1 cup brown sugar
- $\frac{1}{3}$  cup shortening
- 2 egg yolks
- $\frac{3}{4}$  cup milk

Sift together  $1\frac{1}{2}$  cups flour, 2 teaspoons baking powder and  $\frac{1}{2}$  teaspoon salt. Cream sugar and shortening, add egg yolks, beat well and add milk. Combine with dry ingredients, add 1 cup chopped nut meats and flavoring. Bake in loaf pan for 35 minutes in moderate oven. Frost with any desired frosting and sprinkle with chopped nut meats.

Mrs. C. K., Seneca Castle

## Cloverleaf Rolls

(By Syracuse Home Bureau)

- 2 cakes compressed yeast
- $\frac{1}{2}$  cup water
- $\frac{1}{3}$  cup milk
- $\frac{2}{3}$  cup shortening
- 2 eggs
- $\frac{2}{3}$  cup honey
- 1 cup warm mashed potatoes
- 1 teaspoon salt
- $6\frac{1}{2}$  to 7 cups flour

Dissolve yeast in lukewarm water. Scald milk and add shortening, honey, mashed potatoes, and salt. Blend well. Cool to lukewarm and add well-beaten eggs. Add enough flour to make a soft dough that will not stick. Knead for 10 minutes, wrap in wax paper or put in tightly covered bowl. Store in refrigerator and use as needed. Dough will keep several days.

To make Cloverleaf Rolls form dough into small balls that will fill a muffin pan about one-half full. Place three balls of dough in each greased muffin pan. Let rise until light or double in bulk. Bake in moderate oven (375 degrees F.) 10 to 15 minutes. Yield 3 dozen rolls.

## Marshmallow Sweet Potatoes

- 8 med. sized sweet potatoes
- 1 teaspoon cinnamon or nutmeg
- 1 teaspoon paprika
- 2 tablespoons butter
- $\frac{1}{2}$  cup hot milk
- 1 cup chopped walnut kernels
- $\frac{1}{2}$  teaspoon salt
- $\frac{1}{2}$  pound marshmallow

Cook sweet potatoes until tender, remove skins and mash. When free from lumps, beat in butter, milk, salt, cinnamon or nutmeg and paprika. Beat well. Fold in walnut kernels, turn into a buttered baking dish, cover with marshmallows. Bake in moderate oven (350°) until marshmallows puff and are a golden brown. (Serves 6).

L. A., Lafayette Ave.

## Walnut Kisses

- 2 cups sugar
- 1 cup white corn syrup
- $\frac{1}{2}$  cup coarsely chopped black walnuts

Boil sugar and water together until a small amount of syrup forms a hard ball in cold water (265 degrees F.). Then, without stirring, pour onto a buttered platter and spread black walnut meats over the top quickly so they will sink into the hot syrup. When cool enough to handle pull as you would taffy, working the nuts through the candy thoroughly. When white and too stiff to pull any more, stretch out in long lengths and clip in small pieces with scissors. This is a very rich and delightfully flavored kiss. Approximate yield: 50 pieces.

## A City Yet to Be Built

Not only is there no Christian  
country, there is not even a Chris-  
tian city in the whole wide world. A  
Christian city would be a city with-  
out slums, without jails, without  
poverty, without unemployment,  
without injustice, without drunken-  
ness, without vice, without jealousy,  
without hatred, without bitterness.

A Christian country would be a  
country without guns, without lux-  
ury for the few and hunger for the  
many, without bribery, without  
graft, without oppression.

This is remarkable. With so many  
Christians in the world it is surpris-  
ing that no such country or even a  
city has not long ago been establish-  
ed. Yet it has never been done, per-  
haps not even attempted.—Addison  
H. Graff, in the (Philadelphia)  
Messenger.

No law will govern hats. There'll be sombreros with highish crowns, turned-up brims of Breton identity, rolled toques remotely like tambourines, semi-high crowns above curved brims that lift up on the side in a good-humored smile, hats worn slightly off the forehead, hats with no symmetry in their movement.

—D—

New fastenings will absorb universal attention: buttons, pompons, stitchings, anything to give a refined feeling of decoration.

—D—

Boleros will pepper the day and evening — strict, but feminine boleros treated in the short, fitted Spanish style or in the loose Mexican spirit; boleros that add height and youth to the figure and agree so happily with the new hats.

## RADIO FLASHES

by Ralph Le Brun

**Frank Parker,**  
popular tenor  
of the  
Ripling  
Rhythm Revue  
heard  
over  
NBC-WHAM,  
Sunday,  
at  
9:15 P.M.

"Calling all boats . . . Calling all boats." This dramatic appeal flashed across the nation last week at Louisville, through its powerful station WHAS and a unprecedented emergency network of cooperating stations, fought to evacuate refugees marooned in flood-stricken areas. Working in studios lighted only by candlelight and operating at times on precious electric power imported from another city, the broadcasting crews remained continuously on the air to link police and relief headquarters with boats and other transportation crews engaged in rescuing marooned families, aiding the ill, or warning others to flee the advancing waters.

Simultaneously, at Cincinnati, hard hit like Louisville, broadcast stations worked tirelessly to bring help and distribute information for its stricken area.

While the broadcast stations were thus doing their share of relief work throughout the flooded areas, the radio amateur operators were setting up an elaborate communication net. At the first indication of danger, forewarned by past experience and prepared for any emergency, the "hams" cleared their bands of casual traffic and "stood by" ready to serve any area in which the regular communications channels had been destroyed or badly overloaded.

Although amateur radio served as the sole communications link in but a few isolated cases, it proved a valuable adjunct to the badly overcrowded telephone and telegraph channels.

Pope Pius XI's benediction on the delegates attending the Thirty-Third International Eucharistic Con-

gress in Manila, P. I., which is to be broadcast by short-wave from the Vatican, will be picked up and rebroadcast in the United States, from 8:00 to 8:05 a.m., E.S.T. It will be followed by an English translation from 8:05 to 8:10 E.S.T. (Sunday, Feb. 7—NBC-WHAM.)

Uncle Ezra's broadcasts from "the powerful little 5-watter down in Rosedale" are written by their creator, Pat Barrett, in an office building in Chicago's Loop. There is no other office like it in the country. An old fashioned horse hair sofa, a big rocker, a rag rug on the floor, chromos on the walls and hand-embroidered lace doilies on the chairs are part of the old-time furnishings to re-create the atmosphere of a Rosedale sittin' room.

Of the 45 members of Frank Simon's Concert Band, 15 once played with John Phillip Sousa. Simon was cornet soloist and assistant conductor with The March King for years.

Woman in crowded car, to friend: "I wish that good-looking man would give me his seat."

Five men immediately stood up!

### Pointless

Teacher: "If you subtract fourteen from a hundred sixteen, what's the difference?"

Tommy: "Yeh, I think it's a lot of foolishness, too."

### Too Late

Daughter: "But, dad, when I do think, the girls have changed the subject?"—*London (Ont.) Free Press.*

### Pulled Through

Two drunks were babbling about cradle days as they leaned heavily against the bar.

"You know," said one, "When I was born, I only weighed a pound and a half; and that's a fact."

"You don't shay," said the other. "Did you live?"

"Did I live," exclaimed the first.

"Shay, man, you ought to shay me now."

"I don't think you'd better sing 'O Promise Me' at the wedding," said the best man.

"Why not?" asked the singer.

**THE CAR TRACKS**

Congratulations to the Board of Public Works and the Aldermen for getting together and working out a tentative plan for starting work this year on the removal of the dangerous old trolley tracks from the city streets.

The present plans call for removal or covering of rails from Milton, Lewis (from Exchange to Genesee), Main (from Seneca to Castle) and removal of rails on Seneca Street hill; the remainder of the rails to be covered or removed during the following four years.

Here's hoping nothing happens to prevent carrying out these plans.

An inmate of a penitentiary was called into the warden's office.

## CASH FOR LETTERS

**EACH WEEK****A CASH AWARD OF \$3.00**

is given for the most interesting letter received about the store, business, products, or services of one of the merchants listed on this page.

This week the award will be given for the most interesting letter about:

**C. S. BURRALL & SON**50 Linden St.  
Phone 2443Residence  
Phone 6434

In what line of business is C. S. Burrall & Son engaged? How long established in Geneva? Ever had dealings with them? If you have . . . there is no question about your having found them a mighty fine house to deal with and there's no doubt you can write a very interesting letter about them or their line of business.

NOTE — the above ARE NOT definite questions for you to answer . . . just suggestions. Write anything you want to — (not too long a letter) — and your experience will be what will count rather than correct grammatical expression, spelling, etc.

If you are not acquainted with C. S. Burrall & Son . . . stop in, ask any questions you wish. You'll find them very accommodating.

You have until next Monday to mail your letter, but — don't put it off . . . do it as quickly as possible. However, it's the most interesting letter received . . . not necessarily the first one . . . that wins the award.

While we reserve the right to publish any letter, if writers, for any reason prefer we use only their initials, we will comply, but sign complete name and address when sending your letter to us.

Here's your chance for **CASH FOR A LETTER**. Mail to "Letter Contest", Geneva Community News, Geneva, N. Y.

Spring prints are swarming down on us by the thousands. The flower ones are lovely, the picture prints amusing and smart. Evening prints are simply gorgeous. It's nothing to count as many as ten colors in one evening print—many of them shades you wouldn't have dreamed of putting together. The whole effect is indeed spirit-lifting.

## Prices advance February 20

## RADIO FLASHES

by Ralph Le Brun

Probing deep in the legal tomes of the nation, Charles Martin, dynamic young radio writer and director, has uncovered a source of material for his new series of radio thrillers. To be heard over the Columbia network Saturdays, at 8:30 p.m., "Circumstantial Evidence" will be a weekly dramatization of famous cases wherein innocent persons have been convicted, sentenced, and saved through last minute interception of justice after admission of new evidence. In all possible instances, the principal in each case dramatized will appear in person at the microphone.

Hildegarde, the Milwaukee girl whom England and Paris know as well as New York, will contribute to the Coronation ceremonies in London. She has an engagement to appear at the fashionable Ritz Hotel.

To "Professor Quiz", heard over CBS, Sundays, at 7 p.m., came the following letter: "I am a teacher in the public schools here (Orlando, Fla.). In a test I asked my history class to name a great educator. Over half the class named Professor Quiz. Of course I could not count this wrong because your program is very educational."

John Shea believes in the "luck of the Irish". Until a few weeks ago he was one of many students at the University of Southern California, with an ambition to become an actor. Now at 25, Shea has won a contract with Warner Brothers as a result of his appearance on the "Do You Want To Be An Actor?" program, conducted by Haven MacQuarrie and broadcast Sundays, at 8 p.m., over NBC-WEAF from studios in Hollywood.

The common belief that a bandmaster's life is just one hike after another is all the bunk according to Frank Simon, who conducts the Armco Band, heard over NBC-WHAM, Tuesdays, at 10 p.m. In his own case, he declares that in his thirty years of professional band playing he marched only once. This was when "Hip Hip Hooray" opened at the Hippodrome in New York. Simon was cornet soloist in that production. The street march was for the purpose of ballyhooing the show.

### WINNEK POST EXPRESSES APPRECIATION

Editor, Geneva Community News  
 Geneva, N. Y.

Dear Sir:

As Commander of Winnek Post Number 396, American Legion, Department of New York, I wish to publicly express the appreciation of the Post and also my personal appreciation for the generous co-operation and liberal contributions of the citizens of Geneva and vicinity in connection with the recent loading of a car of merchandise to help alleviate the suffering in the flooded areas of our country. Our Post realizes that this humanitarian effort could not have been accomplished without the hearty co-operation of our entire community.

The car in question was loaded on Jan. 28 and 29 and was forwarded via Lehigh Valley R. R. to Indianapolis, where it arrived at 5:30 A.M. on Feb. 1. Immediately upon arrival it was turned over to the Red Cross and the American Legion for distribution.

Very truly yours

(Signed) JAMES H. GUINAN

1 egg (well beaten)  
½ cup seedless raisins

Sift together flour, baking powder, salt and spices. Then add brown sugar. Mix beaten egg, melted butter, milk and banana pulp and add to flour mixture. Beat well, add raisins and bake in well greased muffin tins for about 25 minutes.

If the saucepan seems to have an odor reminiscent of the last article of food cooked in it, pour a little vinegar into it and let it come to a boil. Run the vinegar around the pan and then rinse with boiling water. The odor will be removed.

Tonsils are made up of spongy tissue filled with small glandular cavities, which usually contain secretions and sometimes infectious material. When a tonsil is inflamed it becomes enlarged, and full of pus accumulations. The tonsil often appears normal—the infection may be deep down in the little cavities.

There are twice as many people over 40 years of age today as there were a generation ago. This is one of the reasons heart disease is increasing. Another is that other diseases are decreasing. Everybody will die of heart disease if he lives long enough.

Without food a man can live for days, without water, for hours, without air, for minutes.

Some of the greatest obstacles to concentration are not due to noises from without, but distractions from within. You want to be doing other things, you have hopes and worries you would rather think about. We speak of a well "integrated" personality as one in which the parts are formed into one whole, no part emotionally at war with another in the nature of the person. From the same root as "integrated" comes "integrity."

It Won the Writer  
A \$3.00 Cash Award

Contest Editor  
Geneva Community News

"Jack & Jill" is both a name and a product.

With us, to think of Ice Cream is to think of the Jack & Jill Stores and their smiling service, for there you get the best of Ice Cream, rich in butter fat, prepared in a strictly sanitary way, and by experts supervised by one who has had long experience in making Ice Cream products.

And again, you get your money's worth. While others have wanted to decrease the quantity, or increase the price, Jack & Jill's have held consistently to their double-dip cones and their popular-priced large 25¢ bricks and packages.

Jack & Jill Ice Cream is made fresh daily in Geneva, by Geneva workmen, of materials bought in Geneva. I say: "All Hail to Geneva-made Jack & Jill Products."

## RADIO FLASHES

by Ralph Le Brun

**Tommy Mack**, famous for years in vaudeville as the "hare-lipped comedian", who as Judge Hugo Straight, joins the heckling stooges, Jolly Gillette and Bert Gordon, in just riding the shirt off a Milton Berle, comedy star of the Sunday night "Community Sing" broadcast over the Columbia network at 10 P.M. Sundays

With the winter school term just begun, Dr. Allan Roy Dafeo warns parents that "the mere act of a child entering school is a shock to him, and being pitchforked into a new life and environment sometimes results in a child becoming worried and excited." The famous physician to the Dionne quintuplets believes that to explain nervous habits in children is a timely subject for his discussion on Monday over the Columbia network, at 11:45 A.M.

Dramatic highlights of the sensational new film, "Black Legion," will be re-enacted by Humphrey Bogart and Ann Sheridan as the guest star feature of the "Hollywood Hotel" broadcast over the Columbia network on Friday, at 9 P.M.

On Saturday, at 2:30 P.M., over the NBC-Red Network, the 130th anniversary of the birth of Henry Wadsworth Longfellow will be commemorated with a special program of music, dramatizations of highlights of the poet's career and a reading by William Lyon Phelps.

"It Couldn't Be Done", a series of dramatizations of events which seemed impossible to accomplish, are featured on the Armco Ironmaster program each Sunday, at 8 P.M., over NBC-WHAM. This four year program features Frank Simon conducting the 45 piece Armco Band.

(From collection of quotations compiled by M. F. Devaney)

"Experience is a house of horrors for those who are too proud to learn."

"To be able to measure up to one's own expectations is the beginning of success."

"To be happy is of far less consequence than being useful."

"Cultivate humor and you will always have smoother highways."

"The best thing to give to a child is good example."

"Independence is the quality that makes the lion a monarch."

"Quality and quantity are eternal enemies. Better a spoonful of honey than a spadeful of mud."

"Perseverance is the magic key unlocking the door of opportunity."

"The real character of a man is found out only in his amusements."

"Sometimes the best men are those who held on to their best a little longer."

(To be continued)

**380 Miles on 10 Gallons of Fuel**

A world's record for aerial fuel economy was claimed recently by Arthur Seger Peirce, of the Taylor Aircraft Company, when he flew a Cub "flivver" monoplane from the factory at Bradford, Pa., to Providence, R. I., a distance of 380 miles. The flight was accomplished on ten gallons of gasoline and a quart of oil.

**Pilots 'Land on Time' in S. Africa**

No matter how late a plane is in arriving at the Rand airport, Johannesburg, South Africa, says a recent Imperial Airways report, it is still able to "land on time," thanks to a clock with a thirty-foot dial, sunk flush with the surface of the field. The big crystal is watertight and proof against corrosion.

It is wise to keep a package of inexpensive paper napkins in the pocket of the automobile if there are children in the family. They are invaluable when it comes to that inevitable time when sonny has had an ice cream cone and would like to wipe his hands on mother's nice clean handkerchief.

## Are You Looking For A Bargain

### HERE IS THE WINNING LETTER ABOUT C. S. BURRALL & SON

Contest Editor

GENEVA COMMUNITY NEWS

Dear Sir:

Established in 1829, the Insurance house of C. S. Burrall & Son is so closely interwoven with the growth and progress of Geneva—both as a village and a city—that it is an integral part of the very best this city represents.

Only the most courteous service and honesty of business methods over such a long period of years could win for it the high regard in which it is held by the citizens of Geneva.

It is gratifying to know that one can be protected from loss, whether by fire, storm, liability, theft, etc., by a firm so dependable and so fair in its dealings.

Clouds of smoke during the past 108 years, but ALWAYS a silver lining with C. S. Burrall & Son.

(Signed) Mrs. M. G., Elmwood Ave.

—O—

(See page 11). A different business house is specified each week from among those listed on page 11. This week it is Fairfax Bros. Co. Surely there are many among our readers who can write an interesting letter about Fairfax Bros. Co., the products they handle and the services they render.

## RADIO FLASHES

by Ralph Le Brun

John Held, Jr., is rediscovering collegiate life. He believes that a new spirit of personal dignity and desire to prepare for a real success in the outside world has replaced the old rah-rah spirit in the colleges. The average student of today, he declares, follows the world news with avid interest, and shows a sincere concern in social problems.

Held has found a wealth of entertainment material and original talent in those academic halls as revealed in his Pontiac Varsity Shows broadcast from the various Universities over the NBC-Red Network, at 10:30 p.m., Fridays.

Col. H. Norman Schwarzkopf, former superintendent of New Jersey state police and famed criminal investigator, will direct the Gang Buster's program for three weeks, beginning Wednesday, March 3, at 10 p.m., while Phil Lord, author and producer of the series, takes a vacation.

One of radio's outstanding events of the season, the appearance of Yehudi Menuhim, world-famous violinist, and his sister Hephzibah at the piano, at the only joint recital anywhere in the world this year, will be broadcast as the highlight of the Ford Sunday Hour over the Columbia network, on Sunday, at 9 p.m.

The Duke University Glee Club, one of the leading collegiate vocal organizations of the country, will present a program over the WABC-Columbia network, on Sunday, at 2:30 p.m.

Every phase of the colorful and dramatic ceremonies surrounding the coronation of Great Britain's king and queen on May 12 will be brought to American listeners. Actual coronation proceedings, from the departure of King George VI and Queen Elizabeth for Westminster Abbey until their appearance on the balcony of Buckingham Palace to receive the cheers of their subjects, will be described in the broadcast to

The quality is superb . . . Linings and trimmings are of the finest . . . The Custom Tailoring, flawless and distinctive.

Notice where this year's suit differs from last year's. Its jacket is shorter. Its skirt is shorter. Pockets are placed away up high—a detail inspired by Schiaparelli.

If you have your heart set on a swagger suit, the smartest one has a short chopped-off jacket—young, free-swinging, easy to wear. It's collarless—inviting frequent changes with all kinds of scarfs. Its pockets are as decorative as they are useful. Have it in navy or in one of the new, very smart spring neutrals—beige or gray.

First rocking chair is attributed to Benjamin Franklin who is reputed to have invented it in 1760.

Humming birds cannot walk. The construction of their feet allows them to be used only for perching.

Hindus do not welcome converts to their faith.

Children vary a great deal in their ability to talk. At six or seven months, most children can recognize their own names. At fifteen or eighteen months they usually have a fair vocabulary of two-word sentences, and by the time they are three years old, they can talk connectedly. Much depends on the effort made to help the child. One child is not intellectually superior to another merely because he learns to talk earlier.

Francis Scott Key, who wrote the "Star Spangled Banner" could neither sing nor play a musical instrument.

Interesting progress is made in lip-reading training for the hard of hearing, with surprising results. Children who would never have been able to take part in a general conversation if born a generation ago, today are enabled to "see" what is said almost as well as those with normal hearing.

Ancient Greek mathematicians had no symbol to represent zero.

Not all young babies show fright at a sudden loud noise, Prof. William A. Hunt of Connecticut College for Women told the American Association for the Advancement of Science recently. Slow motion pictures of 60 babies showed that some did not turn around from the direction of a revolver shot; many looked around in the direction of the shot; but all of them wriggled their toes.

## GLEANINGS

(From collection of quotations  
compiled by M. F. Devaney)

"To be able to see the good in the bad is a sign of the best."

"To be happy is much less important than being right."

"Cultivate knowledge and you will always have an advantage."

"The best thing to give an enemy is tolerance."

"Independence is very different from indifference."

"Sometimes the best day is the one we thought was worst while we were living thru it."

"What seems to be a disaster many times proves to be a great boost."

"A 'wheel-horse' is faithful, hard working, unpicturesque, seeking no glory for his labor, ever ready to perform tasks for the organization when others shirk."

"When you're sitting on top of the world something always comes up to worry you, but when you get down in the dumps far enough something usually turns up to make you smile again."

"Success and good hard work are sisters avoiding the hand afraid of blisters."

(To be continued)

## THE FUNNYBONE

### Correct

"Johnny, the Hudson river flows into New York bay. That is its mouth. Now where is its source?" asked the teacher.

"At the other end, ma'am."

### The Fraud

The one-ring circus was visiting a town in the hills. The folks there recognized all the instruments of the band except the slide trombone.

One old settler watched the player for quite some time, then, turning to his son, said:

"Don't let on that you're watching him. There's a trick to it; he ain't really swallowin' it."

### Had No Doubts

Prosecuting Attorney: "Are you acquainted with any members of the jury?"

Witness: "Yes, sir, with more than half of them."

Attorney: "Are you willing to swear that you know more than half of them?"

Witness: "If it come to that, Mr. Attorney, I'm willing to swear I know more than all of them put together."

### Much Improved

Doctor: "Ah, Mrs. Higgins, and how is your husband today?"

Mrs. Higgins: "Just grand, doctor. Why 'e tried to 'it me this mornin'."

### His Job

Efficiency Expert: "I fired the worst clock watcher in your employ."

Boss: "Who is he?"

Expert: "Joe Jones."

Boss: "What! He's my timekeeper!"—*Christian Advocate.*

### Acid Tongue

Chemistry Professor: "Jones, what does HNO<sub>3</sub> signify?"

Cadet Jones: "Well, ah, er'r—I've got it right on the tip of my tongue, sir."

Chemistry Professor: "Well, you'd better spit it out. It's nitric acid."

### The Impasse

She: "Henry, dear, we've been going together now for more than ten years. Don't you think we ought to get married?"

He: "Yes, you're right—but who'll have us?"

### Sh-h!

"Are you sure your wife knows I'm going home to dinner with you?"

"Sure, she knows. My dear fellow, I argued with her about it this morning for nearly an hour."

### Synthetic Chicken

A modern food expert is one who can look at a calf and tell you how many chicken sandwiches it will make.

### Forgiving

There was in a certain small town a man who would "crash" all the parties. On one occasion he was asked: "Were you invited to this party?"

"Well, no," he replied, "but I wasn't so cross but what I'd come!"

be relayed from London. The broadcast of the coronation ceremonies will begin at 5:15 A.M. (E.S.T.) when announcers along the line of procession will describe the scenes the King and Queen are to traverse. At 5:30 A.M. the King and Queen are expected to leave the Palace, arriving at the Abbey about 6:15 A.M. When the ceremonies there terminate at about 9 A.M., the radio audiences follows their procession back to the Palace, where they are expected to arrive at about 10:40 A.M. Then comes a description of their appearance on the Palace balcony to receive the homage of their subjects.

## CASH FOR LETTERS

**EACH WEEK**

A CASH AWARD OF \$3.00

is given for the most interesting letter received about the store, business, products, or services of one of the merchants whose ads appear each week on this page.

This week the award will be given for the most interesting letter about:

**FAIRFAX BROS. CO.**

87 Castle St.

Phone 2441

What do these people handle? What services do they render? How long in business? These are just suggested questions—not definite ones for you to answer. If you are acquainted with Fairfax Bros. Co. we are sure you can write an interesting letter.

If you are not acquainted with their store, go in . . . look around . . . ask any question you wish . . . you'll find many interesting things to write about.

You don't have to make any purchase to enter this contest and you may write anything you want to pertaining to the above named firm —(not too long a letter)—and your experience will be what will count, rather than correct grammatical expressions, spelling, etc.

You have until next Monday to mail your letter, but — don't put it off . . . do it as quickly as possible. However, it's the most interesting letter received . . . not necessarily the first one . . . that wins the award.

Here's your chance for **CASH FOR A LETTER**. Mail to "Letter Contest", Geneva Community News, Geneva, N. Y.

While we reserve the right to publish any letter, if writers, for any reason prefer we use only their initials, we will comply, but sign complete name and address when sending your letter to us.

### Worse Yet

Two gangsters were escorting a member of a rival gang across a lonely field on a dark and rainy night.

"What rats you are," grumbled the doomed one, "making me walk through a rain like this."

"How about us?" growled one of the escorts. "We've got to walk back."

### U. S. Air Travel Gains 37%

America's domestic air lines carried a record-breaking total of 1,020,931 passengers in 1936, the Bureau of Air Commerce reports, this being an increase of 37 per cent over corresponding figures for 1935. They flew an aggregate of 63,777,226 miles, compared to 55,380,353 miles flown during 1935 and carried 6,958,777 pounds of express, or nearly double the previous year's poundage.

### Wrestler Claims Air Honors

Recent designation of Andre Kostelanetz, orchestra conductor, as "America's No. 1 air passenger" by the country's air lines, because he flew more miles than any other patron in 1936, has brought a rumble of protest from Ed (Strangler) Lewis, the wrestler. Mr. Lewis has a trophy given him by United Air Lines, marking the fact that he has flown 1,000,000 miles in the last ten years, missing but one bout because of delayed arrival of planes.

## RADIO FLASHES

by Ralph Le Brun

**Gladys Swarthout** who is heard with Frank Chapman over the NBC-Red network, Wednesdays, at 10:30 P.M. They are testing out a new theory in presenting "just about what any crowd might sing around our piano". Miss Swarthout and Mr. Chapman do not look upon radio listeners as a mass audience, but rather as people in little groups and have invited listeners

to request songs to be sung on succeeding programs. And the little groups are requesting songs of the simpler types—some by the great composers, but others that include old anthems and the more informal bits from current or recent musical shows. Leading ice and refrigerator manufacturers of the country are sponsoring the Swarthout-Chapman broadcasts.

President Franklin D. Roosevelt's first Fireside Chat with the radio audience since his re-election will be heard from the White House, Tuesday, at 10:30 P.M. This will be the Chief Executive's eighth Fireside Chat since he took office in 1932. A complete list of the President's informal radio talks and their subjects follows:

March 12, 1933, The Banking Situation; May 7, 1933, A Report of Progress Since March 4; October 22, 1933, General Conditions; June 28, 1934, The New Deal—Has It Aided You?; September 30, 1934, General Conditions; April 28, 1935, The Administration Work Relief Bill; September 6, 1936, A Drought Survey.

**WHY "THE Y"?**

It has been definitely proved that juvenile delinquency in Geneva increases during the leisure hours and boys who are not tied up with some definite program of activity are always the ones involved. Y. M. C. A. boys and Scouts seldom, if ever, are before Judge Fitch. What would happen to the hundreds of boys and girls who visit the "Y" after school and Saturdays if they did not have this wholesome place under proper leadership in which to swim, to use the gymnasium, play games and have their Clubs? There are about 600 boys and girls in Clubs which meet every week at the "Y".

**The Youth Club:** This Club meets each Saturday evening from 7:00 to 11:00. Last week 112 were present and 7 new members were introduced. Each Saturday, two or three new games are introduced.

the Conference. By Saturday, he hopes to have at least 125 registered. Every Junior and Senior boy and girl not signed up should do so at once in order to be accommodated at the dinner. The whole idea of this Conference is to help Freshmen adjust themselves when they are in College and to keep them from making mistakes which are ultimately harmful.

"Letter Contest"

GENEVA COMMUNITY NEWS

"Cooney, Watts & Cooney!" Yes, the words "quality, economy and service" I believe to be closely associated with this firm.

In my dealings with this store I find all merchandise purchased from them to be of first class quality... their "Stewart-Warner" Refrigerators, their "Barrett" Shingles, their "Acme" Paint, not to mention their aluminum and articles of hardware may all be classed as of the best in the market. To me their "Acme" Paint in particular has a superb quality. Its choice of color, its easy application, its quick drying, its balanced formula quality, all enable me to class it as a marvelous product.

In buying from Cooney, Watts & Cooney, I not only purchase goods that assure me perfect satisfaction, but also save in doing so.

I consider their service excellent, for any information desired is cheerfully given and your trade is greatly appreciated.

Therefore, do you not agree with me in saying that Cooney, Watts & Cooney is a firm truly worthy of your patronage?

## DO YOU KNOW?

Sponsored by the Medical Society of the State of New York

First constitutional amendments were drawn by James Madison and submitted to the legislatures of the states on September 25, 1789. The first ten established religious freedom, freedom of speech and press, and the right to petition the government for redress of wrongs. Citizens of those days were determined to reserve to themselves and their several states all possible power; they feared a highly centralized federal government. The amendments were ratified by the required number of states and declared in force December 15, 1791, more than two years after they were proposed.

It is said that 300,000 goats per year are required to furnish the mohair needed annually by the automobile industry.

In Malay all the seasons have the same temperature, and the sun rises and sets at the same hour all year round.

Appendicitis strikes rapidly and a critical condition may result in a few hours. Many deaths are caused annually by the use of cathartics for a "stomach ache" which is really the pain of appendicitis. Most appendicitis deaths are avoidable, if prompt medical attention is obtained. A total of 18,000 persons die annually from the disease in the United States.

John Floria (1578) said:  
From the physician and lawyer keep not the truth hidden.

CASH FOR LETTERS**

**EACH WEEK  
A CASH AWARD OF \$3.00**

is given for the most interesting  
letter received about the store,  
business, products, or services of  
one of the merchants whose ads  
appear each week on this page.

This week the award will be given  
for the most interesting letter  
about:

**WHEELER'S**  
opposite Post Office  
Phone 2620

In what line of business are  
Wheeler's engaged? What is their  
main line? What other things do  
they handle? What nationally-  
known makes of these articles?  
These are not definite questions for  
you to answer — just suggestions.  
If you are acquainted with  
Wheeler's you can surely write an  
interesting letter about them or the  
merchandise they handle.

If not familiar with their store,  
go in . . . look around . . . ask any  
questions you wish.

No purchases to make . . . no box  
tops nor wrappers to send with  
your letter . . . and you may write  
anything you want to pertaining to  
the above named business — (not  
too long a letter)—and your sub-  
ject will be what will count, rather  
than correct grammatical expres-  
sions, spelling, etc.

You have until next Monday to  
mail your letter, but — don't put it  
off . . . do it as quickly as possible.  
However, it's the most interesting  
letter received . . . not necessarily  
the first one . . . that wins the  
award.

## RADIO FLASHES

by Ralph Le Brun

Milton Berle, mirth man of the CBS Sunday night "Community Sing", with Jolly Gillette, "the sponsor's daughter", and pert little heckler of the comedian. The entire troupe, including Wendell Hall, Billy Jones and Ernie Hare, Tommy Mack and Andy Sannella are heard each Sunday evening, at 10 P.M., over the Columbia system.

Eamon De Valera, President of the Irish Free State, will deliver a St. Patrick's Day address over the Columbia network on Wednesday, March 17, at 4:15 P. M. The St. Patrick's Day address by the President of the Irish Free State has become an annual event over the Columbia Broadcasting System since 1931, when President Cosgrave made the address.

Friendly Sons of St. Patrick will have Postmaster General James A. Farley and Alfred E. Smith among speakers at the 154th anniversary dinner in Hotel Astor, New York, at 10:15 P.M., over NBC-WHAM.

"Pity the poor radio comedian," says Edgar A. Guest, star of NBC's Welcome Valley program. "He has the hardest job of all." Eddie, himself, is a rather busy man. He writes a poem a day for a newspaper syndicate, prepares his weekly broadcast and makes a round trip dash from Detroit to Chicago each week for rehearsals and broadcast in NBC's Chicago studio. ## GLEANINGS

... from here and there

"Independence is the ability to  
judge on merit."

"Sometimes the best way to win  
an argument is to say nothing."

"It is wisely said: 'If the enemy  
is an ant regard him as an ele-  
phant'."

"A chef is a man with a big  
enough vocabulary to give the soup  
a different name each day."

"Belief in one's self is the first  
essential to success."

"A good hope is better than a  
bad possession."

"Actions form the alphabet that  
spells character."

"As the years go along one has all  
kinds of experiences, pleasant and  
unpleasant. Happiness will depend  
on which kind one chooses to re-  
member."

"If you keep at it and never give  
up you can do anything."

"Love is making sacrifices and  
thinking it fun." Will Durant.

(To be continued)

## THE FUNNYBONE

### Hard to Account for

Bessie: "Men sure are funny critters."

Jessie: "What makes you think so now?"

Bessie: "Well, here's a story in the paper about a man who hadn't kissed his wife in five years, but he shot a man who did."

### Useful Subject

A mountaineer took his son to a school to enroll him.

"My boy's arter larnin', what dye have?" he asked the teacher.

"We offer English, trigonometry, spelling, etc." she replied.

"Well, give him some of that thar trigernometry; he's the worst shot in the family."

### The Latest Racket

Tramp: "Lady, do you have a pipe organ I could tune for you?"

Lady of the House: "We do not have a pipe organ."

Tramp: "Then that means I haven't a chance to earn anything. How about giving me a bite to eat?"

### Other Things to Worry About

The Irishman was relating his adventures in the jungle.

"Ammunition, food and whisky had run out," he said, "and we were parched with thirst."

"But wasn't there any water?"

"Sure, but it was no time to be thinking of cleanliness."

### Quick Thinking

Policeman: "Why didn't you stop when I yelled back there?"

Driver: (great presence of mind): "I though you said, 'Hello, Senator!'"

Policeman: "Well, you see, Senator, I was going to warn you about going too fast in the next town."

### Says Senator Sorghum

One thing we have to be thankful for is that our youth is settling down, and showing definite signs of aim in life. You'll notice that the hitchhikers now try to thumb rides in only two or three directions at any crossroad. A year ago they thumbed in all four directions.

### Commanding Attention

"In time of public excitement," said Hi Ho, the sage of Chinatown, "a loud voice will often command more attention than an earnest thought."

### Island of Borneo

More than two thirds of the Island of Borneo is included within Netherlands India, the rest is Britain's.

**HERE IS THE  
WINNING LETTER  
ABOUT FAIRFAX BROS. CO.**

Contest Editor  
Geneva Community News

Dear Sir:

It is a real pleasure to write a letter concerning Fairfax Bros. Co. and the products which they carry, particularly Sherwin-Williams Paints—the house paints which sun and weather will not cause to blister or peel; the floor paint which lasts under very hard wear; enameloid which is such fun to use for painting furniture, flower pots, etc.; in fact all the S. W. Paints and Varnishes.

Fairfax Bros. Co. also carry a tasteful line of Wall Papers, Window Shades, Venetian Blinds, etc., etc.

The many pieces of expert decoration done by this firm speak for themselves.

Friendly service seems to be their motto and it is easy to see why they have continued in business so many years.

(Signed) Mrs. E. H., Lyceum St.

The above letter won the writer A CASH AWARD OF \$3.00. A different business house is specified each week, from among those having ads on page 5, for our readers to write about.

Answer: Fish hear scarcely at all, and the hearing apparatus is buried in the skull and has nothing to do with the ear like flaps.

Answer: The recoil of the automatic rifle is used to operate the

mechanism, so that the cartridge is fired, ejected, and another put in its place by the simple movement of pulling the trigger.

"The best crack in the world may wow them tonight", says Eddie, "but when the tumult and the shouting have died away, the joke lies dead. Ten million people have heard it and the comedian must set out anew on the search for new material with which to amuse an anxious public on his next broadcast."

"I was shot up in the World War, I was a gun-runner in Mexico, I've punched cows, I've been shanghaied, I've washed dishes for a living, I've been everywhere and seen everything—but never did I get such a kick out of life as before a microphone."—Nick Dawson, co-starred with Elsie Hitz in the popular NBC serial, "Follow the Moon".

Eastern Air Lines, with a winter patronage exceeding all previous traffic as well as the capacity of its flying equipment, reports that it enjoyed record increases during 1936 in all phases of its operations. The company carried 102,606 passengers and 420,622 pounds of express, a gain of 28 and 120 per cent, respectively, over its 1935 business.

Mike was "down and out." The

"Come with me, Mike," he said,

But Mike was on his dignity at

"Reddy Kilowatt"—Little Electri-  
cal Chap—Comes to Town

A new town character is being  
introduced in Geneva . . . "Reddy  
Kilowatt", the Empire Gas & Elec-  
tric Co's. amusing new advertising  
character.

Reddy Kilowatt is the powerful  
little fellow always behind your  
electric switch . . . snapping the  
switch puts him to work; never in  
sight, but a third stronger than the  
average horse.

What does Reddy look like? His  
body has the zigzag form first used  
by Benjamin Franklin to represent  
electric energy. His round head is  
an electric light globe; his nose, a  
light bulb (suggesting one of the  
fundamentals of the electric indus-  
try—light); his ears, the familiar  
convenience outlets . . . important  
to every home.

This little fellow's name, "Reddy  
Kilowatt", means just what the  
word "reddy" implies . . . electric  
service whenever needed. Reddy is  
available 24 hours a day, 7 days a  
week. He eats nothing, requires no  
place to sleep and his wages are  
low.

Reddy helps wash the clothes  
and dishes, take care of the food,  
clean the house, do the ironing, and  
works at a hundred other jobs. On  
the farm he pumps water . . . even  
milks the cows. His one ambition  
in life is to make homes brighter,  
work easier, and to provide more  
time for recreation, comfort and  
rest. He's an interesting fellow to  
know . . . you'll hear more about  
him.

### All-American

Two hyphenated Americans were  
talking. Said one: "I can't get a  
chub."

"A chub? A chub? O, you mean  
a job."

# \$ \$ \$ CASH FOR LETTERS

EACH WEEK

A CASH AWARD OF \$3.00

is given for the most interesting  
letter received about the store,  
business, products, or services of  
one of the merchants whose ads  
appear each week on this page.

This week the award will be given  
for the most interesting letter  
about:

## GENEVA BAKING CO.

How long established? What do  
they bake? What is the trade name  
of their product? What different  
varieties of this product are there?  
With how many of these are you,  
personally, familiar? These are not  
definite questions for you to an-  
swer — just suggestions.

We believe everyone in this lo-  
cality is acquainted with this com-  
pany and their products and can  
write an interesting letter.

If not familiar with these prod-  
ucts . . . try some of them at once  
and write about those you try.

However, it isn't necessary to  
send any box tops nor wrappers  
with your letter . . . and you may  
write anything you want to pertain-  
ing to the above named business—  
(not too long a letter)—and your  
subject will be what will count,  
rather than correct grammatical  
expressions, spelling, etc.

You have until next Monday to  
mail your letter, but — don't put it  
off . . . do it as quickly as possible.  
However, it's the most interesting  
letter received . . . not necessarily  
the first one . . . that wins the  
award.

Here's your chance for CASH  
FOR A LETTER. Mail to "Let-  
ter Contest", Geneva Community  
News, Geneva, N. Y.

While we reserve the right to  
publish any letter, if writers, for  
any reason prefer we use only their  
initials, we will comply, but sign  
complete name and address when  
sending your letter to us.

## RADIO FLASHES

by Ralph Le Brun

Grace Moore once again becomes one of the few top ranking opera and screen artists to be heard regularly on the air, when she starts a series of weekly appearances over the Columbia network Saturday, at 9 P.M. Miss Moore will sing operatic airs and ballads in the style which has made her famous.

A blow-by-blow description of the national inter-city finals for the Golden Gloves boxing championships will be broadcast over the Columbia network from the Chicago Stadium, Wednesday, March 24, at 11:15 P.M. Sixteen boxers from all sections of the United States, each a regional champion in one of the eight weight divisions, will climb through the ropes to battle for the right to represent the United States in the International Golden Gloves to be held early in May.

Hildegarde, the little Wisconsin choir singer who became a Continental cabaret queen before her own country recognized her and who is now displaying her gifts on the NBC kilocycles, has a last name, of course. It is "Sell", but is never used professionally because Hildegarde deems it unlucky. As Hildegarde Sell the best she could do was to land jobs playing piano in movie theatres or plugging songs. Since dropping her surname international fame has come to her.

"Words by May Singhi Breen, Music by Peter de Rose", is a familiar trademark on sheet music. During 13 years of radio partnership, NBC's Sweethearts of the Air have produced at least one song annually together. Their latest, "Gee! But I'm Happy", expresses their own state of mind after six years of marital bliss.

A \$50,000 policy to insure Gladys Swarthout against the possibility of missing a broadcast in her new NBC series has been taken with Lloyd's of London by the ice and ice refrigerator sponsors of the singer's program, broadcast on Wednesdays, at 10:30 P.M. Miss Swarthout has cancelled only two scheduled

appearances in her ten years of operatic work, the first time several years ago because of a sprained ankle. She has maintained an unbroken record of 350 radio broadcasts. Her sponsors, however, are taking no chances.

Paul Sullivan, WLW news commentator, made his first public appearance as a "stooge" for the late Howard Thurston, magician, when Thurston called for "a boy from the audience to help me" in St. Louis several years ago.

Have your radio tubes tested on my new  
**Mutual Conductance Tester.**

This is the standard test used by ALL tube and set manufacturers. The only 100% accurate method.

## Cars Barred from Chinese City

Soochow, China, can be ap-  
proached from all directions by  
motor highways, but having reach-  
ed the 1,000-year-old city walls,  
motorists must proceed on foot or  
by ricksha, for the city fathers re-  
fuse to allow automobiles to enter  
the gates.

## THE FUNNYBONE

### Boundless Courage

"Why don't you fight against your longing for drink? When you are tempted, think of your wife at home."

"Madame, when the thirst is upon me I am absolutely devoid of fear."

### Found Out Why

"Don't you know, Rastus, that you can't sell life insurance without a state license?"

"Yes, Boss, I knowed I couldn't sell it, but I didn't know the reason."

### Thrifty

"What are the prices of the seats?" inquired a young lady at the county fair.

"Front seats half a dollar, rear seats a quarter, and programs a nickel," announced the gatekeeper.

"Here's a nickel," said the young lady. "I'll sit on a program." — *Montreal Star.*

### When the Family Buys a New Car

Father's Question: "How many miles to a gallon?"

Mother's Question: "What color is the upholstery?"

Son's Question: "How fast will she go?"

Daughter's Question: "Has it a good mirror?"

Neighbor's Question: "How can they afford it?"

### Well Equipped

Muriel had been to the zoo for the first time and was giving her grandmother a long account of what she had seen.

"And which animal did you like best, dear?" asked her grandmother when Muriel had finished.

"Oh, the elephant!" was the reply. "It was wonderful to see him pick up peanuts with his vacuum-cleaner."

### Might as Well Not Have Gone

Mrs.: "Did you notice the chin-chilla coat on the lady in front of us in church today?"

Mr.: "Er—no. Afraid I was dozing."

Mrs.: "Huh. A lot of good the service did you!"

### Just Fighting Back

Mother: "Why are you making faces at that bulldog?"

Small Child (wailing): "He started it."

### Ready to Start Over

Doctor: "I don't like to mention it but that check you gave me has come back."

Patient: "Well, that sure is funny, Doc, so did my lumbago."

A miniature winter garden in the "bay window" nose of the new Farman 224 monoplane is one of the unusual features of what the French say will be the largest and fastest land plane ever built — a forty-passenger, 220-mile-an-hour craft scheduled for test flights this spring.

### HERE IS THE WINNING LETTER ABOUT THE EASY WASHER

Letter Contest  
Geneva Community News

I have used an EASY WASHER for about ten years and have enjoyed it so much. When I got it I intended to get one with a wringer, but my son went down and ordered it for me. When it came they brought one with a dryer. I asked the man to take it back and bring one with a wringer, but he wanted me to try the dryer first, so I did and have never been sorry for it does such good work.

Some people had told me that dryers did not wear well, so I thought I didn't want one, but now I am glad that I tried it and kept it. By wiping the washer dry every time I use it, it is still like new.

I will be glad to show my washer to any one interested.

Last summer I had to have a new cord and the Easy Washer Shop people were "Johnny on the spot" to fix it and they also checked up on the rest of the washer, which they found to be in fine condition.

EACH WEEK  
A CASH AWARD OF \$3.00

is given for the most interesting

In what line of business is this  
firm engaged? What services do  
they render? What nationally-  
known products do they handle?  
These questions are just sugges-  
tions—not definite ones for you to  
answer.

If acquainted with Riggs & Jen-  
sen you can surely write an inter-  
esting letter about their services  
or the merchandise they handle.

If not acquainted with this fine  
store and stock, go in . . . look  
around . . . ask any questions you  
wish.

However, it isn't necessary to  
send any box tops nor wrappers  
with your letter . . . and you may  
write anything you want to pertain-  
ing to the above named business—  
(not too long a letter)—and your  
subject will be what will count,  
rather than correct grammatical  
expressions, spelling, etc.

You have until next Monday to  
mail your letter, but — don't put it  
off . . . do it as quickly as possible.  
However, it's the most interesting  
letter received . . . not necessarily  
the first one . . . that wins the  
award.

Do not laugh at children's fears, for this only makes them seem ridiculous, it does not help them to understand. A little girl afraid of her shadow was taught to inspect it while in her father's arms. Children need friendship and explanation, to rob them of their fears, impatience or condemnation will increase the trouble besides developing resentment.

Long before tobacco was introduced into England, smoking was commonly practiced. The favorite "smoke" was the dried leaves of coltsfoot.

The tie that binds Bob Burns to Van Buren, Ark., is evidently a strong one. Overlooking no opportunity to boost the place, the Kraft Music Hall comedian, even advertises it on his stationery. Suspended from a drawing of his famous bazooka is an outline map of the State of Arkansas with Van Buren indicated in the northwest corner. It bears the legend, "Van Buren, The Home of the Bazooka."

### Not Loud Enough

The man at the theatre was annoyed by conversation in the row behind.

"Excuse me," he said, "but we can't hear a word."

"Oh," replied the talkative one. "And is it any business of yours what I'm telling my wife?"

### Noted Figure

"Now there's a general for you. One day you read about him in Mexico, the next in Cuba and a day later you hear he's in Europe."

"To which general do you refer?"

"General Chaos."—*Wall St. Journal*.

### Missing Link

Instructor: "You say in this paper that you know the connecting link between the animal and vegetable kingdoms. What is it?"

Student: "Stew."

### Back in Circulation

A document reporting the seizure of counterfeit money was recently sent from a small town to the Treasury. When an official wrote back asking that this money should be forwarded, he received the following answer:

"The false money seized by me has already been forwarded by postal money order."

### The Weakling

She could swing a six-pound dumb-bell,

She could fence and she could box;

She could row upon the river,

She could clamber 'mong the rocks;

She could golf from morn till evening,

And play tennis all day long;

But she couldn't help her mother—'Cause she wasn't very strong.

## A HIDDEN TREASURE CHEST

In the heart of Geneva there is hidden a treasure chest. Many people know of its existence but a vast majority have no knowledge of it, and if they have heard of it, have given it so little credence they are still going blindly on missing all the adventure that might be theirs.

A Treasure Chest! A great strong box containing the wealth that will bring luster to the eye, that will send the blood coursing with the thrill of discovery, that will fill the mind and soul with satisfaction, that will make the heart swell with pride and give to living that feeling of security that doubles courage and joy.

Where is this magic chest? Where indeed. Were it known to every person its glamour would soon be gone, it would not long be a treasure chest in very fact. Was any treasure chest you ever heard of a thing that could be easily found, gained, or possessed? No indeed, as every schoolboy knows.

The road to discovery of any treasure chest that ever existed is fraught with adventure, adventure that is shot through with the will to seek, to undergo difficulties, to carry on. You have to give something of yourself, your ingenuity, your courage, your eagerness to learn, in order to gain most things, and that's probably why you didn't know that in the heart of Geneva

there exists a treasure chest holding all the traditional lures.

Given the directions of how to find Geneva's treasure chest, many people still would not exert themselves enough to find "what it's all about" as they say on the street. The treasure chest is there, but if you never look its way you never see it, and never seeing you never possess it, and never possessing, you miss adventure, pride and security, to mention just a few of the joys locked within the bounds of every treasure chest extant.

Next week's COMMUNITY NEWS will tell you more about the treasure chest that rests in the very heart of Geneva.

### Just Make It

"Mama," said little Johnny, "don't men ever go to Heaven?"

"Why of course, dear. What makes you ask?"

"Because I never see any pictures of angels with whiskers."

"Well," said mother thoughtfully, "some men go to Heaven, but they get there by a close shave."

GENEVA COMMUNITY NEWS  
LETTER CONTEST

GENEVA BAKING CO.

Our Own Home Industry

Why buy out-of-town Bread, when we have good old "Butterfly"—made right here at home.

The ingredients used in making "Butterfly" Bread are so pure and wholesome that you can smell its goodness right thru the wrapper, and all their other products, Rolls, Cookies, and Fried Cakes, are equally good.

The different varieties of bread include Vienna, Half and Half, Health, Sesame, Potato and Raisin.

Established in 1911 in the old Silk Mill on North Street, the Geneva Baking Co. in 1916 built their present plant on Exchange Street. They use the best materials obtainable to make their products and maintain a most modern and sanitary bakery.

I have used "Butterfly" Bread ever since the first loaf came out of the oven and will continue to do so, for to me it is the best and most wholesome loaf on the market. It has held its own for 26 years against all comers, and why? Because it is the "tops", so to speak.

So let us say "BUTTERFLY" for its own sake, for our sake and for the sake of our own home town.

(Signed) M. J. B., Main St.

The weekly CASH AWARD of \$3.00 in our "Letter Contest" (see page 9) has been sent to the writer of the above letter. Why not write a letter about the business house specified for this week's letter? Perhaps you, too, may win a Cash Award.

—D—

Cleanliness is the secret of radiant beauty.

—D—

For those informal snacks after bridge or for cozy twosome meals, the little square cloth that just fits the top of a card table is always in demand. New designs are unusual and interesting. Only two colors are used on many sets . . . Fringe, done in the same colors as the embroidery is the popular trend.

—D—

For the woman with an average figure but larger-than-average hips, the bolero style of dress is recommended. Wide sleeves and short

jacket length tend to add width above the waist, giving a well-proportioned silhouette.

—D—

A smart coiffure will flatter your new Spring hat. The pill box, glamorous in shiny black straw with a stiffened veil and of course, a cluster of flowers, looks twice as charming with a swept back and upward coiffure, formed into rolls at each side in back.

—D—

Take a good plain-colored costume and make merry with accessories.

—D—

With a gay print, you need simply designed accessories.

—D—

Nightly brushing done correctly with the brush held loosely in the hand and worked upward (never down) from scalp to ends, enhances the beauty of a good fingerwave or marcel.

Walter Winchell  
is  
back on Broadway  
having  
completed  
his  
motion picture  
in Hollywood.  
He continues  
to be heard  
every  
Sunday evening,  
at 9:30,  
over  
NBC-WHAM.

Clark Gable will make one of his rare microphone appearances when he stars in a radio adaptation of Ernest Hemingway's novel and subsequent film, "Farewell to Arms", on the "Radio Theater" program broadcast over the nation-wide Columbia network, Monday, April 5, at 9 P.M. He will be supported by Adolphe Menjou, in his original picture role of Major Renaldi, and Josephine Hutchinson as the nurse. Gable will play the part of Lieutenant Frederick Henry, the American ambulance driver serving with the Italian forces during the World War.

Ray Noble, whose smooth music has won an unusual following in radio for the young British composer-conductor, will return to regular broadcasting providing the musical background for Burns and Allen. The nitwits of the networks start their new series on NBC, April 12, and will be heard Mondays, at 8:00 P.M., over the NBC-Red network. During the past season Noble has been on the air but little, the major portion of his time having been taken by a personal appearance tour.

On Sunday, at 1:30 P.M., Columbia will broadcast the 20th anniversary commemoration of the United

States' entrance into the World War. Government officials will participate in an hour panorama of events leading to great decision in 1917.

Edgar Bergen, the ventriloquist whose duologues with "Charlie McCarthy" have become one of the highlights of the Rudy Vallee show on NBC, has been practicing his art since a high school boy. In those days he amused himself and his classmates and confounded his teachers by answering for his fellows in classes when they faltered. Later, he put himself thru a medical course at Northwestern University by playing Chautauqua circuits in the Summer with his ventriloquist act.

## \$ \$ \$ CASH FOR LETTERS

**EACH WEEK**  
**A CASH AWARD OF \$3.00**  
 is given for the most interesting  
 letter received about the store,  
 business, products, or services of  
 one of the merchants whose ads  
 appear each week on this page.

This week the award will be given  
 for the most interesting letter  
 about:

**S. A. GILBERT**  
 510 Exchange St. Phone 2241

What line of business is conducted by S. A. Gilbert? What special services are rendered? What nationally-known products are handled? These questions are just suggestions—not definite ones for you to answer.

If you are acquainted with the Gilbert store you can surely write an interesting letter about the merchandise handled or services rendered.

If not acquainted with this fine store and stock, go in . . . look around . . . ask any questions you wish.

However, no purchases are necessary as you are not asked to send any box tops or wrappers with your letter . . . and you may write anything you want to pertaining to the above named business—(not too long a letter)—and your subject will be what will count, rather than correct grammatical expressions, spelling, etc.

You have until next Monday to mail your letter, but — don't put it off . . . do it as quickly as possible. However, it's the most interesting letter received . . . not necessarily the first one . . . that wins the award.

Here's your chance for **CASH FOR A LETTER.** Mail to "Letter Contest", Geneva Community News, Geneva, N. Y.

While we reserve the right to publish any letter, if writers, for any reason prefer we use only their initials, we will comply, but sign complete name and address when sending your letter to us.

### Distance Without Destination

A denizen of the hills of east Tennessee, who was appearing as a witness in a law suit, was being questioned as to his educational qualifications by the plaintiff's lawyer.

"Can you write?" asked the lawyer.

"Nope."

"Can you read?"

"Wa'al, I kin read figgers pretty well, but I don't do so good with writin'."

"How is that?"

"Wa'al, take these here signs along the road when I want to go somers; I kin read how fur, but not whurto."

### Knew the Signs

Mother: "Clara, what are you doing with all that jam on your lips? What would you say if you saw me looking like that?"

"I'd think you were going to a dance, mother."

### Arithmetic Class

The teacher was trying to make Elsie understand subtraction, and she said: "You have ten fingers; now, supposing there were three missing, what would you have then?"

"No music lessons," said Elsie promptly.—*Boston Transcript*.

"Then who speaks the languages?"

(Continued from page 8)

Louella Parsons, the fashions writer, appeared during Columbia's broadcast of the Fashion Academy Award Luncheon in New York to interview Jessica Dragonette, Dorothy Kilgallen, Eve Symington, and Helen Gleason on important factors in being well dressed. Louella ad-libbed extensively and put in a few jokes of her own. Then she heard Bob Trout say "This is the Columbia Broadcasting System" and she came forward to correct her script. Then she was startled to learn that the whole thing had gone on the air. "Gosh!" she cried, "my watch stopped. I thought that was just the dress rehearsal!"

Bob Burns, bazooka virtuoso and champion booster of Van Buren, Ark., on the NBC airwaves, plans an important development for his home town. He is creating a recreational center on a 20-acre tract of land he recently purchased in the nearby Ozarks. The plot is to be open, without fee, to campers and tourists.

**JACK AND HIS DAD ARE GOING FISHING!**

In fact, the happy pair have planned a whole series of outings and good times for this summer. They are real pals.

To see Jack today, you wouldn't recognize him as the backward, queer-acting child who was referred to the Social Service League last fall as a "mental" case. There was nothing wrong with Jack's mind, despite the experiences he has been through.

First his parents had quarreled, separated and finally were divorced. While the boy was living with his Mother, she developed a serious illness and was committed to a state institution. The Mother's brother had placed the boy in a children's home and had kept his whereabouts a secret from his Father, who, in the meantime, had remarried.

The trained caseworker from the Social Service League was able to convince the Uncle that the boy should be with his Father, and after some investigation located the parent. After many conferences, the Father and his new wife accepted Jack as their own child and he is re-acting wonderfully to the normal home atmosphere into which he has at last been placed.

If this little piece of work had been the only thing accomplished during the year with Community Chest funds—who would say that the entire effort wasn't worthwhile? But we know that all of the agencies are doing jobs like this every week in the year in great fields of social service.

**HERE IS THE  
WINNING LETTER**

... about S. A. Gilbert

Letter Contest

Geneva Community News

To me there is no more delightful store in Geneva than that of S. A. Gilbert. It is a complete jewelry store in the true sense of the word.

If one wishes silver in any form, either sterling or plated, it is to be found in Gilbert's; beautiful glassware is on display; rings and bracelets in exquisite designs and clocks and watches of such well known makes as Seth Thomas, Gruen, Waltham, Elgin are sold, and also expertly repaired.

For gifts for the baby, for the boy and girl graduate, for weddings and other events one is sure to be satisfied at Gilbert's.

It is a pleasure not only to look at the articles of beauty, design and workmanship so tastefully displayed, but it is a pleasure to buy. One is assured of courteous and attentive treatment and the utmost in service is cheerfully given. With this courtesy and service Mr. Gilbert's help and advice in selecting a diamond, a silver pattern or a simple little gift is invaluable because of his long association with the jewelry business and his knowledge of glass and metals.

Here is a modern, up-to-date jewelry store, the name of which for years has stood for integrity and service to the public; in fact it is truly a store of which Geneva may well be proud.

(Signed)

Mrs. W. A. K., Hillcrest Ave.

- Few drops of onion juice

### A LESSON IN DIVISION

"Divide by twelve; then divide by fifty-two."

That's what you should do to your Community Chest pledge which serves the needy for twelve months, fifty-two weeks. Of course, if you would like to know what your contribution amounts to each day, you can divide your gift by 365, the number of days it must serve those who are depending on you through the Chest.

Another bit of figuring that will prove interesting is to divide your daily gift by six to see just how generous you are being to each of the six agencies. If you are a determined statistician you can figure it all out in percentages and know just how much help you are giving each agency. Here's the code:

Out of every dollar you give the General Hospital gets 32 cents a year, the Social Service League gets 19 cents; the Salvation Army gets 17 cents; the Boy Scouts get 9 cents; the Girl Scouts get 4 cents and the Women's Rest Room gets 5 cents a year.

When you feel particularly peevish because you are giving to an agency for which you have no particular fancy, just figure out how much you are giving it a year and the smallness of the amount is pretty apt to be a big surprise to you and it will, no doubt, lessen your chagrin to an infinitesimal degree. Figures don't lie. Start figuring for May 10-13.

### THIS AND THAT

1938 version: "What is so rare  
as a [sunny] day in June?"

The Buffalo weather bureau re-  
ported last Thursday that only two  
Thursdays this year have failed to  
bring rain.

St. Theresa's Church at Stanley  
will hold its annual field day on  
Saturday, July 3. This year it is  
also to be "Old Home Day" for  
former residents now living in Ge-  
neva, Canandaigua, Penn Yan and  
other surrounding communities.  
There will be ball games, tugs of  
war, and other events during the  
day, followed by a dinner in the  
evening. A good time is assured  
for all.

More than 130,000 pianos will  
be sold this year, according to  
estimates made by makers at the  
annual meeting of the National Pi-

the largest volume of business in  
12 years either from the standpoint

We have tried every device to keep  
it going—fairs, strawberry festi-  
vals, oyster suppers, a donkey par-  
ty, turkey banquets, Japanese wed-  
dings, mock marriages, and box  
sociables. Will you please tell us,  
Mr. Greeley, what we can do to  
keep our struggling church from  
disbanding?"

The editor replied: "Try relig-

Here you see  
 the first radio script  
 in Japanese  
 to go to the  
 master files  
 of NBC.

It was written  
 by  
 Chokyuro Kadono,  
 of the  
 Japanese  
 Economic Commis-  
 sion now visiting  
 in the  
 United States,  
 and was heard  
 on an NBC-Blue  
 program

that was short-waved to Japan.

It appears that the old rivalry between NBC and CBS is "at it" again. Both announce a streamlined Shakespearean series, both on Mondays. CBS from 8 to 9 P.M. starting July 12, NBC from 8:30 to 9:15 P.M., the series having started last Monday. Next on the NBC series will be "Richard, the Third", then "Macbeth", "King Lear" and "Richard the Second". John Barrymore is playing the lead. More on the CBS series, later.

The singing husband and wife microphonic team of Jane Froman and Don Ross will pinch-hit for the family team of Jack Benny and Mary Livingstone, when the comedians head for foreign shores and a well earned rest. Don and Jane will celebrate Independence Day by taking over the program Sunday, July 4, at 7 P.M., and will be heard over NBC-Red weekly thereafter with D'Artega's orchestra, Andy Love's Tune Twisters and guest comedians.

"The Baker Guide Book to Radio", with a special annex entitled "Helpful Hints to Von Zell" will be presented to Harry von Zell by Phil Baker during impressive ceremonies marking Baker's departure for Hollywood and broadcast over the Columbia network on Sunday, at 6:30 P.M. Von Zell, announcer, script writer, and actor, has promised a sensational reply to Baker's charges.

Electric organs are gaining in such favor that the seven currently in use in NBC headquarters are mounted on scooters to expediate their transportation from one studio to another.

After an analysis of their fan mail, Lum and Abner have discovered that 60 per cent of it is from city dwellers. Chet Lauck—he's the Lum of the team—suspects many of their correspondents never saw a country store or visited a rural community and possibly for that reason find their radio portrait of life in Pine Ridge, Ark., of fascinating interest.

George Burns tells with great glee of the meeting of Gracie Allen, and Bobby Burns, the golfer. The latter, according to Burns, acknowledged being a great fan of Gracie's and asked if he might present her with a brassie . . . "Thanks just the same," murmured Gracie, blushing furiously, "but I make it a rule never to accept lingerie from strangers."

## FREE VAUDEVILLE ATTRACTIONS START AT ROSELAND

Roseland Park, the ever popular amusement center of the Finger Lakes, gets under full swing for its 1937 season on July 3. That date marks the beginning of ten weeks of free outdoor Vaudeville attractions—the best act available.

The most popular of last season's midway attractions have been retained and new ones added, among which is a thrilling Scooter Ride.

There will be dancing every night until Labor Day and for the two weeks starting June 25, thru July 8, the well known and popular Washington-Lee Orchestra has been engaged.

Nearly 1000 feet of beautiful lake front picnic space, with fireplaces, is maintained for free use by the public and there is free parking space for hundreds of cars.

Outboard motor boat races will be held along the Roseland water front on July 3.

## THIS AND THAT

At last car track elimination has been started in Geneva. During the past week covering of the track in Lewis Street was begun. In this street, where the pavement has been down something like thirty-five years, resurfacing will be done from curb to curb. The same plan will be followed on Main St., between Seneca and Castle, and on Milton Street. On Seneca the tracks are to be removed from Main to Schine's Theatre.

Ontario County's 97th annual Fair is being held this week at the new fair grounds near Bristol Center, five miles west of Canandaigua. There will be racing on Thursday, Friday and Saturday afternoons and a Horse Show on Thursday, (Continued on page 5)

## THIS AND THAT

(Continued from page 1)

Friday and Saturday evenings and Sunday afternoon. Dancing, including both old and new dances, each evening.

The most feasible plan we have heard for relieving traffic congestion on Exchange Street is to cut the curb back about one and one-half squares of the sidewalk on each side of the street and use the center of the street for parking. This would not only make a wider highway for driving, but would separate the traffic going in opposite directions. It has also been figured out that a number of additional cars could be parked on the street by using this system. The plan would also eliminate the necessity of removing or covering the car tracks on Exchange.

Geneva Council, Knights of Columbus, will hold their annual clam bake on Sunday, August 29, at Red Jacket Park, just outside Penn Yan. James Leamy is general chairman. An extensive sport program is being arranged and delegations from Newark, Seneca Falls, Waterloo, Penn Yan and Canandaigua are expected.

THE GENEVA COMMUNITY NEWS is a good advertising medium. Use it—every week. Persistent advertising is sure to bring results.

We advocate a safety campaign to impress upon bicyclists the importance of obeying the same traffic regulations that pertain to motor vehicles.

## QUALITY

In choosing a brand of merchandise to buy, quality should be the first consideration. In the past eight years over 10,000,000 Delco Batteries have been placed in service and LESS THAN 1/2 of 1% OF THEM HAVE BEEN REPAIRED OR REPLACED DURING THE GUARANTEE AND ADJUSTMENT PERIOD. The fact that DELCO BATTERIES are used as original equipment in such cars as Cadillac, La Salle, Buick, Oldsmobile, Pontiac and Chevrolet is the strongest testimonial for their quality that we know of.

"Good humor is the world's best antidote for trouble."

"If you've been slapped you aren't afraid of being slapped because you know it don't hurt much."

"Too little responsibility ruins far more people than too much."

"No one ever saw a microscopic slide of 'mother love'."

"If folly were pain we should have great crying out in every house."

"Our golden opportunities are never labeled."

"Good jobs may still be waiting for better men to fill them, but the best man for the job doesn't always get it."

## THE FUNNYBONE

### Didn't Need Help

Beggar: "Have you got enough money for a cup of coffee?"

Student: "Oh, I'll manage somehow, thank you."

### But No Vegetables

"What did you have in your garden last year?"

"Plymouth Rocks, Leghorns and Rhode Island Reds."

### Playing Safe

Two college juniors yawned, and one said, "What shall we do to-night?"

"Let's toss up a coin to decide." replied the other. "If it's heads we'll go to the movies; if it's tails we'll call on Rosie and Susie; and if it stands on edge we'll study."

### Sh-h!

A gentleman was walking down the street with his little boy at his side when the youngster cried out, "Oh, Pa! There goes an editor."

"Hush, hush," said the father. "Don't make sport of the poor man. Goodness knows what you may come to yourself some day."

### Must Be Some Other Guy

"If you have ten dollars in one pocket and fifteen in the other, what have you?"

"The wrong trousers."

### Safe

"Could I have a day off, sir, to help my wife with the spring cleaning?"

"No, I'm afraid not—"

"Thank you sir, I knew I could rely on you."

### Much Ado About Nothing

"Is ink so very expensive, father?"

"Why, no, what makes you think so?"

"Well, mother seems quite disturbed because I spilled some on the hall carpet."

### Ideally Suited

First Shopwalker: "Poor old Perkins has completely lost his hearing. I'm afraid he'll lose his job."

Second Shopwalker: "Nonsense. He's to be transferred to the complaint department."

### Dying Wish

The guards grimly went about their task of fixing the electrodes to the body of the doomed man in the chair. The kindly chaplain bent over him.

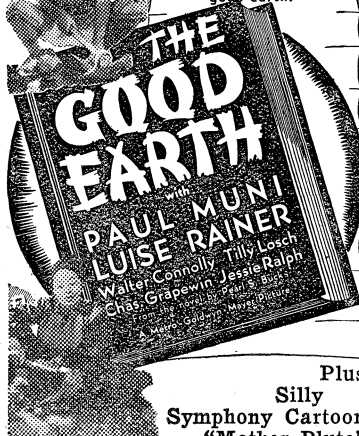

"Any request, my poor mortal?" he inquired.

"Yes, parson," the wretch replied; "It'll comfort me a lot if you'll just hold my hands."

Two rabid Californians were caught in a heavy rainstorm in Los Angeles. Both watched the down-pour with embarrassed expressions. Finally, after a deep silence, one said to the other: "Boy, some

terrible weather certainly blows in from Nevada, doesn't it?"

children, Vic and Sade, came into being nearly six years ago.

When she isn't heckling Bob Hope on the NBC Woodbury's program, in the capacity of "Honeychile", Clara Hazel is busy compiling a New York column for a string of South Carolina newspapers. Miss Hazel is the daughter of a Southern publisher and a graduate of Queen's College, Charlotte, N. C., where she studied journalism.

How many penitentiary friendships are kept afterward? There's a neglected statistic.

A stooge in theatrical slang means a foil, particularly a comedian.

# Persistence

Persistence is the mother of miracles. It is half of achievement. In advertising persistence is the first law of success. Spasmodic advertising, no matter how good, is seldom resultful. Persistence appeal builds good will, creates confidence, develops interest and tends to make your advertising efforts produce results. It is the cumulative effort of your advertising that makes it pay.

## FINGER LAKES CURRENTS

**Fish Story**—From an issue of the Ontario County Times of 63 years ago appears this Finger Lakes fish yarn: "Asher Cole possesses a trout with two heads, two sets of gills, four eyes, two mouths and but one body. The heads unite just back of the gills. Each head runs independently of the other. If meat be placed in front of the creature, both heads go for it. Both mouths take food at the same time. All the gills are in working order. The trout seems as lively and healthy as its brethren."

**Moose Recalled**—Evidence that moose once roamed the lake country was dragged out of the bottom of Owasco Lake by two Auburn anglers, while fishing with wire lines for lake trout. Their hooks became fast in some object on the bottom of the lake, and on bringing it to the surface, they found their catch was a fine spread of moose antlers. Where the moose horns had been embedded in the sand of the bottom, they were well preserved.

**Echo of Past**—Generations ago the lake region was recognized for its beauty, before any concerted effort was ever made to promote the district as a vacationland. A copy of the National Magazine, published in 1857, has for the title of its leading article, "The Lakes and Legends of Central New York." Old wood engravings present pictures of scenic and historic spots along the lakes, and recounts many of the Indian legends which abound in the area.

Mrs. W. R., R.D., Geneva

If dark or light brown sugar is too hard to measure heat it in the oven, then measure it quickly while it is soft. Store it in the refrigerator or bread box, where it will remain soft.

Try peanut butter frosting for covering white or spice cakes. Add one-third of a cup of peanut butter to your regular uncooked white frosting. Blend in the peanut butter well before icing the cake. Add a few roasted peanuts as decoration.

Chicken fat may be substituted for butter in cakes and cookies or for creaming or browning foods. Beef drippings may be used for seasoning sauces, meat or fowl stuffings or in meat loaves.

## RADIO FLASHES

by Ralph Le Brun

On the left, Mussolini, on the right, Hitler. These are the roles that Ted di Corsia and Dwight Eist take in the radio dramatization of "March of Time" which moves to NBC-WHAM, Thursday, at 9 p.m.

The "March of Time" made its debut in March, 1931, as a new idea in radio programs. The show brings to radio listeners six to eight vivid sequences in each half-hour period of the most dramatic stories of the week. Each program requires the services of more than 30 actors and actresses, 19 musicians, 8 production, service and sound-effects experts, and 11 editorial and research workers.

Work has been started on a self-supporting vertical antenna for WHAM that will tower four hundred fifty feet into the air and capture the honorary title of western New York's tallest structure. The unguyed verticle spire will replace WHAM's present antenna system and will aid greatly in the transmission of radio programs by cutting down fading and increasing the station's day and night coverage area. It will be the converging point of a network of ground wires that

will extend four hundred fifty foot radials from the base of the tower and utilize seventy thousand feet of copper wire in the complicated ground system.

### THE Y. M. C. A. BUDGET

The Finance Committee of the Geneva Y. M. C. A. has approved the budget for the year 1937-38. Mr. Charles A. Mitchell heads the committee, with Verne Alexander, Lloyd Bosworth, J. P. McCafferty, R. M. Harman, and Maurice Chachia also on the committee.

The amount asked for by the Y this year is \$20,796. This includes \$6,500 for necessary improvements, \$1,800 for girls' work, \$2,750 for the physical department, \$5,265 for general administration, \$3,527 for maintaining the building, and \$3,980 for carrying on the Y. M. C. A. program, mortgage payments, contingent fund, etc. A total net income from membership fees, interest on endowment, dormitories, and stores brings the total sum to be raised by contributions to \$20,796.

The campaign opens October 25, with Dr. A. J. Tarr directing.

Troop 17 of the Girl Scouts held its first meeting in the Y. M. C. A. Wednesday evening, October 6, with 12 girls in attendance. Mrs. E. E. Jackson is captain of the Troop and Miss Connie Kenney, lieutenant. The girls plan to meet regularly on Wednesday evenings at the Y.

The Board of Directors of the Geneva Y. M. C. A. have extended

a cordial invitation to the newly organized Columbian Squires to utilize the facilities of the Y as they may wish.

## Fish Baked in Vegetables

Spread a stuffing of 2 cups soft bread crumbs, 1 teaspoon salt, 2 tablespoons scraped onion, 1 tablespoon minced parsley, juice and rind of 1 lemon,  $\frac{1}{4}$  cup melted butter between two 1-inch thick halibut steaks (about 4 pounds fish). Cover with two 10 $\frac{1}{2}$ -ounce cans condensed vegetable soup. Bake in moderate oven (350°) about 30 minutes in greased oven-proof platter, or on parchment paper or cheesecloth in greased pan if fish must be removed to serve.

L. A., Lafayette Ave.

## One Piece Meal

6 medium sized potatoes  
4 medium sized onions  
1 cup cooked rice  
1 lb. round steak ground or hamburger  
1 quart of tomatoes  
Salt and pepper

Grease baking dish, slice potatoes about  $\frac{1}{4}$  inch thick in bottom, salt and pepper, slice onions very thin on potatoes, scatter cooked rice over onions, salt and pepper lightly, place meat over rice and pour tomatoes over all, salt and pepper. Bake in hot oven (400° F.) for 1 $\frac{1}{2}$  hours.

Mrs. H. C. McD., Romulus, N. Y.

## Apple Sauce Cake

$\frac{1}{2}$  cup butter  
1 cup sugar  
1 egg  
1 $\frac{1}{2}$  cups sweetened apple sauce  
3 cups flour  
1 $\frac{1}{2}$  teaspoons soda  
 $\frac{1}{2}$  teaspoon cinnamon  
 $\frac{1}{2}$  teaspoon cloves  
 $\frac{1}{2}$  teaspoon nutmeg  
 $\frac{1}{2}$  teaspoon salt  
1 cup raisins  
 $\frac{1}{2}$  cup citron  
 $\frac{1}{2}$  cup nutmeats (chopped)

Cream the butter and sugar until smooth, add the egg and mix thoroughly. Alternate the apple sauce with 2 cups of flour which has been sifted with the soda, spices, and salt. Stir in the fruit and nutmeats dredged in the remaining cupful of flour. Mix all thoroughly and place in a greased and floured shallow loaf pan. Bake in a moderate oven (225 to 250 degrees). Cool and serve plain or iced as desired. Keeps deliciously moist and is much like fruit cake.

## RADIO FLASHES

by Ralph Le Brun

A series of Sunday afternoon concerts of Negro spirituals sung by the celebrated Tuskegee Institute Choir is being presented over NBC-WEAF each Sunday at 1:30 p.m. The choir, 100 Negro boys and girls who are one of the highest trained groups of choristers in the world today, is heard in specially arranged programs of spirituals. The programs are broadcast from the chapel of the Tuskegee Institute, Tuskegee, Ala., which was founded in 1881 for the vocational education of underprivileged Negro children in the South by Booker T. Washington, noted Negro educator.

With the coming of winter short wave reception is improving on the 9 and 11 megacycle bands. A little later the 6 mcs. band will show marked improvement. By that time reception on the 15 and 18 mcs. bands will be dead until late spring.

Says Tony Wons, in CBS Tony Wons "Scrapbook" series: "You've heard the old-time copy book expression 'Jack of All Trades, Master of None.' It might lead you to believe that you cannot be proficient in anything if you learn too many things. I don't believe it. I believe that if you give every minute of your time to only one kind of work, you're likely to become stagnant, bored. To quit your chosen work for a time and devote your mind and energies to something entirely different is healthful to the mind and body."

When Betty Lou Barry came to Hollywood from New York, the trip didn't cost a cent. In fact, she is probably the only radio star who ever journeyed across the continent with somebody paying the bill. It cost something for even Charlie McCarthy to get to town because he occupies a whole suitcase, but Betty Lou only exists in the voice of Tommy Riggs,

### Y. M. C. A. NOTES

"Where I Hang Out" is the title of a four-page folder issued by the Geneva Y. M. C. A. in connection with its financial campaign which opens on Monday, October 25. In the words of a 12-year-old boy, the reader is told of the various activities of the Y. M. C. A. and of the purpose for which funds are sought at this time. A total of \$6,500 is wanted to make necessary improvements around the pool, in the gymnasium, and in the dining room, in addition to the regular operating budget of approximately \$14,000.

It is estimated that it costs the State of New York about \$550 a year to maintain a man in prison, and about \$56 a year to keep a man on parole. It costs in the neighborhood of \$10 a year for each boy and girl who uses the facilities of the Y. M. C. A. in Geneva. Police authorities are unanimous in their praise of the Y. M. C. A. and similar character-building agencies as influences which direct youngsters and their older brothers and sisters into useful lines of endeavor.

Interest in all departments of the Y. M. C. A., and especially in the girls' department, took a sharp turn upwards following the campaign last year, and early registrations for clubs and activities this fall indicate even greater interest this year. It is the hope of those who are directing the fortunes of the Y. M. C. A. that with sufficient funds to put the equipment and the building into first-class shape, a very marked increase in memberships will result, which will go a long way toward carrying the necessary operating costs of the Y in the future.

### Modern Lincoln

"I read Winchell's column aloud just to annoy the neighbors. There's a fellow, that Winchell—a second Abraham Lincoln."

"What do you mean, a second Abraham Lincoln?"

"He's for the peep-hole, by the peep-hole and through the peep-hole!"

## RADIO FLASHES

(Continued from page 5)

Ruth Cornwall, author of the Death Valley series,  
one of NBC's oldest dramatic features, has a clipping  
from a Barstow, Cal. paper, bristling with the nomen-  
clature of that region. It reads: "Bill Jarrett worked  
for six weeks on the graveyard shift for the Corpse  
Mining Co. in the Coffin mine located in Dead Man's  
Canyon in the Funeral Range at the edge of Death  
Valley. Bill leaves next week for a prospecting trip  
to the Devil's Play-Ground in Hell's Half Acre."

The third in a series of weekly recitals of semi-  
classic and popular songs being given by Miss Mary

Gilbert, of Geneva, will be heard over Station WMBO,  
Auburn, on Tuesday, Oct. 26, from 4 to 4:15 p.m.  
Miss Gilbert, talented young daughter of Mr. and  
Mrs. S. A. Gilbert, 128 Nursery Avenue, Geneva, has  
won much acclaim for her well-trained voice during  
her many appearances at entertainments in Geneva.  
Due to the fact that her voice is so well-suited to radio  
broadcasting, it is felt that through this medium, she  
will greatly enlarge her circle of admirers. Everyone  
who appreciates good music will be sure to enjoy the  
songs of Miss Gilbert, as broadcast over Station  
WMBO. Her accompanist is Mrs. V. V. Rogers, who  
is also well-known in this vicinity for her exception-  
ally fine work in the musical field. Station WMBO is  
operated on 1310 kilocycles.

**WAR ON PIRACY—**

War has been declared upon illegal fishing in Finger Lakes waters. First offensive of the State Conservation Department was in Cayuga Lake, where 15 wardens manning seven boats operated under direction of Inspector Charles Sandway of Rochester. More than 80 nets, seines and traps were burned. The piracy fight will be continued until nets are banished from the lakes, so that fish resources may be maintained for the rod and line angler.

"The possession of money does not stop worry about money. The most carefree individual in the world is the tramp without a cent in his pocket."

"Don't take a body's word for how much a thing is worth. Set your own price and if you want to sell, ask it; and if you're buying, pay it."

"America's future will be safe if the men who make the wars have to fight them."

"To be cured of your longing you need only obtain what you wished for."

## NEEDLEWORK GUILD COLLECTION, NOV. 16

Contributed by Kate Ellis Truslow

Mrs. Henry Maxwell, chairman  
of the Needlework Guild of Amer-  
ica, has announced the annual col-  
lection of garments will take place  
on Tuesday, Nov. 16, at the First  
Presbyterian Church.

Members of the Guild are asked  
to at once take their contributions  
to the head of their unit. Direc-  
toresses are urged to bring their  
Units' contributions to the Church  
on Tuesday morning, at 9 a.m.,  
Nov. 16.

The officers of the Guild plan to  
serve tea at 3 o'clock that afternoon  
when the splendid piles of gar-  
ments will be on display. These  
articles are to be used entirely for  
those in need here in Geneva. The  
general public is cordially invited  
to come to this exhibit next Tues-  
day afternoon.

There are more than 67 units in  
the Guild—each unit representing  
eleven women. This means that  
1500 garments will be given this  
year. These garments purchased in  
our Geneva shops not only help our  
merchants, but most decidedly help  
Geneva's needy families. Only gifts  
of NEW garments, household lin-  
en and blankets are requested. The  
garments are needed in all sizes,  
young men, women, children and  
infants.

We hope that the needs of the  
growing boy will not be overlook-  
ed, active boys, who are so hard  
on their clothes, but who take a  
shy and touching pride in looking  
neat and well clothed, although  
they would rather die than admit  
it. They need something for Sun-  
day School and Church wear —  
most of them belong to our Geneva  
churches. Some girls, too, need  
things, but they are more apt to  
have things given them than the  
“kid” brother with the bass voice  
and the cowlick!

Perhaps, as the mother of sons,  
my heart goes out to all boys espe-  
cially! At least I feel I understand

### Cry Baby

A bricklayer was working on a scaffold when suddenly a brick slipped from his hand and dropped on to the head of a workman, who was mixing mortar below.

The unfortunate man started dancing about and groaning. The bricklayer stared down, contempt in his eyes.

"Come, come!" he yelled at last. "It can't have hurt as much as that, man. Why, it wasn't on your head half a second!"

is heard  
over the  
Columbia  
network,  
each Sunday,  
at  
2:30 P.M.

The opening ceremonies of the special session of Congress to convene in Washington, Monday, will be broadcast from noon until approximately 1:00 P.M. over the NBC-Blue network.

Convinced that the radio audience makes its own stars, Horace Heidt and his Brigadiers will present an unknown performer each week on their Columbia network program, Mondays, at 8 P.M. This innovation will be entitled "Can You Pick A Star?" and will bring to the listeners, talent auditioned and coached by the versatile band maestro. The response of the air audience will be the determining factor as to the professional future of each performer with the Heidt aggregation.

NBC microphones, which have picked up broadcasts from submarines under water and balloons in the stratosphere, now are in the hands of expeditions

which simultaneously are penetrating the icy waters of the Arctic and the steamy fastness of South American jungles. The McGregor expedition to the North Pole is studying, among other things, meteorological conditions, and has twice thus far been heard over NBC networks from its winter camp 600 miles from the North Pole. There will be broadcasts at intervals of one month or less, giving the radio audience a complete word picture of an expedition to the North Pole. The Holden Expedition to the Amazon jungles is investigating diseases and drugs of the primitives. This is the first jungle expedition to be equipped to broadcast over NBC from the heart of the jungle.

their inarticulate longing to conform—and during the adolescent period there comes a shyness and self-consciousness. Boys from 11 to 13 I have particularly in mind.

One of the glorious things about this work is that there is no red tape. When the officers hear of a need, help is quietly and speedily given.

Before going to do your Needlework Guild shopping say a little prayer that you may be given a tender and understanding heart. Visualize in your mind the young mother and her baby and her needs; think of our shabby, cold, little school children in need of warm caps and mittens, scarfs and dry stockings and warm coats and underwear; think of our Geneva tubercular patients at Oakmont and the Preventorium—they need warmth and comfort and love; think of the needs of our Geneva General Hospital; think of our school and city nurses continually waging a battle against poverty and need.

Think of . . . , but need I continue? Haven't I pointed the way? Remember the date, Nov. 16 — Tuesday — Will you join?

## Tit for Tat

A clergyman who was getting his hair cut came to himself with a start. "Finished, eh?" he said.

"Yes, sir," said the barber. "I finished some time ago."

"Then I must have been indulg-

ing in a nap. It was very kind of you not to wake me. The rest has done me good, and I am grateful to you for what was quite a refreshing sleep."

"Don't mention it, sir," responded the barber. "It's only a fair return. I attended your church last Sunday."

Shop Early for Xmas

### "SHOP EARLY" DAYS

At a meeting of the Retail Merchants' Division of the Geneva Chamber of Commerce, held early last week, a movement was launched to bring about a concerted effort to promote early Christmas shopping in Geneva.

To this end, Friday and Saturday, Dec. 3 and 4, have been designated as "Shop Early" Days, at which time it is planned to have the early shopping idea get under way in real earnest.

While Christmas merchandise is already being displayed by stores in some lines of business, it is planned to have stocks complete, stores decorated and everything in shape so that, no matter what the desires or tastes of the shoppers may be, they will find just what they are seeking on display in Geneva stores by the days mentioned.

William Cobb, A. L. Snook, and J. F. Hobbins are acting with Chamber of Commerce Secretary Lee Taylor, as a Christmas publicity committee, and another committee, composed of S. A. Gilbert, C. D. Smith and Sidney Selman, are acting with W. A. Gracey, chairman of the City Park Board, on arranging holiday decorations for the business area. Merchants are also planning to put forth a greater effort than ever before on store front and window decorations.

In addition to other arrangements being made, the Geneva

### "Made Up" Their Veins

Within living memory fashionable French women "made up" their veins with a blue paint to enhance the whiteness and transparency of their skin; Japanese women perfumed their hair by sleeping on a wooden headrest in which incense was burned; and American women wore such long trains that they could not dance unless they brought their maids to carry the unwieldy extension around the ballroom floor.—*Collier's Weekly*.

Bruzee and Bolin Music House are to sponsor, in co-operation with the Retail Merchants' Division, a broadcast of Christmas music. A public address system is to be set up on top of the Dorchester & Rose block in the center of the business section and from there you will hear "Adeste Fideles", "Hark the Herald Angels Sing", "Oh Little Town of Bethlehem" and others of your favorite Christmas selections. Tentative arrangements are for a program from 4 to 4:30 p.m., Friday afternoon, and 4 to 4:20 Saturday afternoon and 7 to 7:20 Saturday evening. See next week's "News" for definite announcements.

On Thursday, December 2, "The News" will issue a special "Shop Early" edition, which will cover not only our usual large distribution, but a considerable additional territory as well.

With our issue of Dec. 2 each copy—delivered on all routes covered by our own carriers (that is, not sent by mail)—will contain an insert bearing a special Christmas message from the Merchants' Division.

## RADIO FLASHES

by Ralph Le Brun

**Basil Rathbone**, "dyed in the wool" movie villian, will step out of that character into his own on Feg Murray's "Seeing Stars" program on NBC-WHAM, Sunday, at 7:30 P.M. Rathbone's hue and cry against the movie studios is that they never let him play a sympathetic part.

That's why he says he prefers radio where his true character may be aired. Feg Murray will dramatize fascinating phases of Rathbone's life. The actor will then be called to the microphone to complete his ether etching himself. The Bakers' Broadcast also features the singing of Harriet Hilliard and Ozzie Nelson's orchestra.

The story of Thanksgiving from the Pilgrim days in which its ideals were founded will be told in melody when Victor Bay directs his "Essays in Music" program over the Columbia network, Thursday, at 10:30 p.m. After an appropriate introduction based on the Largo movement from Dvorak's "From the New World" symphony, pictures of Indian life and the arrival of the Puritans will be drawn with two MacDowell compositions, "From an Indian Lodge", and "A. D. 1620". Then the early victory of the Indians over the Pilgrims will be symbolized with Skilton's "Indian War Dance", to be followed by a contrasting description of the first harvest and the establishment of peace with the Indians in "Old Hundredth", from the Ainsworth Psalm Book, 1612.

On Friday, at 11 a.m., the Magazine of the Air will present Angelo Patri, noted child authority, who will give advice to parents, as guest of the day. The usual

members of the cast, Frank Cromit, Julia Sanderson, Bill Adams, food editor; B. A. Rolfe's Orchestra, are on hand in addition to another episode of "Carol Kennedy's Romance".

On Saturday, at 1:15 p.m., over the Columbia network, Ted Husing will give a play-by-play description of the annual football game from the Municipal Stadium in Philadelphia between the Cadets of West Point and the Middies of Annapolis.

A new musical comedy series which will star Harry Conn, well-known comic artist, with a supporting cast of 40 and Mark Warnow's Orchestra, will be given when "Earaches of 1938" is broadcast over the Columbia network, Sunday, at 8:30 p.m. Conn turns his talents to radio for the first time as a featured performer in the unique position of a comedian who writes and tells his own jokes. Vaudeville audiences for seventeen years applauded his drollery as vehemently as radio audiences have been laughing at the humor he has put in the mouths of today's leading network stars. Since his last appearance as a tap dancer and comedian in 1922 on the Pantages circuit, Conn has been writing funny lines for radio's funniest personalities.

A prophet that has to say "I told you so" after every verification of his prophecy is without honor in his own country.

Safe driving will permit the sending of the ever-welcome message. "Arrived safely after pleasant trip."

Friday and Saturday, Dec. 3 and  
4, are "Shop Early" Days in Ge-  
neva.

The Merchants' Division of the  
Geneva Chamber of Commerce . . .  
through whose sponsorship the  
early shopping campaign is being  
conducted . . . is extending an  
invitation to the shoppers of this  
area to visit the stores of Geneva  
on the above days and take advan-  
tage of the complete stocks of  
Christmas merchandise now on dis-  
play.

It is to the advantage of shop-  
pers, as well as merchants, to co-  
operate in an early buying plan,  
as it provides the gift buyer with  
selections from complete stocks  
and eases up on the store employees  
by eliminating some of the last-  
minute rush.

Christmas decoration of store  
fronts was started during the past  
week and the City Park Board  
plans to have street decorations  
completed so that by Friday and  
Saturday the downtown section of

**BOLIN MUSIC HOUSE****Charm of Christmas**

The chief charm of Christmas is its simplicity. It is a festival that appeals to everyone, because everyone can understand it. A genuine fellowship pervades our common life—a fellowship whose source is our common share in the gift of the world's greatest Life which was given to the whole world.

**"Mailing Early"**

The first reference to "mail early" in the Post Office department files is in November, 1913. This was at the time the parcel post was established. Sending packages overseas during the World War emphasized the idea, and succeeding years have found mailed packages more evenly distributed over the weeks before Christmas.

**Paint Brightens Toys**

In the basement or the attic many of us will find old toys the children

have discarded. Christmas is almost here and much joy can be brought into the lives of less fortunate youngsters if we get out these toys, give them a coat of gayly colored enamel and distribute them ourselves or turn them over to a social agency to be handed out to needy youngsters on St. Nick's day.

## 3 Things MAKE A WASHER *Fast*

### ① The Shape of the Tub —

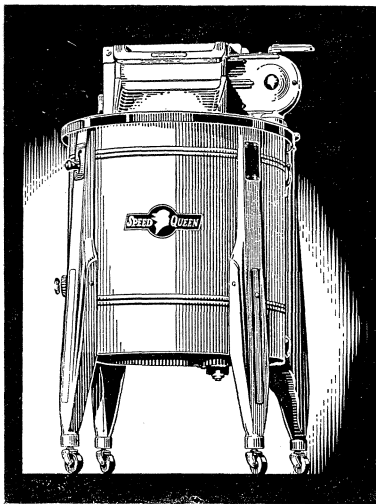

Just as eggs beat faster in a round  
mixing bowl—so a washer washes  
faster in a Bowl-Shaped Tub.

### ② The type of agitator—

The so-called submerged type agi-  
tator oscillating about 56 strokes a  
minute has been proved the most  
efficient.

### ③ The temperature of the water—

Everybody knows that hot water re-  
moves dirt faster. Therefore, a tub  
should be insulated with DOUBLE  
WALLS to keep the water hot  
through a whole washing.

The Speed Queen is the only washer that  
gives you all three of these requirements  
for fast, efficient washing.

## First Christmas Carol When Christ Was Born

Christmas is the time when men are drawn together in a great unity. Much of this may be attributed to our response to familiar songs, sung year after year to commemorate the advent of a little Child on earth. The first Christmas carol ever heard, we like to believe, came over the field of Bethlehem, when Christ was born—"Glory be to God on high, and on earth, peace, good will toward men."

But it was 1,200 years later that St. Francis of Assisi and his brothers took up the singing in public of carols at Christmas to combat the unbelief of their time. With lighted tapers they went about the streets of the small Italian village pouring out their hearts in songs of praise. In the 800 years since then the singing of Christmas carols has gone around the world. Wherever Christianity is known carol singing follows.

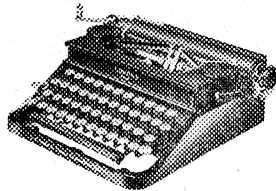

The simple vision of a mother lulling her babe to sleep gives Christmas music its strength. Some sing as a tribute to their religious faith, others as a custom they enjoy. But whatever the reason, the important thing is that more and more people do it. From such widely different sources as churches, theaters, schools, clubs, radio stations, come the words of "Away in a Manger," "Silent Night," "Joy to the World," "Little Town of Bethlehem," "Hark the Herald Angels Sing," and "Come All Ye Faithful," sung by soloists, choirs, choruses or the voices of school children. So each year new joy is expressed through old channels. —Frances Grinstead.

announcement by the Auditions Committee. The program heard over NBC-WHAM, on Sundays, at 5 p.m., is sponsored by the Sherwin-Williams Paint Co.

Presenting another series of tests and experiments in mental telepathy under the supervision of several of America's leading university scientists, the "Zenith Foundation" will begin weekly broadcasts over the Columbia network, Sunday, at 10 p.m. Conceived and founded by Commander E. F. McDonald, Jr., president of the Zenith Radio Corp., the programs are designated to determine whether telepathy as an extra-sensory power exists and if so, to learn what such powers of the human mind are, how common they may be, to what extent they may be cultivated, and how they function.

Dick Powell, motion picture star, and Rosemary Lane, recently featured with him in the picture, "Varsity Show," will be co-starred in the new Warner Brothers produced program, "Your Hollywood Parade", beginning a 52 week series over the NBC-Red network, on Wednesday, Dec. 8. With Powell as master of ceremonies and central star, and all the talent resources of Warner Bros. Pictures, Inc. behind it, the new show is designed to provide a panoramic radio view of activities in the movie capital.

On the Columbia network—The problems and methods of the Royal Canadian Mounted Police will be explained by Commissioner Sir James MacBrien on the "Fighting Crime" broadcast Saturday, at 6:45 p.m. . . . Lawrence Tibbett, baritone, appears as guest soloist with the Ford Symphony Orchestra and Chorus, Sunday, at 9 p.m. . . . ## Profit After Death

There was a time when the material profits of great artistry in the field of song ceased when the singer passed away. Then there were no such things as phonograph records to perpetuate the voice of a Jenny Lind, or Adeline Patti. The voice became a memory, and those who remembered it, soon became but a memory as well. But about the time when Enrico Caruso was at the height of his popularity, the discs were one of the most popular forms of entertainment, and even today, years after his death, the royalties from the sale of the records pay upwards of \$50,000 a year to his estate. Thus does the voice of a great artist not only continue to thrill and inspire thousands, but to pile up material profits for his heirs.—*Columbus Dispatch*.

To make flattery effective you must be somewhat insincere; for example, tell a homely girl that she's pretty.

This week

the Varsity Show.

Captain Frederick Albert Cook, the American physician and explorer whose claim to the discovery of the North Pole on April 21, 1908, led to many years of controversy, will be among the guests of the "We, the People" broadcast over the Columbia network, Thursday, at 7:30 p.m. Others to be heard on this program include Miss Virginia Gardner, a reporter for the Chicago Tribune, whose stories exposing medical quacks resulted in twenty-two arrests; Frank Weidman, Jr., whose father, a policeman, was shot recently while apprehending criminals; and Dr. C. H. Hall, of Elkins, who performed an emergency operation on a motor accident victim, only to discover the patient was his own daughter.

"The King of Jazz", the world-renowned Paul Whiteman, will return to the Columbia network on December 31, for an extended series of popular music programs which will be heard every Friday night, at 8:30 p.m. In addition to the inimitable music provided by his orchestra of 26 stellar instrumentalists, America's foremost popular musical leader also will bring to the CBS airwaves each Friday a different star from stage and screen, many of whom Whiteman himself started on the road to fame as members of his musical ensemble. The first five programs of the series will originate in Hollywood while the Whiteman Orchestra fulfills an engagement at the famed Cocoanut (Continued on page 11)

## CHRISTMAS CAROLS and "SHOP EARLY" DAYS APPRECIATED

Many favorable comments were heard last Friday and Saturday, and have been heard since, regarding the rendering of Christmas Carols in the downtown section of the city in connection with "Shop Early" Days.

"Shop Early" Days inaugurated an early buying campaign here this year, so that Geneva will be more in line with other and larger communities in making an effort to spread Christmas buying out over a longer period. This gives buyers a better opportunity to make their selections and eases up materially on the sales people who are usually "rushed to death" with "last-minute" shopping.

Geneva merchants are being commended for their "Shop Early" idea and for letting the public know that our Geneva stores are well stocked with beautiful Christmas merchandise.

The Park Board is also being commended for co-operating with the merchants and having Christmas decorations up in time for the start of the Shop Early campaign.

While Geneva was a week or so later than some places in getting their Christmas campaign under way, with Christmas decorations, etc., the decorations were, nevertheless, up a little in advance of other years and are being greatly admired by the public.

"The Bethlehem of America"—Bethlehem, Pa., is this year spend-

ing \$25,000 for Christmas decorations, the rendering of Christmas Carols, and other promotional ideas. In Bethlehem, as in most other cities, the early shopping campaign is started immediately after Thanksgiving Day.

### A Happy Christmas

Unloving indeed must be the heart that cannot offer and respond to that universal greeting, for Christmas is the time beyond and above all others when we should forget differences and disagreements and quarrels. Serious though we may have hitherto thought them, shall we not put an end to them as the Yuletide greeting rings in our ears, "A Happy Christmas!"

We admire anyone who can use fine words if they are not beyond our comprehension.

## Christmas Carols

By Katherine Edelman

Warren Elmore was mad—angry through and through. For the first time in his business career he had had quarrel with his partner. Of course it had been all Peter's fault, but even that thought didn't help so very much. The old saying, "It takes two to make a quarrel" kept bothering him.

What was it that his wife had told him to get at Grant's? He asked himself the question as he entered the big department store. Hose for Muriel, that was it! Both Christmas shopping, anyway; why didn't Beverly tend to things herself?

As he walked down the crowded aisles, he was conscious of music from the balcony. An orchestra was up there playing Christmas carols. Warren Elmore forgot his peeve against the world; he hurried up and joined the happy crowd. His voice joined in "O Little Town of Bethlehem." It was followed by the glorious "Adeste Fideles." Then came "Silent Night." As its beautiful strains filled the store Warren Elmore was conscious that all anger was disappearing from his heart... He wanted to get back to the office, to slap old Peter on the back, and tell him they were

## Journey to Bethlehem Not Like Today's Travel

Accustomed to our swift and modern transportation, it is difficult to visualize the hardships of that journey from Nazareth to Bethlehem, or the great fatigue and weariness suffered by Mary and Joseph. Consternation filled their hearts at the decree of Caesar; yet there was nothing to do but obey the summons. They must make the long, tiresome journey, and at once!"

No shining motor car waited outside their gate; no silver-winged plane stood throbbing in a nearby field; not even the meanest ox-cart was available. While others rode by in gorgeous caravans, a patient little donkey was their only means of transportation. We can imagine the tall and bearded Joseph leading the animal along, glancing back every now and then with words of cheer and encouragement for Mary, or pointing out some landmark along the way.

Behind them now was the Sea of Galilee and Mt. Tabor. Through the plain of Estraleon they labored; then came the rough and uneven trail through Samaria, where even the sure-footed donkey stumbled at times. To the west, the Jordan ran its course, to empty farther south into the Dead sea. Along their way they passed many places whose names would be known and revered around the world in the dim future . . . Did Mary have a vision as she went by that one day the Son whom she was about to bear would go up and down this country preaching a new Gospel of love and peace and hope for man, and that His birth would be held in happy and blessed remembrance by all the peoples of the earth until time would be no more?—Katherine Edelman.

## Opportunities

In important affairs we ought not  
so much to apply ourselves to cre-  
ate opportunities as to make use  
of those which present themselves.  
(Bacon, on the contrary, said this,  
"A wise man will make more op-  
portunities than he finds." Perhaps  
he meant that a wise man cannot  
only find innumerable opportuni-  
ties, but also make them.)

### Slight Mixup

A man rushed into the newspaper office and demanded to see the editor. "Sir," he cried as he strode up and down the room, "your paper has libeled me. You have called me the lightweight champion."

"But that is true," returned the editor. "You are Mr. Fightwell, aren't you?"

"Yes, yes," cried the other, "but it's my brother who is the boxer. I'm a coal merchant."

Work and thought never killed anyone. Forget mistakes, forget failures, forget everything except what you're going to do now, and do it! —William C. Durant, one-time motor executive.

### Try to Remember This

W. F., St. John's, Newfoundland, confesses that he is "often puzzled over the sequence of i and e in certain words," and asks for a rule.

The answer may be found in Tudor Jenk's rhyme:

When ei and ie both spell e,  
How can we tell which it shall be?

Here is a rule you may believe,  
That never, never will deceive  
And all such troubles will relieve,  
A simpler rule you can't perceive.

It is not made of many pieces  
To puzzle daughters, sons or nieces,  
Yet with it all the trouble ceases.

After C an E apply—

After other letters I.

## THE FUNNYBONE

### Irresistible

Customer: "I have come back to buy the car I was looking at yesterday."

Salesman: "Fine. Now tell me, what was the one dominating thing that made you buy this car?"

Customer: "My wife."—*Wall St. Journal.*

### Sounds Logical

"Daddy, are flies flies because they fly?"

"I suppose so."

"Are fleas fleas because they flee?"

"Sure, what of it?"

"Well, I told teacher the bees are bees because they be."

### Best of All

Three tailors who did business on the same street were bitter competitors. One day the first one hung up a new sign. It read—"The best tailor in town."

The second chap, not to be outdone, soon put one in his window which read—"The best tailor in the country."

The third tailor looked at the two signs and scratched his head. Shortly afterwards he placed the following notice above his door; it said—"The best tailor on the street."

### Nothing to 'Em

The chemist had had a scene with his wife, who finally broke down crying. Whereupon he ejaculated:

"Stop crying! Your tears have no effect on me. What are they? A small percentage of phosphorus salts, a little sodium chloride. All the rest—water. Bah!"

### With and Without

"Do you know dear," said Mrs. Dobson, "my husband says I look

10 years younger in this hat."

"Really!" replied Mrs. Hobson, "and how old are you?"

"Thirty."

"No, I mean without the hat."

### No Need for One

Judge (as prisoner about to give evidence on his own behalf is sworn): "Have you a lawyer to represent you?"

Prisoner: "No, sir. I am going to speak the truth."

### Sanctuary

"I read in a book that Apollo was chasing a nymph and she turned into a tree."

"He was lucky. Those I chase always turn into a night club or a restaurant."

## RADIO FLASHES

by Ralph Le Brun

**Boy Scout Week**, in commemoration of the twenty-eighth anniversary of Scouting in America, begins Sunday. President Roosevelt will greet by radio the 1,129,827 boys and their leaders on Monday at 6:45 p.m. James E. West and other Scout notables will speak.

Dr. Louis L. Snyder of the History Department of the College of the City of New York will discuss the arguments for and against the existence of telepathy on the Zenith Foundation program over the Columbia network, Sunday, at 10 p.m. Dr. Snyder will relate historical incidents which tend to indicate the existence of extra sensory perception.

Jascha Heifetz, violinist, will make his second appearance of the season on the Ford Sunday Evening Hour over the Columbia network, Sunday, at 9 p.m. With the Symphony Orchestra directed by Fritz Reiner, Heifetz is to play the Andante Cantabile and Rondo from Mozart's concerto in D major. Later in the program he will feature Anton Dvorak's "Humoresque" and Henri Wienawski's "Scherzo-Tran-telle".

Magnetic storms are blamed for the present erratic radio reception conditions. Similar conditions are pre-

dicted for February, when it is expected commercial short wave trans-atlantic telephone traffic will be again disrupted.

The life stories of men and women who have figured importantly in the nation's history will be presented in a new series of biographical dramatizations by NBC in cooperation with the New York University Hall of Fame. The series entitled "American Portraits" will be heard Saturdays over NBS Red, at 9:30 p.m. The first broadcast will be devoted to the life of Andrew Jackson, known to history as "Old Hickory", who served two terms as President of the United States from 1829 to 1837.

Wayne King and his orchestra have won an extended contract renewal over the Columbia network beginning Feb. 21. Thereafter the famed maestro will be heard Mondays at 10 p.m. King developed his unique style of musical presentation while he was a member of an orchestra playing in Chicago's Trianon Ballroom. The manager noticed his unusual technique on the saxophone and offered to supply him with an

It is practical and thrifty to plan your Spring wardrobe far ahead—before you do any mid-season buying. With the shops showing clothes to wear now and this Spring, you will do well to decide on the color of your Spring coat. A new hat now is an excellent tonic to a winter-weary wardrobe, but why not choose one which you can wear later, with your Spring coat? Keep this thought in mind, too, when you are shopping for dresses and together with your later selections for Spring you will have not only an extensive wardrobe but also, one which is practical and smart.

Good luck to the directors of the Geneva Chamber of Commerce in their efforts to have more efficient arrangements made for securing auto license plates in Geneva next year. More and more Genevans are each year going to Waterloo for their plates, due to the very limited service provided here by Ontario County officials.

The Government pays farmers for NOT raising pigs. Now they are buying up surplus apples and someone suggests they buy up a lot of used cars to make room for greater new car sales. So, we suggest that when the advertising business is bad the Government take a few pages of space in each of the papers and magazines throughout the country. We think this would be a fine idea. Think what a help that would be the weeks we don't sell enough space to anywhere near pay expenses. And if we could just get the government to take more and more space, so we wouldn't care whether anyone else took any, after a while we could sit back and get soft and lazy and enjoy (?) ourselves. But, we can't help wondering where all of the money is coming from.

Since running an article two weeks ago relative to an additional skating rink we find there is considerable interest being displayed. After receiving a letter last week

## *Palm Sunday Is 'Courting' Day In South Italy*

Palm Sunday, important in Christian observance of the Lenten season, is the day to court your sweetheart in Spezzano Albanese, Calabria. In this section of southern Italy bashful swains act much like they do on St. Valentine's day in this country.

Unattached young men and eligible bachelors are given the unusual opportunity of serenading their sweethearts in broad daylight, the custom being about 600 years old. Attired in finery, the youths assemble at the main piazza, carrying—instead of palms—bouquets of laurel blossoms.

They move in a procession, making the rounds of some 30 balconies, all of which are strewn with carnations and in which are girls garbed in picturesque pleated skirts and ruffled blouses. The young men sing their serenades and if their attentions are welcome they receive carnations

## HOUSEHOLD HINTS

Since the natural oils in leather slowly dry out and may cause it to crack and look parched, leather coverings on furniture should be treated occasionally to a slight dose of oil—neat's foot is excellent and inexpensive for this purpose. Be sure that it is well rubbed into the pores of the leather, and then polish the surface with a clean cloth.

Wash the broiler rack of your stove in plenty of hot soapy water—just as you would wash any other cooking utensils. Dry it carefully before replacing it. You will then have a broiler that will continuously look like new.

Store lemons in a covered jar in the refrigerator. That will prevent withering and shrinkage.

- 4 cups of cooked spinach
- ⅓ cup of butter
- ¾ teaspoon of salt
- 1½ cups of white sauce
- 3 hard-cooked eggs, cut in sixths, lengthwise
- 2 cups of small boiled beets

## "Gleanings"

*From collection of quotations  
compiled by M. F. Devaney*

"Too much attention given to an unimportant man often gives him the feeling that he is important."

"If a man's eye is on the hope of luxury he is apt to be disappointed in life."

"Good intentions carry one only until courage and fortitude become necessities."

"The devil loves to get good men on the wrong side of public issues."

"It has always been true that ease and luxury are insidious enemies to be guarded against."

"Nothing is so good in many situations as to treat trouble as if it did not exist."

"Great successes are of slow growth. Those who go up like rockets usually come down like rocks."

"He who begins answering criticism with anger is beaten already."

"It will be found that he who would destroy the government is first to claim its protection when he is in a tight place."

The Magic Key of RCA program on Sunday, at 2 p.m. will be pretty much of a family affair with Mme. Marie Flagstad and her two daughters of operatic fame, Kirsten and Karen taking part. Mother Flagstad will be accompanist to her daughters. Frank Black conducting the Magic Key Orchestra, and Linton Wells, the Magic Key's roving reporter, will be heard as usual.

Joan Edwards, 19 year old niece of the famous Gus Edwards, will display her talent as rhythm singer and pianist, when she appears as guest star on Paul Whiteman's program, Friday, at 8:30 p.m., over the Columbia network. Also guest starring on this program will be Jimmy Dorsey, a leader of one of the country's finest dance bands. Along with his equally famous brother Tommy, he was a member of the Whiteman band several years before stepping out on his own.

Gracie Allen and George Burns are going to have a new conductor. Beginning Monday, Jan Garber will direct the musical destinies of the weekly Burns and Allen program over the NBC-WEAF net, at 8 p.m. Garber made his professional debut as a violinist at the age of 14. He was a concert violinist with the Philadelphia Orchestra when the war interrupted his career. In 1919 he organized his first orchestra, later developing a band which featured his ability as a comedian.

Though Little Orphan Annie is usually regarded as ageless, once in a while she observes an anniversary just like any other child. One of these rare occasions was celebrated on Wednesday when she chalked up her seventh year on the NBC network. During her seven years on the network, Orphan Annie's adventures have taken her on a globe circling tour, a South Sea Island junket, and a coast to coast American trip which gave her and her youthful audience disguised doses of geography, history and philosophy. Little Orphan Annie is heard Mondays through Fridays over the NBC-WEAF network, at 5:45 p.m.

Two 26-year-old New Yorkers, John Carter and Leonard Warren, are the newest members of the

Metropolitan Opera Company by virtue of winning NBC's Metropolitan Opera Auditions of the Air. Edward Johnson, general manager of the Metropolitan Opera Association, who made the announcement of the winners, told the young singers that they had been selected for operatic careers from among 707 persons who were tried out during the 26 weeks of auditions. Mr. Johnson said that the quality of the talent in the auditions just concluded was the highest of the three auditions series.

"Have you ever regretted entering public life?"

"Never," answered Senator Sorghum. "I have served my country and it has proved reasonably liberal in tipping the waiter."

## HOUSEHOLD HINTS

Rust stains may be removed from porcelain by rubbing with a wet cloth and whiting, which is inexpensive and can be purchased at any paint shop. If the stain is stubborn, try rubbing it with lemon rind dipped in the whiting. Rinse and dry. Avoid using strong acids or harsh abrasive powders on porcelain to keep the glaze in perfect condition.

When hubby comes home early and wants dinner in a hurry, cut the potatoes in small cubes, cover with hot water and boil. In about 10 minutes they will be tender and with either a cream sauce or just melted butter, salt and pepper, are ready to serve with the rest of the meal. It is usually this vegetable that holds up the hurried dinner.

Color scheme note: Try tinting your ice cubes with vegetable dyes. A spring salad, for instance, is delightful to look at and unusually crisp if it is set in a bowl of green ice cubes. Desserts may be worked out in the same way.

## AUTO SAFETY MEETING

A large turn out is expected at the public mass meeting to be held in the Geneva High School auditorium on Tuesday evening, April 26, opening an intensive traffic safety campaign in this city.

The principal speaker at the meeting will be Dr. Herbert J. Stack, director of the educational division of the National Conservation Bureau, New York City. Dr. Stack will bring educational moving pictures, exhibits and literature.

A committee representing a large number of Geneva organizations, headed by Chief of Police Morris as chairman, is sponsoring the meeting.

## Spongy

Hubby: "What are we having for dessert tonight, dear?"

Wife: "Sponge cake. I sponged the eggs from Mrs. Brown, the flour from Mrs. Smith, and the milk from Mrs. Jones."

## No Place Like Home

"I've just had the most delightful holiday," said Jones. "No regular hours for meals. No extra charge for baths. As much as you want of food, with plenty of fresh fruit; no tips for waiters."

"Good gracious! Where did you go Jones?"

"Simple!" replied Jones. "I just stayed at home."—*Providence Journal*.

## KNOW THYSELF

by Dr. George D. Greer

### HOW SHOULD WE MEET A HANDICAP?

THIS is a question that confronts many of us. Handicaps may be physical, mental or social. Here are three principles that will not fail to bring a measure of victory if they are used as weapons of assault against the handicap in question: (1) Stop moping about it! So long as one broods over his handicap the case is hopeless. Worry is the opiate of one's reasoning powers. When you worry about something you cannot do anything else about it. (2) Examine it! Take it apart. Is it real or imaginary? Did any one else ever have it? Just what can be done in spite of it? As you do what can be done, power comes to do more. (3) Get mad at it! Fight it! Laugh in its face! Beethoven, Pasteur, Steinmetz and Helen Keller rose to fame in spite of handicaps—or was it BECAUSE of them?

## Decorative Details Show Old Baroque Inspiration

Styles are going prettily feminine. There are lovely-lady effects to be seen in the many uses of flowers, in the full skirts that absorb endless yards of diaphanous sheers, with bodices that have their low décolletage garlanded with flowers. Daytime costumes are ornate with scrolls in ornamental baroque motif, perhaps done in quilting, perhaps in braiding. As to hats they are the pretty-pretty sort, many of them beflowered and beribboned and tilted coquettishly, and in many instances picturesquely tied under the chin.

The insulator on which the great tower rests is barely 20 inches in diameter at the base. ### It Served

Diner—But this menu is in French.

Waiter—Quite so, sir, but the prices are in English, and that's all most of our customers read, anyway.

"Could you help a poor man who has just left prison?"

"I didn't. I was only a lodger there."—*Stray Stories Magazine.*

### No Doubt About It

Father was sitting in the arm-chair one evening when his little son came in and showed him a new penknife which he said he had found in the street.

"Are you sure it was lost?" inquired the father.

"Of course it was lost! I saw the man looking for it!" replied the youngster.—*Royal Arcanum Bulletin.*

### Should Have Expected It

Hoping to get a rise out of the farmer hoeing in a field by the road, a city smartee called:

"Hey, Rube, did you see a wagon-load of monkeys go by here?"

"No," replied the farmer. "Did you fall off?"

A violinist was very much disappointed with the account of his recital printed in the paper of a small town.

"I told you three times," complained the musician to the owner of the paper, "that the instrument was a genuine Stradivarius, and in this story there was not a word about it, not a word."

"That is as it should be. When the Stradivarius company advertise their fiddles in my paper you can come around and tell me about it."

## AMATEUR CONTEST

In this issue of "The News" will be found an entry coupon for the convenience of those who wish to enter the Amateur Contest to be staged in connection with the Geneva Merchants and Industrial Exposition at the State Armory Wednesday, Thursday, Friday and Saturday, March 22 to 25.

Plans call for a contest on each of the four evenings. Participants will be judged the first three evenings for eligibility to enter the finals on Saturday evening and an opportunity to try for the four cash prizes that are offered.

Entries are limited to the territorial limits of the Geneva Kiwanis Club, sponsors of the Exposition, which are Geneva City and a radius of ten miles around Geneva.

## NEW FRIGIDAIRE AND EASY WASHERS NOW BEING SHOWN

This week the Easy Washer Shop, 471 Exchange Street, known as "Geneva's Oldest Appliance Store", has placed on its sales floor a complete line of the new 1939 Frigidaires.

This year Frigidaire presents what is called "The World's First 'Cold-Wall' Refrigerator". This entirely new principle in refrigerator construction, it is said, saves food's vital juices from drying out—preserves flavor, color, nourishment—amazingly longer. Fresh fruits and vegetables, even when kept on the open shelves, do not lose their attractiveness through wilting, shrinkage or changing color. Left over meats, peas, beans, oatmeal, even mashed potatoes — stay as fresh and delicious as when first prepared! And you don't even have to cover them . . . because, with the new "Cold-Wall" principle, food is not dried out by moisture-robbing air currents.

Frigidaire also has, exclusively, the "Meter-Miser", said to be the simplest refrigerating mechanism ever built and this is backed by the manufacturers with a 5-year protection plan.

The Easy Washer Shop is also now showing the 1939 models of the well-known "Easy" Washers. Only "Easy" offers a choice of washing actions—with three distinctive and exclusive types of construction. Each individual "Easy" method—be it Spiralator, Vacuum Cup, or Rubber-tected Turbolator (now offered for the first time in moderate-priced Washers)—has its own individual advantages—each has patented features found in no other Washer.

The Easy Washer Shop is owned and operated by V. E. AuClair, who maintains four trucks and employs several experienced men to properly serve the people of Geneva and vicinity in connection with his Refrigerator, Washer and Radio business.

## Something New

Two elderly men at a club were discussing the table manners of a new member.

"Well, what do you think of him?" asked one.

"Very remarkable," replied the other, thoughtfully, "I've heard soup gargled and syphoned, but, upon my word, that's the first time I've ever known it to be yodelled."

## WILL TEST TIRES FREE WITH X-RAY MACHINE

An amazing new X-Ray machine to test tires free has been installed at the Firestone Auto Supply & Service Store at Lake and Exchange Streets, according to J. H. Bindeman, manager.

The machine is in charge of a factory operator and will be at the local Firestone Service Store for one week only—thru Wednesday, March 8.

The inspection takes but a few minutes, as it is not necessary to remove tires from the wheels, nor the wheels from the car.

The X-Ray slides under the tire, a light switch is turned on and the wheel is slowly revolved. As the observer looks through the X-Ray eye-piece, he can detect even the smallest tack or sliver of glass that may be embedded in the tire. Such foreign matter is removed to prevent punctures and blowouts.

Nails and glass comprise the bulk of material found in tires, operators say, but fish hooks, parts of can openers, pieces of children's toys, a snap from a dog leash and pieces of bone have been found.

## Veils and Snoods

And again veils! What's more, this spring will see them arranged more fantastically than ever and in flattering colors to add to their lure. Shown here is a dusty-blue feather sailor with four dashing wings that whirl atop this cunning millinery confection. A veil in the identical blue, billows all over the hat and shoulders. That which is true of veils also applies to hairnets and snoods. Attached to the hat as a head-size regulator or to formal hats to add lure or as a complete head-covering for daytime wear the snood becomes a fashion item of utmost importance. This one for sportswear as shown below, has gold suede bowknots on heavy mesh.

## BOOK NOTES

contributed by  
 Geneva Free Library

*Things a Boy Can Do With Electricity* by Alfred Morgan. This book shows that experimenting with electricity can be done inexpensively and safely.

*Haverhill Herald* by Esther Greenaire Hall. This red-haired heroine undertakes to run a newspaper by herself when her father goes West for his health. She is editor, typesetter, proofreader, advertising manager, and reporter. Exciting, interesting, with a mystery, too.

*Mr. Popper's Penguins* by Richard Atwater, tells the story of a house painter who always wanted to be a polar explorer. A famous explorer sent him a penguin and then the fun began, especially after Greta, another penguin, came to keep Captain Cook company.

*Posey and the Pedler* by Maud Lindsay, is a story of the North Carolina mountains. It is a simple little story and Posey will win many friends for herself among the boys and girls who read about her.

*The Scarlet Oak* by Cornelia Meigs, tells the story of two English boys who come to America to live with their grandfather and meet with many adventures concerning Joseph Bonaparte who lives near them at Point Breeze.

## CLASSIFIED NOTES

"I sold the Gas Range the next morning after my classified ad appeared in The News"—Mr. A.

"I sold my auto Thursday night after advertising it in the classified columns of the News and also had several inquiries afterward."—Mr. R.

"We started getting inquiries about our house as soon as the ad appeared."—Mrs. H.

### The Millionaire

A millionaire is an individual having property or assets valued at \$1,000,000 and should be distinguished from an individual who has an income of \$1,000,000 a year on which he pays taxes. Generally speaking, an individual who has an income of \$100,000 a year or more is considered a millionaire, since this would probably mean that his property would be valued at \$1,000,000.

## SENECA STREET NOTES

Larrison's, 116 Seneca St., are showing a sensational new "remote-control" phonograph record player. This is a low-priced player, which requires no wires or connections to the radio. Its hard to believe, but you simply plug in on any electric light socket, anywhere in the house. The player will operate any radio, old or new, and brings the world of recorded music to the home at trifling cost.

See Larrison's ad featuring the low-priced Royale Cleaner.

Smith's Basement Shoe Department, H. E. Sabine, manager, are now showing many new styles of Spring Sport Shoes. (See their ad in this issue.)

The S. A. Gilbert Jewelry Store, which has been located on Seneca Street, since the fire at their Exchange Street store several weeks ago, has moved back to 510 Exchange Street, following extensive alterations and redecorating at that location. The rear of the store has been considerably enlarged.

### Getting Over It

Pat was being shown over a new  
house by the estate agent, who  
was, perhaps, a little more inclined  
to candor than some of his tribe.

"I think I must tell you," said  
the agent, "that there is one draw-  
back to this house. It is very close  
to the railway, and you may be  
disturbed at night by the trains.  
Still, I'm quite sure that after two  
or three days you'll get used to it  
and not notice it."

Pat thought for a moment, then  
said:

"Sure, an' ye needn't worry. Oi'll  
sleep at me brother's the first three  
nights."—Answers magazine.

Billy—Oh, just like Napoleon.

Mr. Jones—What do you mean?

Billy—I went down in history.

### Long Distance

Bobby—Do you see that fly over there on the roof?

Oliver—No, but I can hear the roof creak as he walks.

Guest—Say, ma'am, you didn't put any chicken in my chicken soup.

Waitress—That's right. And I didn't put any horse in the horse-radish, either.

### On His Way

Visitor—Am I headed right for the monkey cage?

Little Boy—Yes, sir, but you would stand a better chance if you had a tail.

### Too Late

Author—Well, sir, the upshot of it was that it took me 10 years to discover that I had absolutely no talent for writing literature.

Friend—You gave up?

Author—O, no; by that time I was too famous.—Valdosta Times.

Albert—Yes, the bullet struck my head, went careening into space and—

Annabelle—How terrible! Did they get it out?

### Soundly Sleeping

The doctor met Mrs. Brown on the street. "How is your husband now?" he asked. "Did you give him the sleeping potion?"

"Yes," she replied. "You told me to give him the amount I could get on a dime, but as I didn't have a dime, I used two nickels, and he's been asleep now for two days."—Houston Post.

## RADIO FLASHES

by Ralph Le Brun

**CBS NOTES . . .** On April 3, after 11 years on the air, the far-famed team of Amos'n'Andy will move to CBS and a network of 55 stations . . . Bob Hope, Martha Raye, Fannie Brice, Matty Malnick's Band, Manny Klein and his hot trumpet, George Murphy and Oscar Bradley's Orchestra, whoop it up in the double-barreled musical revue "Zazuza", burlesque on the motion picture "Zaza", as Screen Guild's radio attraction on Sunday at 7:30 P.M. . . . Raymond Paige recently won a \$10 wager from announcer Dan Seymour by rattling off names of the 99 men in his orchestra in 15 minutes . . . Ted Collins of the Kate Smith show has one of the two "machine-gun cameras" in the United States. Mounted on a regular gun-butt, it was made for taking shots of the Olympic Games.

**NBC NOTES . . .** Skinnay Ennis, conductor on Bob Hope's show, Tuesday nights is a busy man. In addition to his broadcasts, Skinnay plays nightly at a Beverly Hills rendezvous for movie stars, makes records for RCA Victor, and is at present in production on Columbia Pictures' forthcoming "Blondie Steps Out" . . . In the first 13 weeks that "Information Please" has been on the air under commercial sponsorship, more than 1,000,000 questions have been received . . . Loretta Lee, the blues singer, will be featured during the Magic Key program Sunday at 2 P.M. (WHAM) . . . Ruby Newman and his orchestra, now in their fourth successive year in the Rainbow Room atop the RCA Building in Radio City, are being heard from that spot over the NBC on Monday, Friday and Saturday evenings . . . There was a time when \$9 a week was a princely salary for Frank Black, NBC's General Music Counsel. That was when

## IT WAS IN 1928 . . .

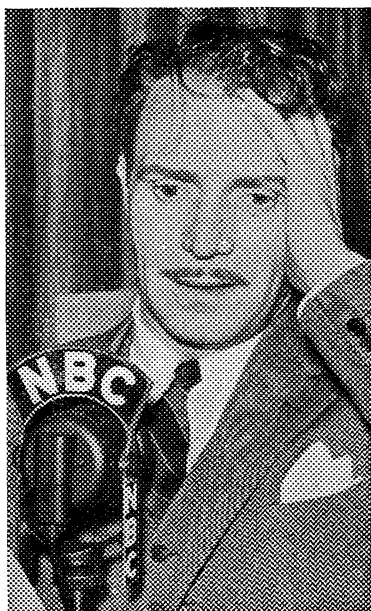

that I first advertised Radio Service  
In those days repairs were expensive,  
but not so today. For instance, tubes that  
then sold for \$3.30 to \$9.00, now sell at  
80¢ to \$1.50.

## Engagement Rings of Iron

Engagement rings were made of iron in early Roman days, the gold ring for the occasion being introduced in the Second century.

This is what a barrage of questions can do to Hanley Stafford, the harassed "daddy" to Baby Snooks. Their question and answer section is a feature of NBC's Good News of 1939 program, heard Thursdays at 9 P.M. over WHAM.

## BOOK NOTES

Contributed by the  
Geneva Free Library

*Reaching for the Stars* by Nora Walu, is an uncensored chronicle, indignant and compassionate, of her four years behind the Nazi barriars. The painstaking thoroughness with which this American woman writes of her experience in Germany carries a terrible conviction.

*Color Photography for the Amateur* by Keith Henney, is a practical book, telling how to make transparencies in color with Kodachrome, Dufaycolor, Finlay and Agfa color materials; how to make prints on paper by the Chromatone, Carbro, Wash-off Relief, and Colorstill processes; how to make separation negatives; how to make prints from Kodachrome and Dufaycolor.

*They Wanted to Live* by Cecil Roberts. The author takes one of the characters from "Victoria Four-Thirty" and sends him on his honeymoon to Paris. From there he and his fun-loving wife are plunged into the turmoil of the Nazi invasion of Vienna. The story is gripping in its intense emotion and tragic tension against a background of romantic frivolity.

*This Nettle Danger* by Phillip Gibbs, is the story of an American journalist who lived in England during the exciting, desperate days before the Peace of Munich. This is a timely novel of major importance.

Following are some of the new Western Stories recently purchased for the library: "Canyon of Death" by Peter Field; "Knights of the Range" by Zane Grey; "Marbelface" by Max Brand; "Gun Bulldogger" by Eugene Cunningham; "Rocky Bend" by Jackson Gregory; "Hopalong Cassidy Takes Cards" by Clarence E. Mulford; "Red Clark, 2-Gun Man" by Gordon Young.

## Day Ruined

Bridget: "Pat, my man, I'm going to die, and I want you to promise me one thing."

Pat: "Sure, Bridget, and I'll do that. What is it?"

Bridget: "I want you to have my mother in your carriage at the funeral."

Pat: "Well, Bridget, I promise, since it is your last wish; but I tell you it will spoil the day for me."

## Providing for Emergency

"Now," said the fussy woman, entering the taxi, "I wish you to be extremely careful. When you come to a crossing wait until the police tell you to go on; and if the streets are slippery drive very slowly."

"All right, ma'am," replied the driver, "and in case of an accident, which hospital would you like to be taken to?"—*Stray Stories Magazine.*

## Not Guilty

The inspector was examining the class.

"Who drove the Israelites out of Egypt? You," he said, pointing to a boy in the corner.

"Twasn't me, sir," replied the boy. "I only came back from the country last week."

## Encouraged Her a Lot

A little girl, on her first day at school, was found by one of the teachers in tears, says London Answers Magazine. "Why, dear," asked the sympathetic lady, "what's the matter?"

"They tell me," said the child between her sobs, "that I shall have to stay here until I'm 14."

Teacher patted her on the shoulder. "Cheer up," she said gently, "you're better off than I am. Just think, I have to stay here until I'm 65."

## No Way to Answer

Dan, hollering up pole: "Why don't you answer?"

Gip: "I did, I shook my head."

Dan: "Well, I couldn't hear it rattle all the way down here."

## Introductions

Patient in doctor's waiting room: "How do you do?"

Second patient: "Oh, so so. I'm aching from arthritis."

First patient: "Glad to meet you. I'm Rosenbaum from Chicago."

## Willing to Help

A Scotchman and his wife walked from their farm to the county fair, the wife laden down with a heavy lunch basket. Once arrived at the fair, he considerably turned to her and said:

"Ye'd better let me carry the basket now, Mary; we might get separated in the crowd."

## Expensive

Pat: "What is your charge for a funeral notice in yer paper?"

Editor: "Fifty cents an inch."

Pat: "Good heavens an' me poor brother was six feet tall."

### RADIO FLASHES

by Ralph Le Brun

**NBC NOTES** ... On April 30, the first regular high definition television service in the U. S. will be launched by NBC. The subject of the first program will be President Roosevelt, delivering the opening address at the New York World's Fair. (Television receivers, for use within 30 to 50 mile radius of the transmitter are selling for \$250 to \$1000. Kits for home construction are priced at about \$150) ... More than 1800 pipes ranging from quarter-inch tubes to giants so large that a child can crawl inside, are built into the mammoth concert organ in NBC's Hollywood studios. The organ, installed in a special "floating" studio, is considered the finest and largest broadcasting studio organ west of New York ... Al Pearce, NBC comedian started out as an insurance salesman. He was anything but a high-pressure go-getter. As he tapped at doors or timidly rang door bells, he often muttered to himself, "I hope there's nobody home today, I hope, I hope, I hope." From that experience he conceived the idea of Elmer Blurt, the character whose "I hope, I hope" has become a national catchline.

**CBS NOTES** ... Hal Kemp, celebrating a reunion, starts his new "Time to Shine" programs on Tuesday, at 10 p.m. The reunion is the return of The Smoothies, Babs, Charley and Little, in a featured vocal spot ... Kaltenborn lectures in Buffalo, Saturday night, then hops a plane to Chicago for his regular Sunday broadcast ... Paul Whiteman's car has traveled more than 10,000 miles, yet the speedometer correctly registers 2,000. Reason: Its trips to Fort Worth, Tampa and Chicago have all been by train. Pop Whiteman always ships it along but seldom bothers to drive it ... Bobby Gibson, Ben Bernie vocalist, has received several screen offers after making tests last month ... A new educational and entertaining game known as "Kate Smith's Own Game-America" has been placed on exhibition at the Hotel McAlpin Toy Fair this week ... Kay Kyser returned to CBS airplanes from the Hotel Pennsylvania, with a new schedule of three late-evening dance programs weekly. Kay has just waxed the Dixon-Warren tune "Tears in My Inkwell" for Brunswick.

**THIS and THAT**

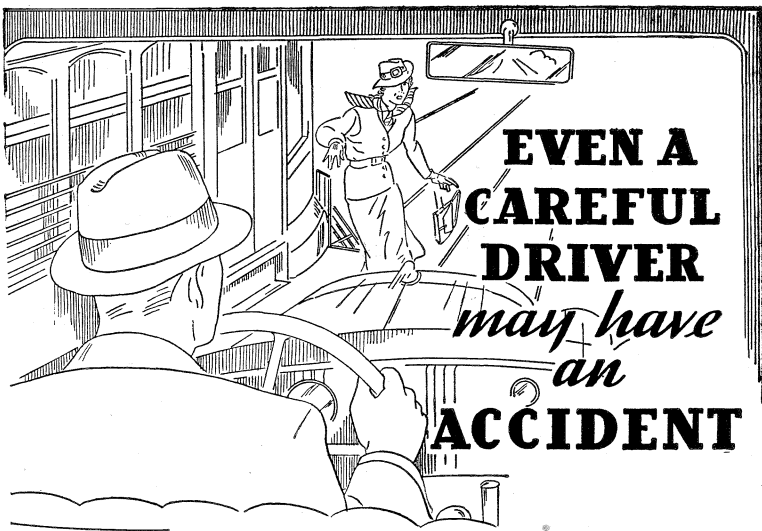

In a decision handed down by Supreme Court Justice William Love, last Saturday, the right of the City of Geneva to install parking meters was upheld. The decision denies the application of a taxpayer for a restraining injunction.

There will be no war—if people of good will, everywhere, will earnestly, sincerely, pray for peace—and "believe" that they have what they pray for. You don't believe this? Then you are not one of those to pray.

Referring to complaints that Genevans have no opportunity to vote on such vital decisions as daylight saving time, parking meters, concessions in Seneca Park, etc.—well, it's probably "consideration" on the part of our Common Council. They don't want us to be bothered every few days by having to run around and vote on this, that, and other things.

**ATTENTION, PARENTS!**

Group health examinations, under sponsorship of local P.T.A. units, for pre-school children are to be held next week, as follows: Cortland and High St. Schools—Tues., May 2; North St. School—Wed., May 3; Prospect Ave. School—Thurs., May 4, and Lewis St. School—Fri., May 5. Parents of pre-school children who have not been reached by their local "Round-up Committees" are asked to call Mrs. E. N. Harman, phone 2639, or Mrs. Rachel Palmer, phone 2279.
